# OUR SCHOOL IS

At Southwestern Consolidated High the program of studies is made for the benefit of all, no matter to what vocation they are looking forward. To the student who plans a business career, to the girl who is interested only in homemaking, to the boy who will go to work in industry or farming, or to those who aspire to the professions and will enter college-yes, to each and everyone our school offers an opportunity to prepare for his life work.

MRS. HAZEL BECK

The Class of 1963 dedicates this issue of the Reblan to Mrs. Hazel Beck in appreciation for the many years she has given to the students of Southwestern High School. She is not just a teacher to us but class sponsor, librarian, and friend.

A teacher effects eternity; he can never tell  
where his influence stops.

The Future Farmers of America is a national organization of farm boys regularly enrolled in vocational agriculture in high school. Because of the close correlation with the work in vocational agriculture, it is intra-curricular rather than extra-curricular.

The organization originated in 1928 and is now found in every state in the Union, also, in Puerto Rico. The chapter at Southwestern was chartered in the fall of 1950.

There are four degrees members may earn in the FFA: Greenhand, Chapter Farmer, State Hoosier Farmer and American Farmer. Two honorary chapter degrees are awarded each year.

The colors of the FFA are Corn Gold and National Blue; these colors are rich and cheerful and have become a symbol of friendliness, cooperation and leadership.

The motto consists of only four lines, but these reflect a spirit and sincerity that shows the true view point of farm youth, "the backbone of a nation." The motto is as follows:

Learning to Do  
 Doing to Learn  
 Earning to Live  
 Living to Serve

The Future Teachers of America Club of Southwestern High School is an exploratory project designed to help students to decide if they wish to pursue a career in teaching. Essentially it is a cadet teaching program where members of the organization act as teacher aids, helping in classrooms and assuming routine teaching duties. This year members of the FTA helped and taught in the grade school and in the science and English departments.
