

MAHISCO

This is the blackboard  
we are using to recreate  
the past school year.

Your fare is paid;  
The road is clear;  
Relive with us  
The past school year

The corridors are empty.  
The laughing, shouting students are heard no more, but behind every door there is that rhythmic motion of a city at work, hurrying, hurrying, hurrying. . . .

This was the Madison High School we knew and loved for four too-short years. Come, reminisce with us as we relive those years once more. . . .

We learned  
the crafts. . .

and skills of  
homemaking. . .

We explored

the mysteries

of science . . .

and  
we  
learned

the  
skills  
of  
business . . .

*We learned*

*to think*

*and to put*

*our thoughts  
to work...*

*We learned  
about our  
government*

*and  
what keeps*

*our  
nation strong . . .*

*Our language*

*seemed simple*

*compared  
to others...*

*There was time for work. . .*

*and time for play. . .*

*and time for. . .*

*Our years  
were full . . .  
but happy*

Our story is one of four years  
of happiness.

It is a story which we have  
just begun to tell and one we  
shall continue to tell as we  
proudly present. . . . .

Dear Readers,

It is with a feeling of great pride that we present the 1959 Mahisco.

Our purpose in this book has been threefold. First, we have attempted to present an authentic account of the 1958-59 school year; second, it has been our wish to preserve an enduring record of the graduating class of 1959; and third, we have endeavored to present a yearbook which will give many hours of wholesome enjoyment to our readers.

The story of the 1959 Mahisco began in September 1958, with the selection of our staff. Shortly thereafter, we launched our subscription and advertising campaigns. Since that time, we have struggled through hours of writing and editing copy, editing pictures, arranging page layouts, checking, rechecking, and rechecking again--and we have enjoyed every nerve-racking moment of it!

This is our product--your 1959 Mahisco. We sincerely hope that you enjoy it.

Respectfully yours,

## Superintendent's Message

"Kindness Is A Boomerang"

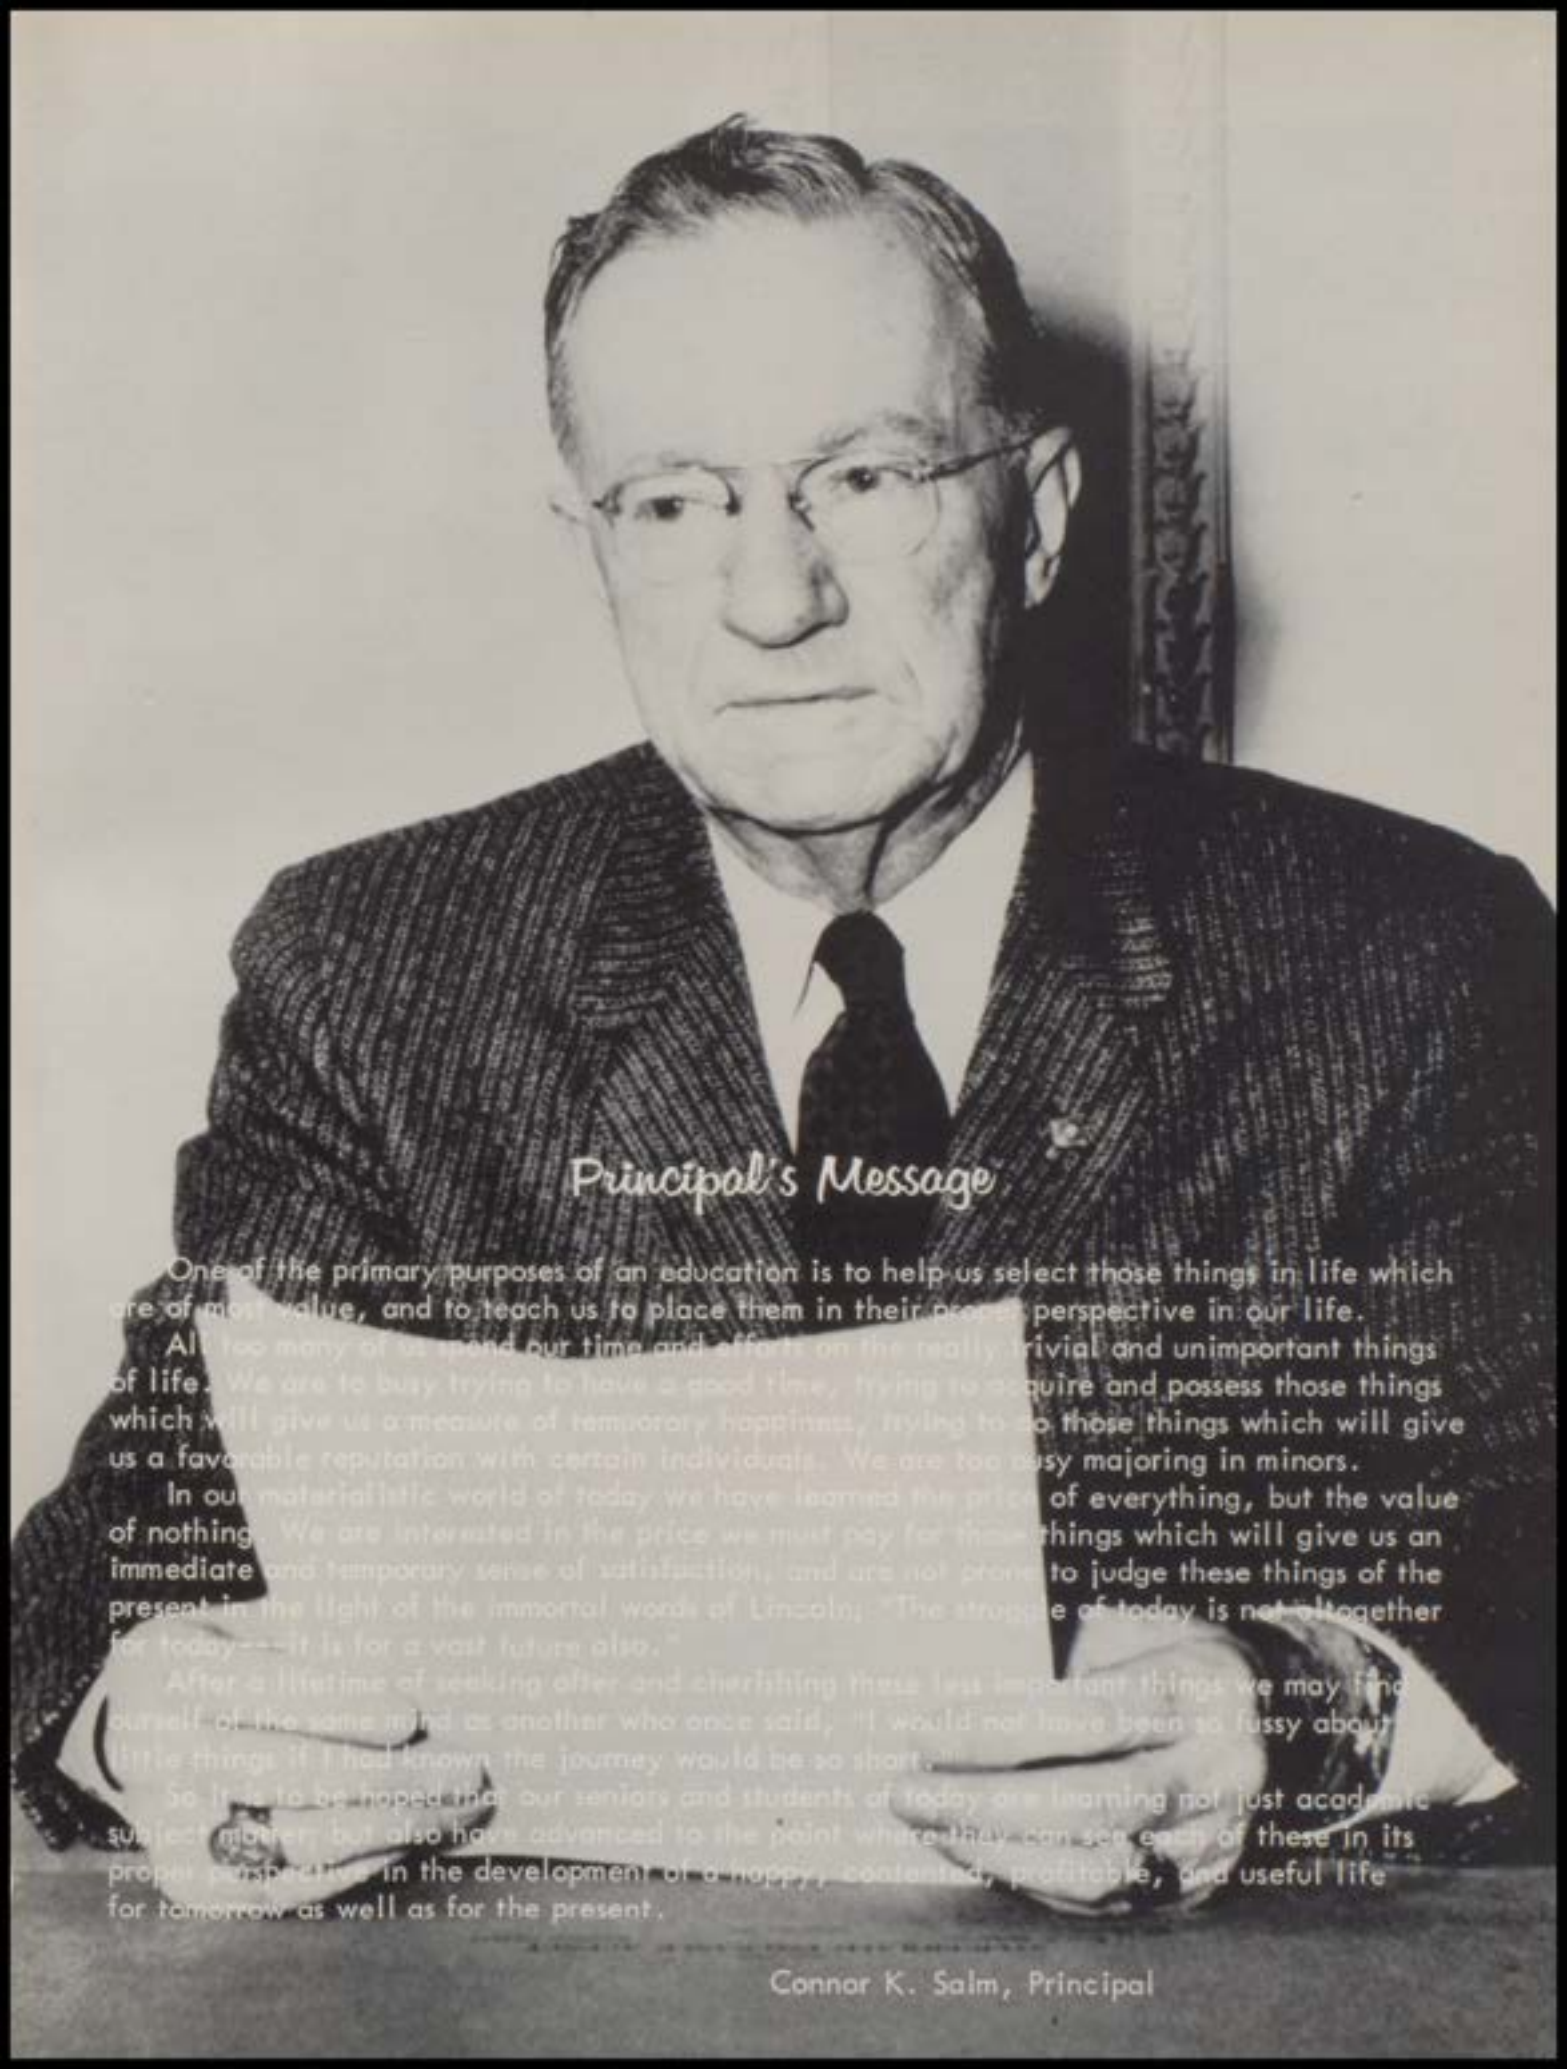

## Assistant Principal's Message

Since "people" play an important role in everyone's life, determining your method for maintaining the best relationships is very important. In the accomplishment of the above, the elimination of personal prejudices is of great help. Add to this the living of a full and satisfying life with many interests. Then follow with a genuine interest in people. The results of all this could lead to a well-rounded and satisfying existence.

Never forget the power of people--they can be your best friends and staunchest boosters or your worst enemies and degraders. Which category of the above is to be evidenced is up to you.

Because of his constant interest and sincerity, as well as his guidance program, Mr. Thom has helped many students with their problems, both great and small.

## Principal's Message

One of the primary purposes of an education is to help us select those things in life which are of most value, and to teach us to place them in their proper perspective in our life.

All too many of us spend our time and efforts on the really trivial and unimportant things of life. We are too busy trying to have a good time, trying to acquire and possess those things which will give us a measure of temporary happiness, trying to do those things which will give us a favorable reputation with certain individuals. We are too busy majoring in minors.

In our materialistic world of today we have learned the price of everything, but the value of nothing. We are interested in the price we must pay for those things which will give us an immediate and temporary sense of satisfaction, and are not prone to judge these things of the present in the light of the immortal words of Lincoln; "The struggle of today is not altogether for today--it is for a vast future also."

After a lifetime of seeking after and cherishing these less important things we may find ourself of the same mind as another who once said, "I would not have been so fussy about little things if I had known the journey would be so short."

So it is to be hoped that our seniors and students of today are learning not just academic subject matter, but also have advanced to the point where they can see each of these in its proper perspective in the development of a happy, contented, profitable, and useful life for tomorrow as well as for the present.

## Cubs - '59

The 1958-59 edition of the Madison Cubs, although barely beaten in the last seconds of an over-time by the Crispus Attucks at the Indianapolis semi-state, proved to be one of the best teams ever to represent Madison High School. Although edged by Attucks, it was generally conceded that had the Cubs overcome this barrier, they would have coasted to the State Championship. The team was beaten only once in regular season play by New Albany who went on to the state finals. The Cubs, led by senior guard Larry Shingleton and Buster Briley, earned the reputation of being a running team and of having a balanced scoring punch. This balanced scoring record was evidenced by the shooting of Lakeman, Sullivan, Firth, and Humes. Perry, Harsin Wallis, Joyce, and Gary were reliable substitutes who could be counted on to turn in fine performances.

# The Little Cubs

The '58-'59 second team, despite lack of height, compiled one of the most impressive records ever posted by a Madison second team. The Little Cubs, led by the consistent scoring of Phil Sherwood, surprised everyone by ending the season with a 15-2 record, losing only to New Albany and Aurora.

The four young players Bentz, Taylor, Kennett, and Sherwood proved to be a winning combination for Coach Ed Orrill who did a very fine job with these boys and gained the respect and admiration of every one of the team.

STUDENT MANAGERS: Sonny Walters and Snoot Goins.

LEFT TO RIGHT, KNEELING: Kenny Harrell, Marvin Reul, Ronnie Kennett, Jack Taylor, Hank Bentz, and Phil Sherwood. STANDING: Bob Snyder, Dave Demaree, Merle Nay, Bill Briley, Jim Stahl, and Ed Orrill.

The returning lettermen pictured on these pages formed the nucleus of a winning track team which had a very successful year. This was the teams' first year under the able coaching of Ed Orrill, who strengthened the Madison schedule and tightened the Cub practice and training rules. The team was strongest in the dashes, 440, hurdles, relays, and broad jump; and was relatively weak in the distances.

MILE RELAY: Dave Stewart, Hank Bentz, Phil Sherwood, and Harold Lakeman.

DASHES: Bill Harsin, Dave Armstrong, and Larry Shingleton.

# THANKS

Getting ads for the Mahisco has been a task, but at the same time, a pleasant one. We of the advertising staff who participated in this important part of our yearbook are most grateful to the many wonderful people who are interested in being a supporting part of the '59 Mahisco. Of course, time did not permit our contracting all the merchants, but we want to thank them nevertheless. We will pass the word along to next year's staff in order that these merchants may become firsts on their list of advertisers. The confidence and loyalty of our subscribers was an inspirational help when we became weary or discouraged. Our thanks to each of them. Mr. Ward Poor was the photographer for the Mahisco. There are many descriptive words to suitably describe Mr. Poor, but when one is allowed to work with him, some of these words become a reality in the most positive form of patience, guidance, co-operation, and an earnest desire to please. We believe he was trying to tell us that in order to succeed one must never give up. We are grateful to Mr. Gary Spivey, the editor-in-chief of the '58 Mahisco, who kindly advised and suggested ways and means that would benefit this year's staff and publication. May we in turn respond as generously to next year's staff.
