**Above Right:** Cassie Hecox steps in for her brother, Mr. Cub 2009, Chris Hecox, to pass on the king's crown.

**Below:** Brooke Bell (left) and Jordan Leach (right) are honored the titles of Mr. and Miss Cub 2010.

## ~The Nominees~

Each year, the senior class nominates a lucky few to represent the Winter Homecoming Court. Once nominated, the king and queen are voted on by the entire high school student body. Congratulations to everyone on this year's court!

**Seniors Vs. Sophomores.** After a long and close game the seniors come in and stole the win leaving the sophomores behind once again.

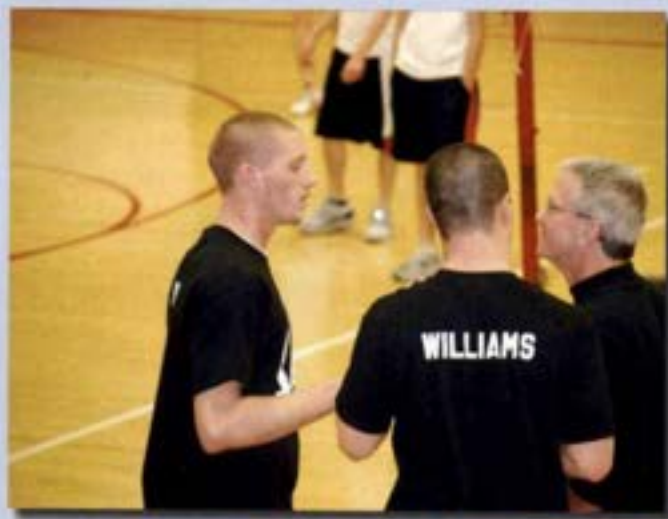

*Running the ball...*

# Powder Buff

In a fight for the win the Junior boys pulled out with a victory, beating the seniors in what was a close match up. The MVP of the game was Toby Harrel who helped lead the juniors to the win.

# Foreign exchange students

**Madlen Witte-GERMANY**  
"I wanted to be a foreign exchange student because I'm interested in languages and cultures especially in the US. School here is so different because at home we have 30 classes a week. We don't have a lunch because we're home before lunch. I love my host sister, Katy!"

**Antonio Cebalao-BRAZIL**  
"Besides my family, I miss soccer because in Brazil we play all year and here we only play for two months. I love hanging out with my american friends. My host family is great. They're so fun to be with and my host brother plays soccer to so it was so cool!"

**Geran and Madlen**

**Lisa and Emma**

**Madlen and Ellinor**

Lisa Roncoroni - ITALY

"I'm so excited to be here. The US is completely different from Italy. I love it! I love meeting the new people here because they are so interesting. I love american milkshakes. My favorite movies are Steven Spielberg movies. I'm on the swim team here, and I did it back home but not last year so they tel me it's going to be hard, but i love the challenge."

Elinor Lennemo-SWEDEN

"I love my host family. It's exciting having a big family because at home my family is so small. My school back home is so boring because there is no school spirit at all. My best friend in America would have to be Ketty. She is my host sister but also my best friend!"

Luca Kes- HUNGREY

"I'm so glad that my host family chose me, because they are awesome. Chebea Stephan is my host sister. I plan on doing track while I'm here. There are so many differences in American than there are in Hungary. I'll be turning 16 while I'm in Madison, but in Hungary 16 isn't the a big deal, but 18 is."

# We've Got Spirit... Yes We Do!

## Hat Day

The first day was Hat Day and we got to wear our funny, serious, or just any kind of hat that we wanted to wear!

## 80's Day

The second day was 80's Day! We got to dress up in 80's clothes like some of our parents wore when they were kids in high school!

## Mismatch Day

The third day was Mismatch Day. On this day we get to dress up and wear any outfit or just about any pair of clothing we want to and it would look good!

## Red and White Day

On the fourth day was Red and White Day. We got to dress up to support our school spirit!

## TEACHERS WIN

Although the students' played admirably, they fell just short of victory with a two point loss to the teachers. Good luck next year boys!

**ABOVE, FROM LEFT TO RIGHT:** Mr. Wichman, Mr. Cheatham and Mr. Decker.

**ABOVE:** Kyler Mahoney, Daniel Fisher and Bill Neal block out and wait patiently for the ball while Mr. Thurston and Bryant Layman also try for the rebound.

**RIGHT:** Mr. Pietrykowski, Billy Neal and Antonio Cebolao wait for play to begin.

"Watching Mr. Decker trying to shoot a jump shot was the best part of the game."

—BILLY NEAL

"My favorite part was embarrassing the old men"

—MAH LYNCH

"It is fun to interact with the students outside the classroom. It is even better when the Faculty wins and has bragging rights for the next year."

—MR. CRASH

# Creedence Cooper

Creedence Cooper is a sophomore at MCHS, but unlike the average sophomore he isn't just hanging out with friends or partying before the big junior year comes. He is already thinking of the future. Creedence is a musician. He plays the guitar and sings, mostly at Madison Festivals. He is so creative, which is apparent in the clothes he makes. He isn't a slacker either. Creedence is an AVID student who is excited for the future.

Mariah Scott isn't just a freshman, she is a pageant queen, athlete and model with many different sides. She is a student with great grades. She is also in AVID which is a fifth block class that helps students prepare for college. When she isn't at school she is modeling. She is a varsity cheerleader for MCHS. She also holds many pageant titles including the title for teen miss regatta, Miss Indiana Preteen 2007, Miss Southern Indiana Junior Teen 2008 and more. Mariah hopes to make it big as a country and gospel singer. She wants to share her voice with the world.

Mariah Scott

Geran Thur is not the average teenager. He has proven that practice and hardwork do pay off. He has dreamed about being a pro skateboarder his whole life and unlike most teens who give up dreams because they are next to impossible, he worked harder. He is now signed with Black List Skate Shop in Lawrenceburg, IN. Geran believes in living life to the fullest finding happiness in that.

Geran loves music, art and reading. His favorite bands are NWA, Tribute to the Quest and his favorite book is 1984. He says his friends are what keep him going. He is always on the move and if you asked him why, he would say, "sleep when your dead".

# Thur

# Geran

The average 16 year old who works probably had their licence and a car to get them around, not Geran he would rather ride his bike to school, work, pretty much everywhere he goes. If Geran is not at school or work you will find him at the skatepark where he spends just about every nice day from the time school is out until dinner. One thing that makes Geran such an all around person is that we've never heard anyone say anything bad about him. Everyone loves him. If he sees someone who needs help even if he is busy you'll never see him walk away. There are not many teens who have a heart like his and when you find one you have to love that person. Geran is full of questions and even if you don't want to answer him you will, he will get it out of you.

# Vania Seng

Vania Seng is a senior here at MCHS, and she's spending her senior year a little different than most. While she still attended Prom with her boyfriend Ben, she is getting ready for something else. Vania starts college at Rose-Hulman Institute of Technology this summer in an invite-only program of Fast-Track Calculus. She is majoring in Chemical Engineering and is debating between minoring in Spanish and Biochemistry. She is going for four years of undergraduate studies, and is undecided whether she will continue for a masters' degree. She has many friends and teachers here at MCHS and we all hope that she fulfills her dreams and does well in college. We wish her the best!

# Science Olympiad

With a 2nd place finish  
at regional, the team  
qualified for state this year.

Not only did the team qualify this year, they have qualified the last five years. Mr. Johnson said, "a team usually consists of up of 15 students that compete in all science disciplines using a variety of skills including building, lab work, testing and critical thinking".

This year 80 schools in Indiana participated in Science Olympiad. Because of the competition falling during spring break and the Italy trip, only nine members of the team were able to compete at the state tournament.

## The Canvas and Beyond

"When you pick up a paintbrush and have a blank canvas in front of you, you can make it anything you want to. All you have to do is start."  
-Bakey Hadley

"Art, in general, is a wide topic. For me, it's creating something from the mind that you enjoy. I love cars, so I plan to go to school to become a transportation designer and hopefully design cars and trucks in the future."  
-Travis Demaree

"Art is a way to show people the way I see the world, and it's not always realistic."  
-Emma Campbell

"The feeling of finding beauty in what you've made, knowing that someone finds the colors and objects you've put together beautiful, brightens my day."  
-Savannah Jackson

"Writing is important to me because it's a personal form of artistic expression. Books can teach you about unfamiliar things. It's just great."  
-Emily Fox

"I don't always know what to say to make someone visualize something as brightly as I see it or with as much depth and understanding. Filmmaking gives me a way to open someone's eyes to the story in my head."  
-Katie Hall

"My life is like a canvas...beautiful and inspiring!"  
-Natalie Moore

"I enjoy the challenges (of art) and like seeing what I can come up with."  
-Grace Larson

Teddy Roberts works diligently on his sculpture.

Art comes in many forms, as do the artists themselves. One's work can be in a gallery, on a screen, in a notebook, on the stage, on a disc, in a book, in a magazine, on people; the list goes on and on. If the creator has put a part of themselves into the work in some way, it is art. Take a look at just a few of the insanely talented artists and works we have at MCH&I. We can't wait to see what they will create next!

## 2009-2010 Season

"Act well your part; there all the honor lies."

**River Town** was created by the minds of Mr. Charles Moman, Mr. Yancy Unger, and Mr. Aaron Kelsey. It follows the life of Madisonian Preston Harper in 1909 as he reflects on the one hundred years of his life, and "coincidentally", the town's history as well. The audience catches a glimpse of where Madison has been, and wonders, as the characters do, where will Madison be "One Hundred Years" from now?

*"...vaccines for Swine Flu..."*  
-Dennis Perlstein

*"My wife...she just isn't as good as she used to be..."*  
-Dallas Maginn

*"You, sir, are an abstinent mule!"*  
-Emily Goin

**White Christmas** was a long awaited classic here at MCHS. Guests follow the tales of ex-military (now song-and-dance) men, Bob Wallace and Phil Davis as they meet up with aspiring show-biz sisters Betty and Judy Haynes. While staying in Vermont for the holidays, the characters stumble upon the men's previous general from the war, General Waverly. Discovering the general is down and out on his luck, the foursome, along with Waverly's assistant, Martha, and his granddaughter, Susan, create an unforgettable Christmas for each other and the audience.

*"Dreidel, dreidel, dreidel, I made it out of...playdough."* -Cassie Hecox

*"This oughta sweeten your pancakes!"* -(slap!)  
-Alex Podczerwinski

**Our Town** revisited the Opal E. Sherman auditorium this season with an honesty that Thornton Wilder would have been proud of. The story takes place in the small town of Grover's Corners and follows the lives of Emily Webb and George Gibbs from childhood to marriage to Emily's untimely death. Viewers discover, with the citizens of Grover's Corners, the painful absence of life among the living.

*"...the address was like this: Jane Crofut; The Crofut Farm; Grover's Corner; Sutton County; New Hampshire; United States of America; Continent of North America; Western Hemisphere; the Earth; the Solar System; the Universe; the Mind of God - that's what it said on the envelope...And the postman brought it just the same."* -Abby Walburn

### Joseph and the Amazing Technicolor

**Dreamcoat** took us "way, way back many centuries ago, not long after the bible began" to experience the life of Joseph in a totally new, psychadelic way. Joseph must endure trials and tribulations hard to imagine, even pleading God to "Close Every Door" because he has faith that "the children of Israel are never alone". "Jacob's favorite son" is cheered on from the moment he receives his coat of many colors to the very end when one discovers that "Any Dream Will Do."

*"No one knows how to do a good pelvic thrust anymore!"* -Mr. Kelsey

Despite the ridiculous amount of time and dedication put into each season's productions, MCHS Theatre accomplishes far more than the excellent work you see onstage. This year, these thespians (and thespian parents!) created River Valley Financial Bank's Flinstone float for the Regatta Parade, livened up several birthday parties for children, held Broadway Kids Camp (a theatre clinic for children in grades 3-8), helped to promote the revived community theatre troupe, Spectrum, traveled to see professional shows such as Joseph and the Amazing Technicolor Dreamcoat, Jesus Christ Superstar, and Mary Poppins, traveled to Italy over spring break, and held the greatly anticipated 5th Annual Cubby Awards! So much effort is being poured into this great program that it would be absurd to doubt the enrichment of students' and adults' lives taking place each year. We have so much to be thankful for. Keep up the fantastic work, MCHS Theatre!

"Theatre is a place where you know you have close friends who double as your family. You have a goal; something to work for, and that is to try and be the best character you can possibly be."

In October 2009, Madison Consolidated High School was blessed with the rare opportunity of putting on an original musical - about Madison! The first entire year of creating *River Town* was solely dedicated to researching the history of Madison and the many time periods. The second year provided even more challenges as the story was formed and plans put into action. Students auditioned in May 2009, and the production was underway. When showtime arrived, *River Town* captured the attention of the entire community with its originality and very personal setting - home.

Madison Consolidated High School was privileged to be the first high school in Indiana to perform Irving Berlin's *White Christmas: The Musical*. However, this wasn't the first time we have beaten other schools to the punch. Two years ago, we were also the first school in the state to perform *All Shook Up*. Amidst the classic songs, the challenging dance numbers, and memorizing lines, we captured our audience and discovered it is truly better to "Count Your Blessings Instead Of Sheep".

### Curtain Call

In January and February, MCHS Theatre and Spectrum productions partnered together to produce the classic work that is *Our Town*. This show was not only open to the students within the community, but also gave the opportunity of performing to the adults in the area. The play contained no major set pieces, and props were mimed as Thorton Wilder intended. It also delved into deep issues such as transience, living blindly, and the importance of companionship.

In the spring of 2010, MCHS Theatre performed the greatly acclaimed Andrew Lloyd Webber rock opera, *Joseph and the Amazing Technicolor Dreamcoat*. Gaining an additional sponsorship with Gaylor (along with the already established sponsorship with River Valley Financial Bank), the theatre was able to purchase optimal lighting equipment to make the production as "far-out" as possible. The story was completely conveyed through non-stop song and dance, which provided many unique challenges for the thespians. Maintaining the demanding high energy of the show, MCHS Theatre closed the last production of the season with a bang of **red and yellow and green and brown and scarlet and black and ochre and peach and ruby and olive and violet and fawn and lilac and gold and choc'late and mauve and cream and crimson and silver and rose and azure and lemon and russet and grey and purple and white and pink and orange and blue!**

*"You depend on each other in a project like this. It is a shared adventure between the cast, director, designer, costume maker, lighting engineer, choreographer. One ingredient could be wrong and a great piece of work will disappear."*

Seniors fight to be the winner of "I Went Through Four Years of Theater and All I Got Was This Lousy Rose."

The 5th Annual Cubby Awards has been largely anticipated since the Award Ceremony's inception. The event was not only intended for current theatre students and the Madison Community, but also for MCHS Theatre alumni and to honor our beloved theatre director, Mr. Aaron Kelsey after accomplishing the feat of 25 tremendous shows! The events included awards, performances, the annual induction of students into the International Thespian Society, entertaining hosts, an exhibit of the past 25 shows, pictures, music, and refreshments. Participants were able to reflect on the past, enjoy the present, look ahead to the future, and realize what indescribable experiences can take place as time goes by.

An epic battle ensued when the Triforce trio argued against the Maginn clan as they performed "Anything You Can Do (I Can Do Better)" from Annie, Get Your Gun!

# BUILDING TRADES

This year as a way to make money for the school, Mr. Bear's building trades class started to build a house downtown on Second St. Not only are the students making money for the school they were learning a skill that they can use later in life. Normally they would build barns and sheads around the community, but nothing like a house.

The house is located on Second St. in downtown Madison next to Lydia Melton Grammar school. The house is in a great spot because not only is it located by a school, it is also right by John Paul Park and is only a few blocks from the public library. Madison student, Jonnie Heller, who lives downtown and remembers what the house that was there before looked like says, "it is totally different. The house that was there before was so trashy, and had writing all over the windows and no one would want to live in it. I also live downtown and can remember what the house looked like before and it looked like it should have been condemned."

This house will sell and it will make a nice home to a family. The neighborhood is for average middle class families.

**"Never give up! Keep working!"**

Senior Brandon Rice sets the mood for the first game of the season. The cubs lost 13-15 in a tough game, but started the season in a good direction. By the end of the season the cubs won 2 of 11 games. Even though the scoreboard did not reflect the team's hardwork, it was present. With seniors leaving, the Cubs are already back getting ready for the next season.

### Junior & Senior Highlights

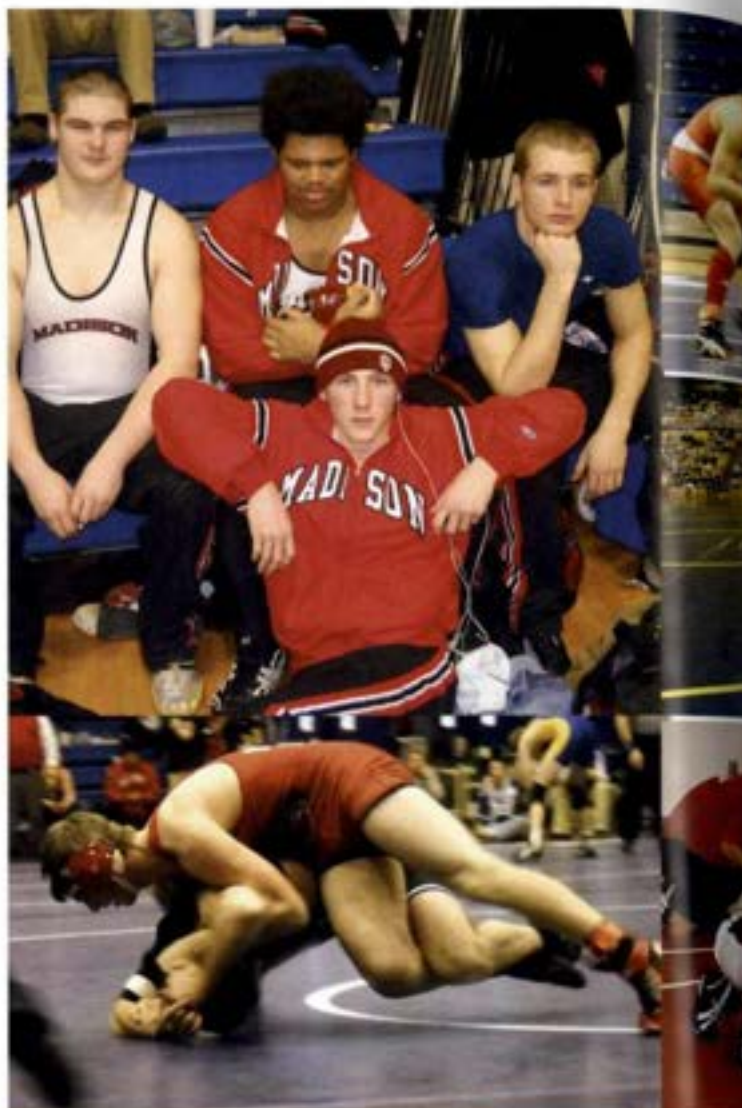

Dalton Young says, " I remember my freshmen year I went the team went to Golden Corral in Mooresville. The team thought they were cute flirting with the waitress and they had so much fun until they thought it would be fun to race back to the hotel on full stomach.

Everyone got sick."

Jordan Blakemore says, "wrestling isn't my favorite sport, but it keeps me in shape when I don't have football".

Logan Chandler says, " The highlight of my year was beating RJ Rowlett at SouthWestern on his senior night."

Robby Taylor says, " Wrestling has pretty much been my life for six years. Like any other sport it takes a lot of hardwork and time, but the highlights of every season for me are winning and improving each year. There is nothing better then working hard at something and winnings not to bad either"

*Believe in yourself! Have faith in your abilities.  
Without a humble but reasonable  
confidence in your own powers you, yourself,  
cannot be successful or happy.*

*Don't let the world bring you down.  
Everyone here is that messed up and cold.  
I know why you came and why you're alive.  
I know the warrens before you grow.

**MARINES**  
THE FEW. THE PROUD.

The United States Marine Corps is a branch of the United States armed forces responsible for providing force projection from the sea using the mobility of the United States Navy to rapidly deliver combined-arms task forces.

Captain Samuel Nicholas formed two battalions of Continental Marines on 10 November 1775 in Philadelphia as naval infantry. The mission of the Marine Corps has evolved with changing military doctrine and American foreign policy. The Marine Corps has served in every American armed conflict and attained prominence in the 20th century when its theories and practices of amphibious warfare proved prescient and ultimately formed the cornerstone of the Pacific campaign of World War II. Its ability to respond rapidly to regional crises gives it a strong role in the implementation and execution of American foreign policy.

The United States Marine Corps includes just over 203,000 (as of October 2009) active duty Marines and just under 40,000 reserve Marines.

The United States Marine Corps has three primary areas of responsibility:

- The seizure or defense of advanced naval bases and other land operations to support naval campaigns
- The development of tactics, technique, and equipment used by amphibious landing forces
- Such other duties as the President may direct.”

### Jared Watterson Class of 2010

I joined the Marines on November 16, 2009.

I am happy with the choices that I have made.

My brother helped me make the choice to choose the Marines.

I have the perfect girl backing me all the way.

She wants me to succeed in whatever I do.

I love her and the Marines.

I have made and will make more friends in the line of duty.

I hope to keep them around for a long time.

I want to work hard to prove to myself that I am:  
the Few  
the Proud,  
the Marines.
