Oh say, can you see,
By the dawn's early light,
What so proudly we hail'd
At the twilight's last gleaming?

Randy Johann sits captivated in thought.

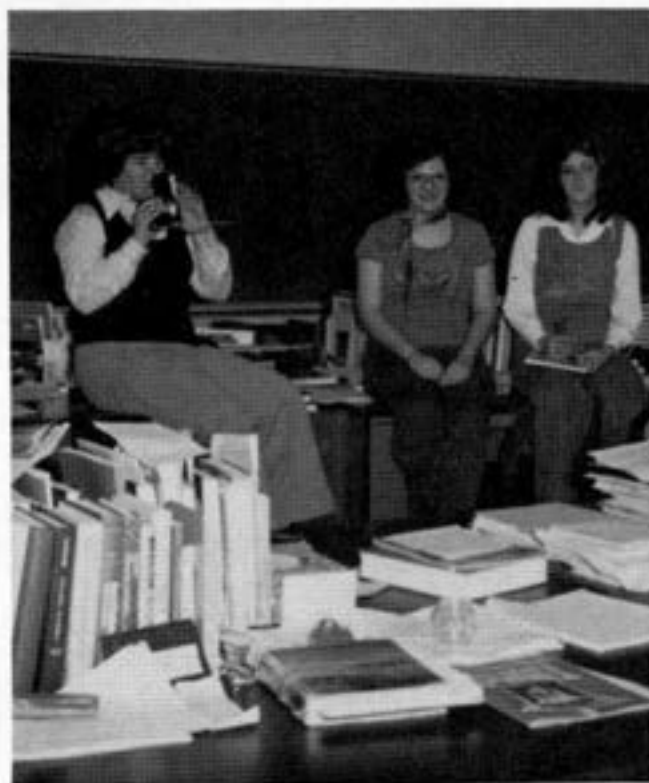

MJHS begins school day at 8:15.

The first stop in the morning is the locker area.

Harold Perry pauses to pose.

Yearbook staff relaxes in teachers' prep room after biting the bullet for yearbook deadlines.

Whose broad stripes and bright stars,
Thro' the pertlous fight,
O'er the ramparts we watch'd
Were so gallantly streaming?

Music department "stars"
provide Christmas program
for student body.

Energetic ninth graders demonstrate the art of relation during a typical lunchtime.

Mr. Gene Snyder is bombarded with questions between classes.

And the rockets' red glare. The bombs bursting in air.
Gave proof thro' the night that our flag was still there.

Individual growth in science is encouraged through lab experiments rather than lecture methods.

It takes a lot of concentration to draw cartoons.

On the left, Jimmy Bowling uses his scientific knowledge to build a rocket in Model Rocketry Activity. In the activity program, the student selects according to his interest.

Charles Reed struggles with metal sheers in shop class.

Opportunities abound for educational success.

Dianna Mundt and Angie Gray forgot their books. It's back to the lockers for them.

Instructor Harold Nowling finds humor in a typical 9th grade social studies class.

MJHS strives to educate the total person.

Oh say, does that star-spangled
Banner yet wave,

O'er the land of the free

And the home of the brave?

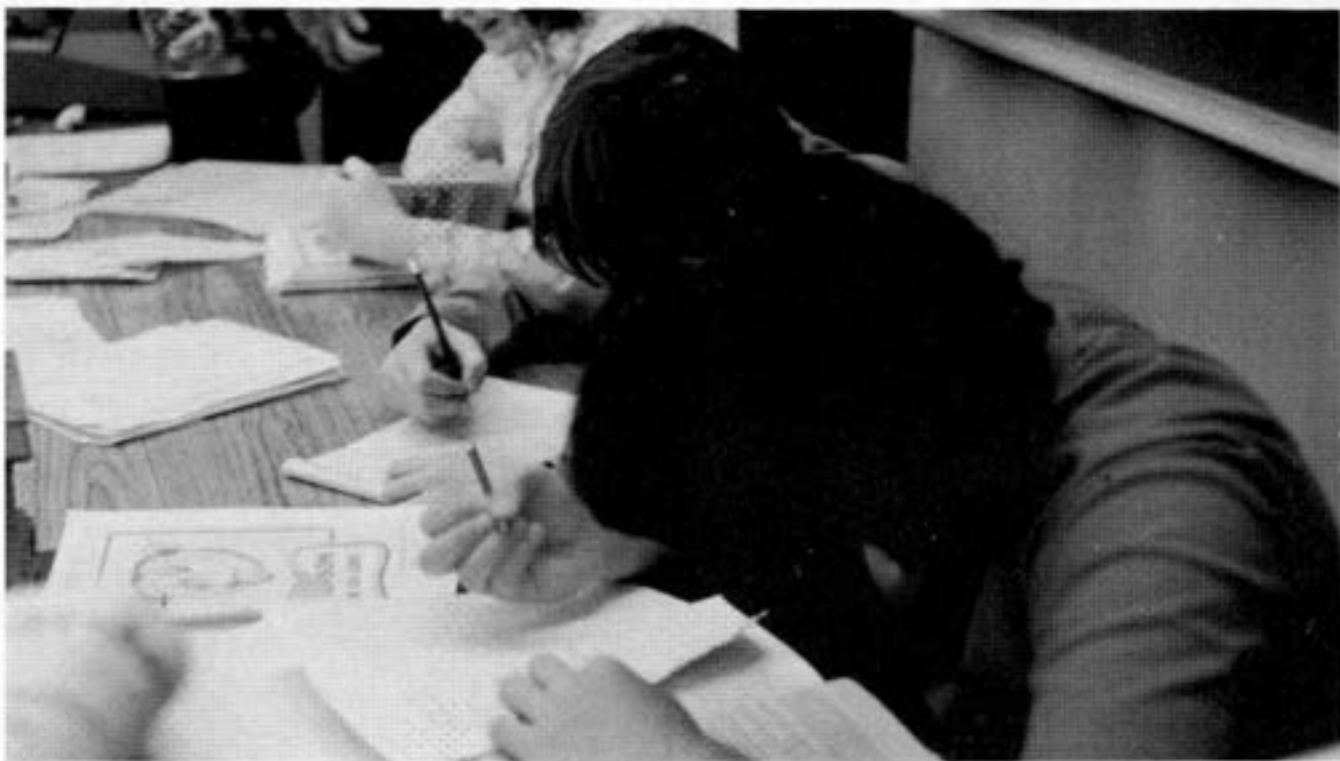

School begins at 8:15 and ends at 3:18. During this time, the student learns practical arts and fine arts. He builds his body and develops his mind. He learns patriotism for his country, his home, his school. He is taught respect for himself, for others, and for a country with a 200 year heritage of freedom. This is MJHS.

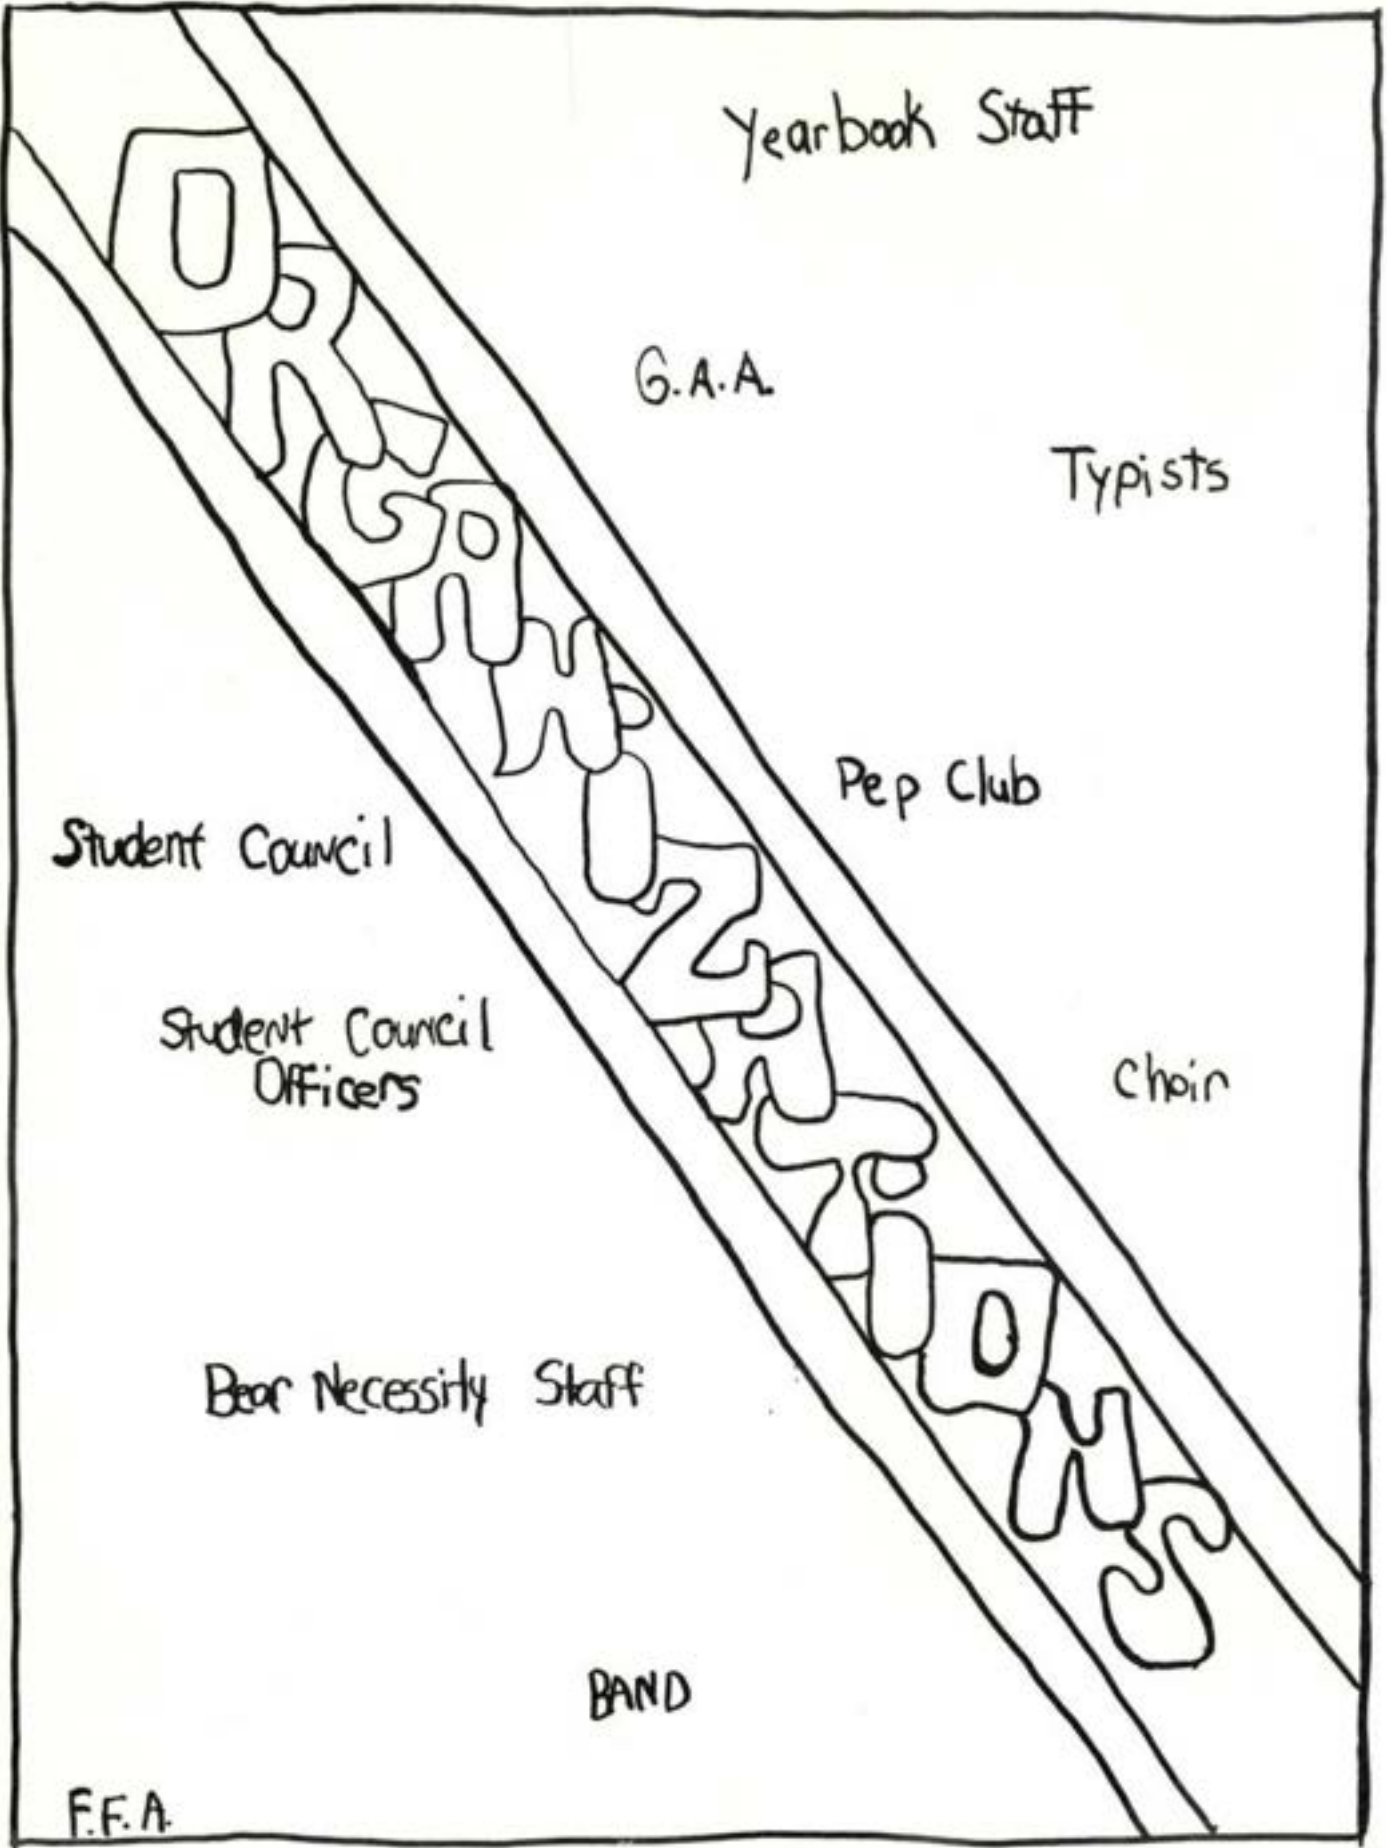

Industrial art student Stu McClung learns to spot weld in practical arts course.

Physical education classes help build the competitive spirit in today's student.

Concentration is the key to success in mastering all educational endeavors.

MJHS welcomes class of "81"!!

Star Spangled Banner

Oh, say can you see!

By the dawn's early light,

What so proudly we hail'd

At the twilight's last gleaming?

Whose broad stripes and bright stars,

Thro' the perilous fight,

O'er the ramparts we watch'd

Were so gallantly streaming?

And the rockets' red glare, The bombs bursting in air,

Gave proof thro' the night that our flag was still there.

Oh say, does that star-spangled

Banner yet wave,

O'er the land of the free

And the home of the brave?

We the 1975-76 yearbook staff have selected the Star Spangled Banner as our theme for this bicentennial year. The lines of the song are arranged throughout School Life section to show that our school is active in this bicentennial salute to America.
