Sebastian Biallac

Rachel Riley, Emily Studebaker,
Lydian Roberts & Ruby Maccie

OUR SENIORS

"Through band I was able to learn the importance of community and your role within it. As a member of a marching band everything I do directly affects it, so it makes it important to make sure I'm always doing my best. Through that community, I learned the importance of having support. Band is always something I can fall back on and having it there taught me how crucial it is to find somewhere you belong or create somewhere for others."- Rachel Riley

"COVID has affected band and my senior experience by giving me a lot of anxiety about staying safe and making sure nobody gets anyone else sick. It's also made me worry if we'll actually get to do everything that was planned for this marching season since someone having a confirmed case could potentially stop the whole season" - Sebastian Biallas

"Being a part of the band is like having a second family. Since we're so small, we know who everyone is and we can form really good bonds with each other that we wouldn't have in a group twice our size. There is always someone there when you need it."- Emily Studebaker

"The thing that I am most thankful for in the marching band are the wonderful people I've met along the way and the life lessons I have learned through marching band."- RJ Stallard

Goodbye, Mrs. Gibson

What did you enjoy most about coming to school every day? - I enjoyed most having my students make me laugh either over something they said or a reaction to something I said or did. My career has been full of lots of laughter.

What can you cook to perfection? Are you willing to share the recipe? - Nothing. I am not a fan of my cooking.

What is something students don't know about you? - I collect teacups and have over a hundred. All are only fine bone china made in England and range in age from 100 years old to present day.

What are you looking forward to most about retirement? - Being able to become a student again by learning new subjects and skills not directly related to teaching. I want to learn things like cooking with vegetables to the history of the Victorian era. I plan to do lots of reading. I also plan to really expand my genealogy research.

What would your last meal be? - Parmesan crusted tilapia and cheddar bay biscuits from Red Lobster.

If you couldn't teach business what other class would you want to teach, even for a day? Why? Education Professions. I taught it for a couple of years and really enjoyed it. I also enjoy teaching economics which I did

Mrs. Gibson started her teaching career in 1987.
Here are some of the things that were going on in 1987:

A gallon of milk cost \$2.28.

A house cost \$104,000.

Gas cost \$0.95 a gallon.

Ronald Reagan was the President of the United States.

Life expectancy was 74.9 years.

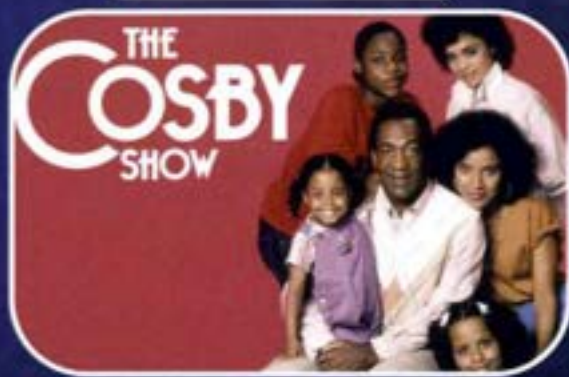

A dozen eggs cost \$0.78.

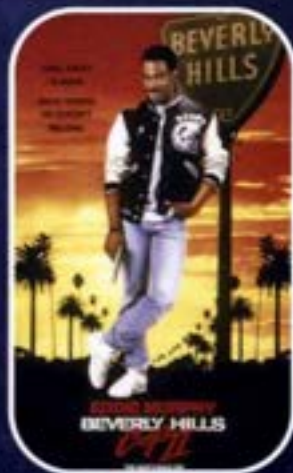

The #1 song was Whitney Houston's 'I Wanna Dance With Somebody'.

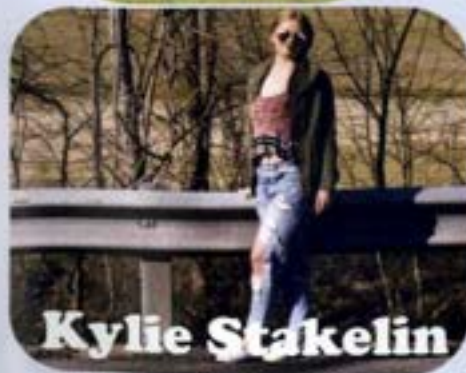

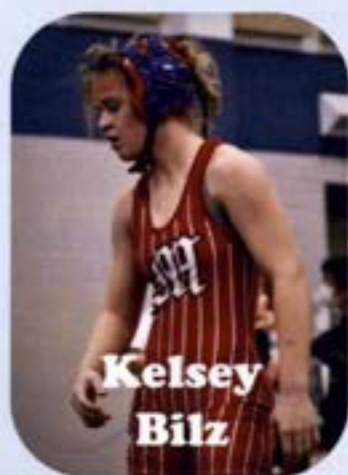

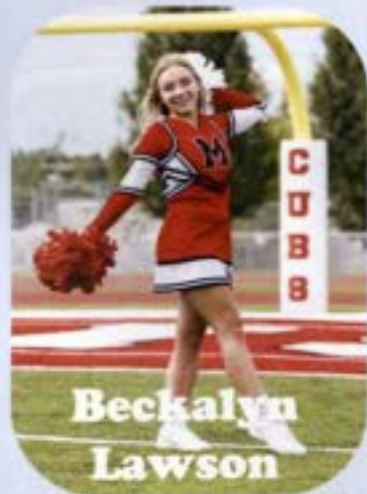

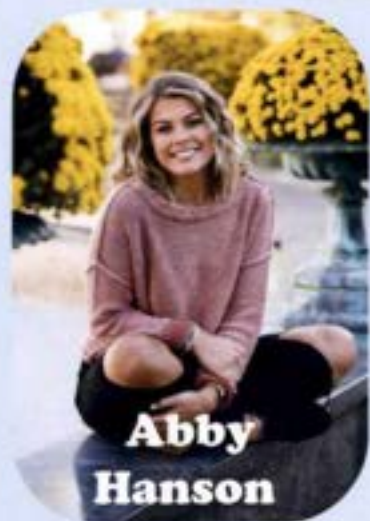

The #1 TV show was 'The Cosby Show'.

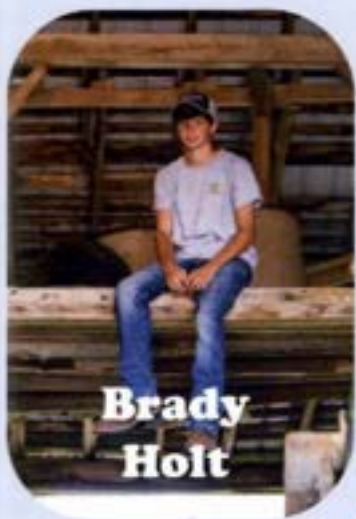

The #1 movie was 'Beverly Hills Cop II'.

GONE BY The impact of COVID-19 on society and our understanding of the virus *evolve* over time.

1

Jan. 20, 2020

The first confirmed U.S. case of what will soon be named COVID-19 occurs in Snohomish County, Washington. From that moment, the numbers began to grow, and cases eventually spread to every county in the U.S. By the end of the year, more than 20 million people in the U.S. had been infected and more than 346,000 people had died.

Feb. 11, 2020

The World Health Organization officially names the disease caused by the new coronavirus strain COVID-19. The "CO" stands for corona, the "VI" for virus, the "D" stands for disease and the number 19 stands for the year it first appeared, 2019.

May 27, 2020

Four months after it first appeared in the United States, the number of U.S. deaths from COVID-19 passes 100,000. More than 1.6 million cases were confirmed in the U.S.

July 6, 2020

Contrary to previous World Health Organization recommendations, hundreds of scientists pressure WHO to revise recommendations, saying the virus can be spread via airborne particles.

Oct. 2, 2020

President Donald Trump and First Lady Melania Trump test positive for COVID-19. With just a month before the presidential election, it changed debate plans for Trump and his opponent, former Vice President Joe Biden. The Trumps recovered from the virus and did not report any long-term effects.

THE NOTORIOUS RBG

The nation mourns Supreme Court Justice Ruth Bader Ginsburg's death on Sept. 18 at the age of 87 from complications due to metastatic pancreatic cancer. Over the course of her prolific legal career, Ginsburg argued many landmark cases relating to gender discrimination and was nominated to the Supreme Court in 1993. Known for her dissenting opinions and the collars she wore with her robes — especially her dissent collar — Ginsburg gained pop-culture fame and was often referred to as "RBG." She was the first woman to lie in state at the U.S. Capitol, and her death raised heated debate over when a new justice should be confirmed with the election so near. Photo credit: Newscom
