*STUDENT LIFE*

*HERE COMES THE DAY!*

Beginning the day can be an exciting experience for many students. As we look ahead to the many activities we face we sometimes wonder if we'll be able to survive.

Above: Quiet study is the class for those students who do not like to do homework at home.  
Above right: Model rocketry provides aerodynamic knowledge to some of our students.  
Below: The IMC provides varied resources for the students at M.J.H.S.

David Dwyer tunes up for guitar activity.

It takes a lot of work to complete a woodworking project.

The future Olga Korbut? Only if she continues to practice.

Hey, we've got 10 more minutes to practice.

I'll bet I don't strike out this time.

Checkmate! Can you believe I finally managed to defeat you.

If I put this finger over the F, then this finger over the T and this finger over the C ...

Mr. Adler checks to see if each person has really turned in the required C.H.N.

Biswa is seen in his natural state — not paying attention in Mr. Newell's social studies class.

It sometimes takes the effort of the entire group to get a project completed.

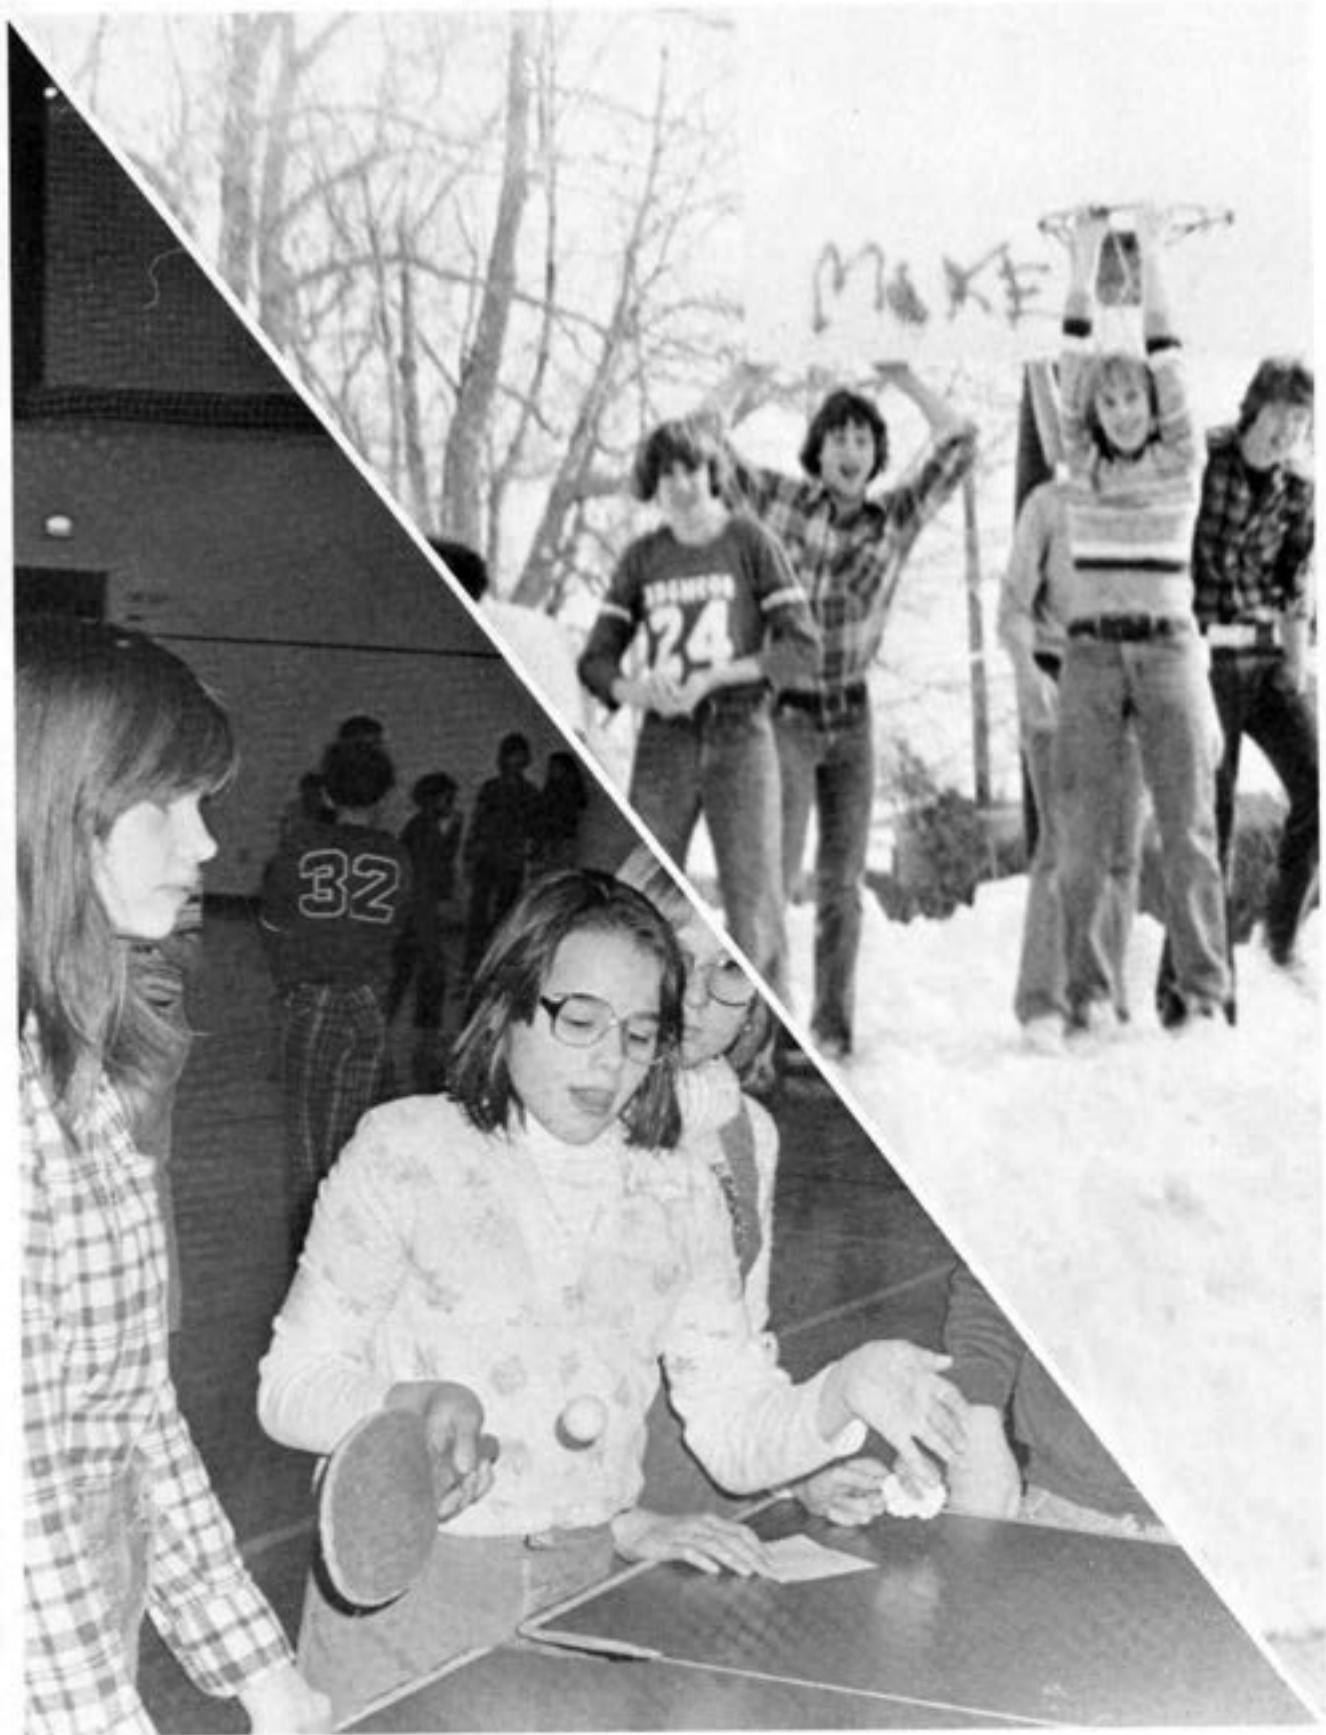

Wake up! Wake up! We are finally coming to the exciting part and I don't want you to miss a word.

Lunch time at M.J.H.S. provides opportunity for many of our students to get together. Topics of conversation ranged from the morning's activities to preparation for coming events.

You know you are moving too fast when you run out of your shoes.

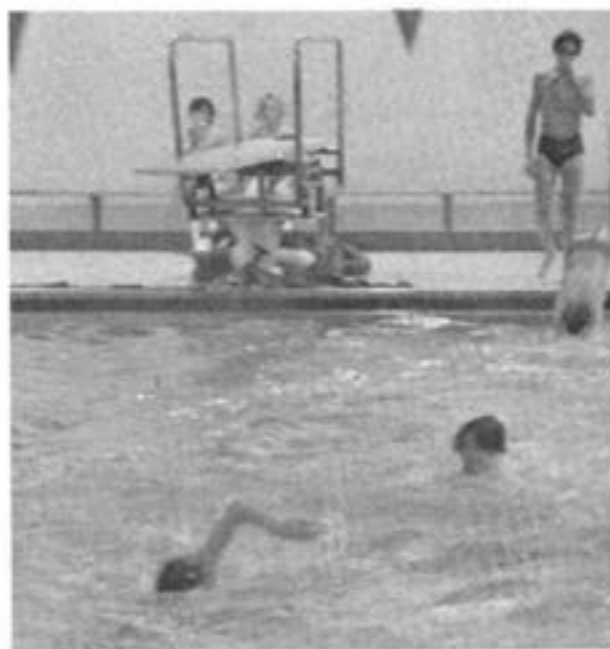

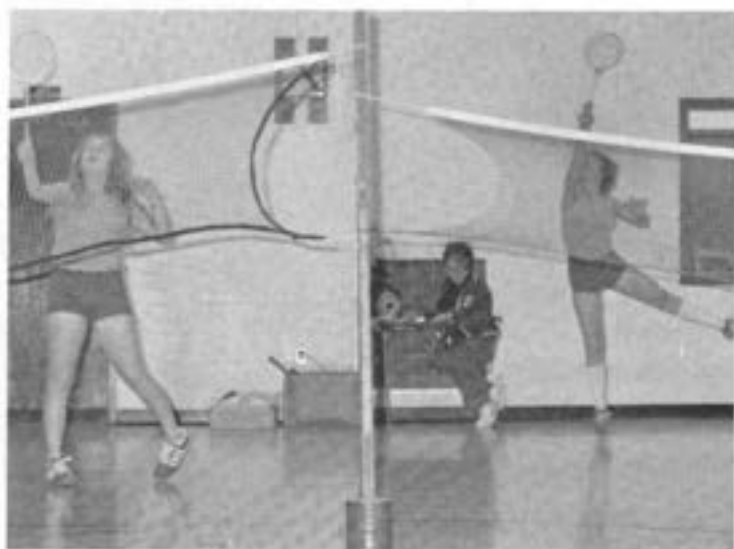

Do it gracefully now girls! G-R-A-C-E-F-U-L-L-Y!

Gee, I hope he lets us swim sometime today. I'm getting cold just standing here.

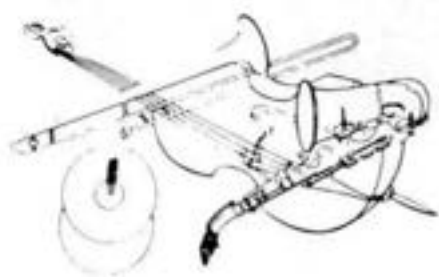

Left: Hurry up, I want my turn today.

At last! We are finally going to do some exercises that I like. Anything is better than sit-ups and push-ups.

Many activities are enjoyed by the students at M.J.H.S. This year we've trimmed the tree, enjoyed jazz, discoed, played basketball and wrestled.

*DO YOU  
REMEMBER  
WHEN ...*

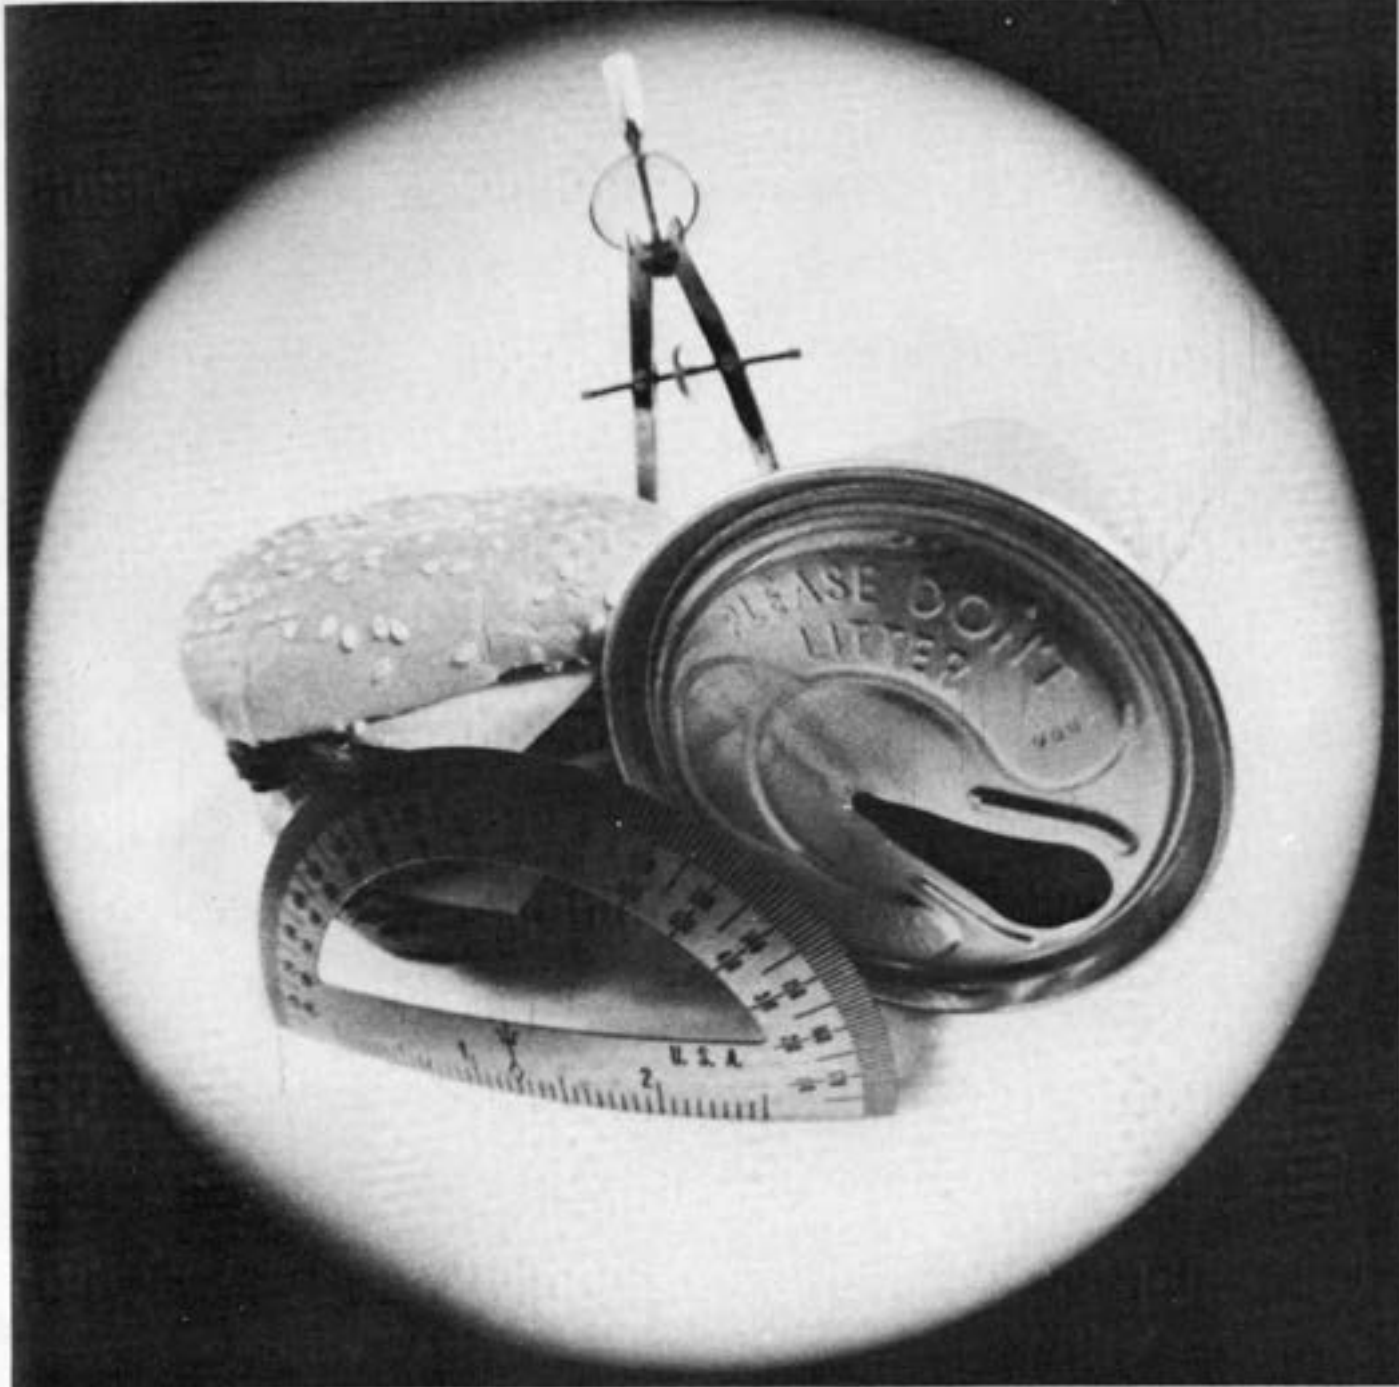

Above: When students brought out their rags for 50's day?  
Right: Almost caught in the act!

Beth Ricketts wasn't swimming?

## FACULTY AND STAFF SHARE SCHOOL SPIRIT

Often we become so preoccupied with going to class and getting our homework done that we tend to forget the people who do much of the work that keeps our life running smoothly. Pictured are some of the people that accomplish this for M. J. H. S.

Mr. Calvin puzzled over a science problem too long.

#### CONGRATULATIONS!

We, the 1978-79 yearbook staff, would like to take this chance to congratulate the M.J.H.S. faculty and staff on a good year.

## PARTICIPATING IN MUSIC

The prime goal of the M.J.H.S. bands is to develop musicianship and individual skills in preparation for future experiences in the high school band through individual and ensemble performance. Also, many attend solo and ensemble contest to further develop these skills.

The junior high choirs have presented two Christmas concerts and the concerts in the spring. All three choirs participated in ISMA solo, ensemble and organizational contests. The choir program seeks out students with vocal talents and provides as many worthy experiences as possible with the large ensembles and individual singers, to further their skills.
