Foreign Exchange Students

Carmen Velasco from Spain. " I love America so much it is great! I miss my brothers at home so much. I miss my parents some. I wanted to be a foreign exchange student so I could learn more English and see what America is like. The food here is very different. I like the food here and in Spain. The people here are very funny and outgoing. I also miss my friends in Spain a lot."

Elias Ruiz from Spain. "I have enjoyed traveling, and I was given the chance to come here and I was all for it. I like America, the culture and everything is different. But I like staying here and the people here are nice. The food is a little different, but I like it. The restaurants are good and the home cooked meals are good too. I miss Spain's food sometimes, but I am fine with the food here. The people here dress differently, but I like their sense of humor. My friends are funny and I enjoy being around the people here."

Milan Tornier from Germany. "I decided to be a foreign exchange student because I wanted to see different cultures. Also, I needed more time to see what I want to do after school. I like it here in America. I like how school is in contact with sports and I like how many school clubs there are such as theater and the marching band. Spains The food here is very different but it is not better or worse. The people here are very nice people in Germany!"
