Memories and Creativity. Taken from Shawe Memorial.
He Creates. We Shape. We Soar.

-Brittney Snodgrass

A yearbook, simply put, displays a collaboration of moments and memories - all caught in time. Each person at Shawe Memorial shares different attributes, each having various tastes, likes, dislikes and memories. One thing that everyone at Shawe shares is their school pride...well, that and technology.

No matter what hour of the day, students can be seen carrying some form of technology: laptops, cell phones, iPads or iPods. Apple proved to be a very popular brand among both students and teachers. For this very reason, our staff decided on a theme with a twist off Apple's very own iPad - iTopper.

Our mission of this, the 2012-2013 edition of the Shawe Memorial Connoisseur, is to provide an enjoyable and unforgettable collection of memories. We have tried our best to reflect the wide diversity of our student body. This book is to celebrate those moments.

Shawe Memorial Junior-Senior High School

The school year held many changes, both good and bad, but every single thing that occurred left memorable impressions on the students. "The most memorable moment to me this year was marching in the Christmas Parade for band. Shawe hasn't had a marching band for many years. It was kind of a big deal," commented **Caleb Deeg**. Others, like **Sebastian Livorno**, enjoyed going to watch the basketball games. **Livorno** added, "I really enjoyed being the mascot at basketball sectionals."

One of the biggest changes was the faculty and staff. **Mr. Steve Hesse** became the new principal and took over for **Mr. Jerry Bomholt**. "My favorite part of my new role is being able to spend time in the classroom. I get to watch science experiments, student presentations, and other hands on activities without having to grade any papers," added **Mr. Steve Hesse**. The school also added **Mrs. LeAnne Adams, Ms. Alice Belt, Mr. Kim Deffenbaugh, Mr. Nathan Hall, Mrs. Lori Hedges, Ms. Emily Ott** and **Mr. Steven Sims** to its staff. "Mr. Hall has been a great addition to the staff. He makes his class

very laid back and fun," **Bailee Koehler** added.

Other exciting things that occurred included the Soccer team winning Sectionals, senior, **Laura Hesse** was nominated as a National Merit Semifinalist and the English and Fine Arts Academic Bowl Teams traveled to Purdue University to participate in the Indiana State Finals. "Academic Bowl was challenge this year. We had a lot of required reading books and a lot of work to do to prepare for the competition. I also enjoyed learning more about Ancient Greek culture," **JaLynn Copeland** said.

Through all of the changes, the Shawe Memorial family accomplished the very exciting year that they set out for. **Paulette Koronkevich** said, "It was my first year here at Shawe, but I really love it. It is a lot of work and little sleep, but it is definitely worth it!" Some of the changes were not as large, but still made a huge impact. "The most exciting thing that happened to me this year was when I was at Fit for the King. I made a full court shot on my first try!" **Cristian Rios-Garcia** commented. -*Brittney Snodgrass*

Above: During a varsity girls volleyball game, the pose for a picture with the school mascot. front - **Joe Nchia, Spencer Torline, Luke Higgins, Alex Reuss** and **Chris Petersen**. back - **Cristian Rios-Garcia** and **Andrew Ott**. The boys came to the games to support the girls throughout the entire season. *photo by Brittney Snodgrass*

Left: **Lauren Goebel, Addie Davis, Amelia Koehler** and **Shelby Greene** hold signs as they walk in the annual Pro-Life March in Washington, D.C. The students not only created memories, but experienced an event with thousands of other people who shared the same beliefs. *photo by Brittney Snodgrass*

Students at Shawe Memorial are very involved in various activities. From going to France or Washington, D.C., to hanging out with friends or family, there is never a dull moment.

Students enjoyed spending time with their friends both inside and outside of school. **Crystal Rios** said, "The best part about my class is that we get along really well. Plus, I have awesome friends." Senior, **Joe Nchia** added, "I think that the best part about my class is no matter how many different personalities there are, we can always come together as friends."

Going on field trips provided students with something to look forward to, along with new experiences and lifelong memories to treasure. "The art field trip this year has been the best. Our tour guide, Drew, on the boat ride was really handsome. I think every girl feel in love with him!" **Sarelia Rios** commented.

Dances, Shawe Games and various sporting events allowed students to break away from their day to day routine of class. It also allowed students and classmates to get to know each

other better. "Our junior class has grown really close over the last few years. We hang out more, have movie nights, travel to Clarksville and have dinner together," commented **Trenton Scroggins**.

The school even hosted new events this year, the highlight being a fundraiser for the band department. A wrestling match featuring 'Steve the Strangler' and 'Sweet William Valentine,' aka **Mr. Steve Sims** and **Mr. Bill Gordon**. "The wrestling match has by far been my favorite activity the school has hosted. It was really fun to watch how funny the guys looked, plus I got to hang out with my friends," said Kyle Wisman.

Students at Shawe are more of a family than just classmates. It is not simply a school building, it is a home for each and every student. Senior, **Jesse Ball** said, "I enjoyed playing sports this year, even though it was my last time playing. It has been hard knowing that I will never play with these guys again, but winning soccer sectionals definitely made it that much better." -*Brittney Snodgrass*

Above: Dressed in the Hilltopper's mascot uniform, **Sebastian Livorno** strangles South Decatur's cougar mascot. The two showed good sportsmanship before and after the final sectional game. *photo by Trenton Scroggins*

Left: Mrs. Tammy Josephson, Kalyn Robinson, Sarah Sanders, Mrs. Crystie Schultz, Shelby Greene, Ms. Aline Schafer and Billy Cole gather in front of the Eiffel Tower in Paris. The students in advanced French classes were able to travel overseas to experience France. *photo by Michael Jones*

"I am proud to be a Hilltopper," said, **Michael Abbot**, "I love Shawe! The classes are smaller, the education is better, and the teachers focus more on each individual student. The best overall is our school spirit."

Students enjoy showing their school spirit, whether it is at a sporting event or during school activities. Sophomore, **Meghan Scroggins**, likes to show her school spirit by cheering at basketball games, "I always cheer my loudest," **Scroggins** said, "Sometimes I feel like I cheer louder than the cheerleaders." **Scroggins**, like many students, travels to sporting events

during her free time.

For some students, this is their first year at Shawe. Eighth grader, **Savannah Apel**, described the change, "The difference between Shawe and my old school is the people! Everyone here is a lot nicer-- I am so glad I switched schools--it was definitely for the better!"

“ I am proud to call myself a Hilltopper. -Billy Cole ”

Shawe's small campus, teachers, and various activities have helped students become more connected with each other, and in doing so, created a clean, fun and sometimes overwhelming atmosphere of school spirit. -Trenton Scroggins

Bailee Koehler shows her school spirit when cheerleading at basketball games. The cheer squad could be seen at every basketball game, whether it was home or away. *photo by Trenton Scroggins*

Mrs. Teresa Torline gets her boogie on at the soccer regional pep-rally. **Torline** is one of two math teachers at Shawe Memorial. *photo by Trenton Scroggins*

Billy Cole, a Shawe superfan, and **Nick Weatherbee** show their school spirit at basketball games. "I love Shawe with all of my heart. I would do anything for the school and its people, so I feel the least I can do is cheer my heart and lungs out." **Cole's** voice could be heard from all corners of any gymnasium he visited. *photo by Trenton Scroggins*

Sebastian Livorno, **Sarah Sanders**, **Ms. Emily Ott**, **Trenton Scroggins**, **Chase Heaton**, **Garel Blanchard** and **Andrew Ott** all pose with the soccer team's IHSAA Sectional Championship trophy. *photo by Trenton Scroggins*

Cristal Rios and **Karen Aguilar** show their school spirit by cheering for their classmate during the 2013 paper football tournament. The tournament was a Catholic Schools Week activity held every year. *photo by Trenton Scroggins*

Casey Applegate, 11th "Spirit, to me, is taking pride in where you go to school, and making your own experiences with it."

Justin Stewart, 9th "Spirit, to me, is cheering at the basketball games to support our team."

Garel Blanchard, 11th "Spirit, to me, is losing your voice from cheering loudly at games."

Nick Weatherbee, 7th "Spirit, to me, is supporting your team, and cheering with Billy at basketball games so he's not alone."

Early in the morning on January 24th, twenty students and three adults started their pilgrimage to participate in the annual Pro-Life March. This event marked the 40th anniversary of the Supreme Court's ruling on Roe v. Wade, which legalized abortion.

For some students, this was their first time attending the march. Sophomore, **Stephanie Snodgrass** commented, "This was my first time attending the march, and it was an amazing experience. It was so much more rewarding than I thought it would be! I am

definitely glad I got to go." For other participants, this was not their first time attending. Senior, **Liz Grote** said, "This is my third time attending the march and every time I go, it gets better!"

“ My favorite part of the trip was when Bonnie tripped in front of the mall. ”
-Trenton Scroggins

Each and every student who participated, had personal motives to why they attended the march. Sophomore, **Amelia Koehler** added, "I attended this year's march because I thought it would be an amazing experience to take part in. It definitely was in the end!" -*Brittney Snodgrass*

Lauren Goebel, Spencer Torline and Liz Grote proudly hold up their orange signs as they participate in the march. The bright orange signs made the group stick out from the thousands of other participants. *photo by Brittney Snodgrass*

Cheering their hearts out, **Shelby Greene and Amelia Koehler** walk along the streets of DC. The marchers chanted cheers throughout the entire march to show their firm beliefs. *photo by Brittney Snodgrass*

Pro-Life March Participants:
 Front - **Shelby Greene, Stephanie Snodgrass, Jordan Wentworth, Allison Mruzek, Mrs. Chemainge Drumm and Trenton Scroggins.** Middle - **Laura Hesse, Amelia Koehler, Addie Davis, Lauren Goebel, Taylor Grote, Madison Drumm, Mary Terpinig and McKayla Thornsberry.** Back - **Jarrood Rampy, Mr. Steve Hesse, Elizabeth Stucker, Myles Hesse, Liz Grote, Brittney Snodgrass, Spencer Torline and Kalyn Robinson.**
photo by Bonnie Wentworth

Pausing for a picture, the participants hold on while they ride the metro. The metro was their main source of transportation around the city. *photo by Brittney Snodgrass*

Gathering together, the marchers sit down for one last meal at Steak & Shake. This was a nice break from sitting in the car on the way back home. *photo by Brittney Snodgrass*

Jarrood Rampy, 12th
"Playing the prank on the adults and other students who went was one of my favorite parts of the march."

Kalyn Robinson, 12th
"My favorite part of the march was the rally we went to right before. It was amazing to see so many teenagers gathered together."

Jordan Wentworth, 10th
"My favorite part of the march was when we pranked the adults by sleeping on their floor and them not knowing how we got in."

Madison Drumm, 11th
"Playing the prank was my favorite part. It was a great way to bond, plus it was just super awesome."

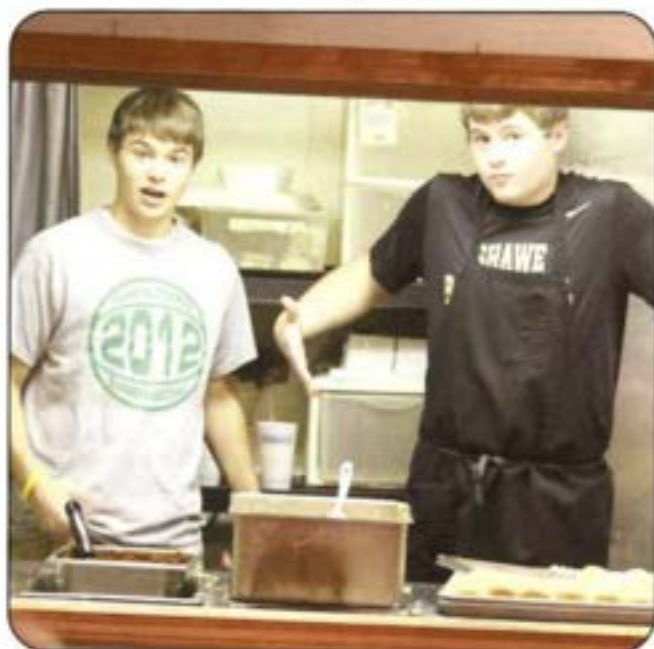

Many students at Shawe could almost name off every person in their school. Shawe is a very small school, but it is also a very close knit environment to be in. Many students have known a majority of the people in their class since preschool or kindergarten. **Brooklyn Koehler** said, "The best part about my friends at Shawe is that we are all really close like a little family, and that we can always have a good time together. I also know that I can always count on them no matter what."

Many students felt that Shawe was like a family. Many students also mentioned that their friends

could always tell when they were upset. Because Shawe is so small, everyone knows pretty much everything about you. **Kylee Ashbury** said, "My favorite part about my friends is that they are fun to be around, and they can always cheer me up. I never have to explain what happened because since we have such a small school my friends have already heard and are there to cheer me up."

Shawe may be a small school, but some of the best and most long lasting friendships can be made here, many students felt privileged to be part of such a close knit school environment. *-Morgan Koehler*

A friend is someone who keeps believing in you even when you forget to believe in yourself.
-Anonymous

Friends, Alex Ruess and Kaelan Jines, work at the basketball dinner. Every player had to help out with the dinner, whether it was serving food or cleaning off tables. *photo by Trenton Scroggins*

Katelyn Moore, 9th
"The best part about my friends is that they can always make me smile."

Grayson Rhoten, 9th
"My favorite part about my friends at Shawe is we are all like family."

Shelby Whitham, 8th
"The best part about my friends at Shawe is I can always count on them!"

Alex Ruess, 12th
"The best part about my friends is that we always have a great time."

Shawe may be small, but within its small walls lies an abundant amount of people who make it more than just a school. Everyone knows everyone here. People simply don't look at another student and say, "That's just a student or a friend." It goes farther than that, and they are family. However in some cases, some people are actually related to another.

Most students at **Shawe** love having their siblings at their school because whenever they are down or having a bad day, who else would know better how to cheer them up than their own flesh and blood.

“Everyone knows each other and is relatively close like a family would be.”
-Andrew Ott

Senior, **Luke Higgins** says, "Although I don't see **Claire** often, I usually joke around with her or pick on her." It was a struggle for the 12 seniors this year who had to leave their younger siblings behind at **Shawe**. **Liz Grote** commented, "It will be hard leaving **Josie** next year because we are all so close." **Josie Grote** says, "**Liz** is like my best friend who is always there for me, I'll miss her so much." Everyone at **Shawe** may not be blood related but the family centered atmosphere makes you feel like you are. -Bailey Wolf

Shannon Fry embraces her older brother, **Eamon Fry**, as he kisses her on the head after the Soccer Sectional victory.

They had a unique bond no other siblings have. The pair could often be seen in their man cave at home playing *Call of Duty* for hours at a time together or simply just talking in the hallway. **Shannon** commented, "**Eamon** leaving is like losing my best friend. I can't imagine not being able to see him everyday. Turning his room into my closet will make me feel better though."

Although they may become distant due to **Eamon's** move to college, thier strong brother sister bond can't be broken.
photo by Bridget Fry

Meg Scroggins and **Trent Scroggins** try to reenact a scene from their favorite television show "The Walking Dead." The **Scroggins** family would watch the show religiously together. *photo by Trenton Scroggins*

Chase Heaton and **Mr. Curt Gardner** were commonly mistaken as family because of their similar resemblance. This was **Gardener's** first year at Pope John. *photo by Trenton Scroggins*

Madison Drumm, 11th
"I love having my mom at school because I can go to her when I need her."

Savannah Apel, 8th
"If I forget to ask my mom something, I can easily ask her at school."

Myles Hesse, 10th
"I like having my dad as the principal because I feel like the prince of Shawe."

Summer Martin, 7th
"I like having my mom at school because I can talk to her on a bad day."

Love, according to the Google dictionary is "an intense feeling of affection towards another person." One senior, **Aczael Garcia**, agreed, "My definition of love is an unexplainable feeling you have toward someone. It is the feeling of never ending happiness. When you are in love, just seeing that one person for a second makes your day, even if your day isn't going your way."

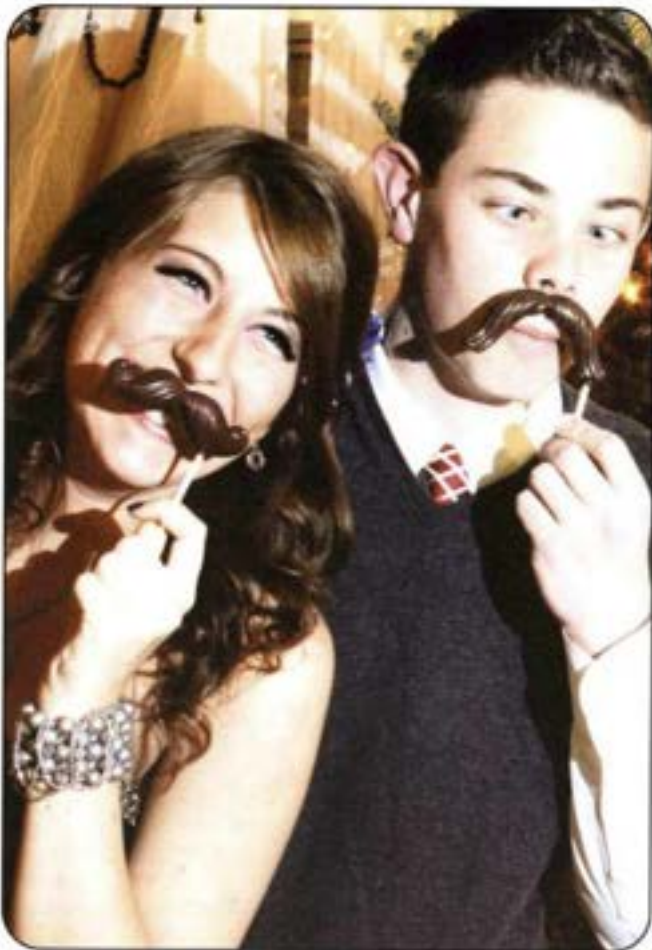

Many Shawe couples would have to agree. "**Whit** is the sweetest guy I've ever met. He's always been one of my best friends--he's so funny, and overall an super awesome guy," junior, **Madison Drumm**, said

about her boyfriend, sophomore, **Whit Grote**.

Couples at Shawe range from as early as seventh grade all the way to seniors. One freshmen couple, **Sebastian Livorno** and **Kylee Ashbury**, can be seen together at many sporting events and family gatherings. "I love my **Kylee**, and I'd do anything for her! She's the perfect girl for me!" said **Sebastian Livorno**.

Love has taken many different forms with every student and staff member at Shawe Memorial. -*Trenton Scroggins*

“ Love is a
psychological
disorder.
-Mr. Nathan
Hall ”

Morgan Koehler and **Kaelan Jines** take advantage of their Thanksgiving break by getting together for dinner at **Jines'** grandparent's house. The two also enjoy going to the movies, four-wheeling, and going to junior high girls basketball games. *photo by Randy Stewart*

Whit Grote and **Madison Drumm** pose while trying on mustaches before the Christmas Dance. "I love **Madison**, because she is kind, caring, extremely cute, and makes me feel good about myself," **Grote** said. *photo by Chemaighn Drumm*

Skip Maas and McKay Burdette dance together through a slow song played at the Christmas Dance. The two freshman have been dating for two years, which is longer than any Shawe student relationship. *photo by Trenton Scroggins*

Wyatt Alexander, 7th
"If I could date anyone in the world I would date **Johnny Depp.**"

Addie Davis, 11th
"If I could date anyone in the world I would date **Trenton Scroggins** because he is so cute!"

Bailey Wolf, 9th
"If I could date anyone in the world I would date **Drew Van Ackler**--he is very, very attractive!"

Catholic Schools Week is one of the biggest times of the year, not only for Shawe, but for every Catholic school and parish in the United States. This is a time for students, faculty and staff to celebrate the Catholic faith and all of its surroundings.

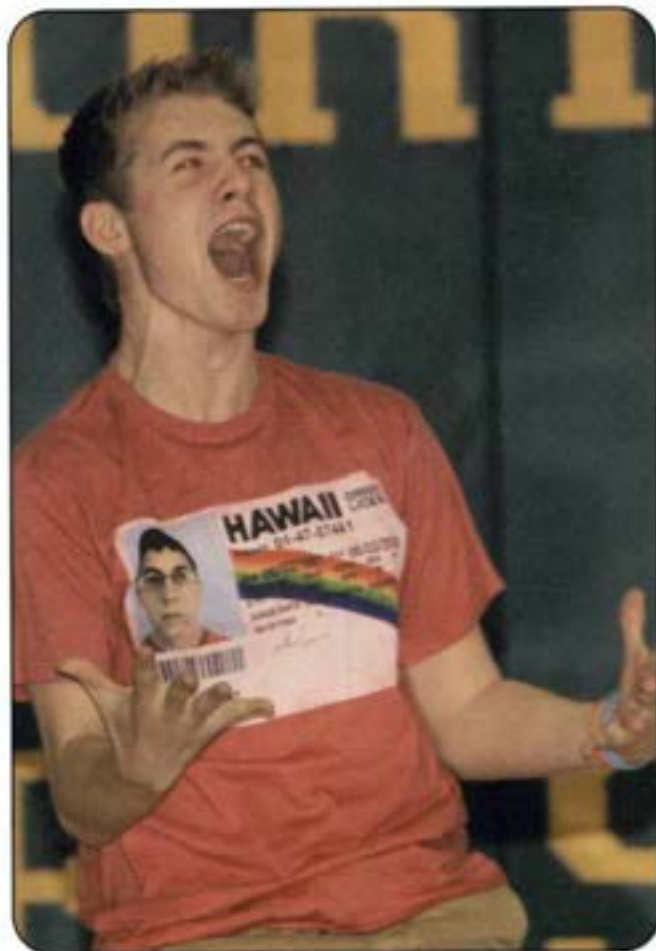

Throughout the entire week students were able to participate in many activities including a paper football tournament, an activity with Pope John students, a baby picture guessing game, mini-life lessons, and the teacher appreciation toast.

When asked what his favorite memory from

Catholic Schools Week was, **Dalton Jones** replied, "I really liked coming close to winning the paper football tournament. We were really close but lost in one of the final rounds." **Nickie Fitton** added, "I love all of the special dress down days. It gives everyone a way to express themselves."

“ I like attending a Catholic school because I can profess my faith at school with others who are also Catholic. ”
-Joey Belt

Each and every student has reasons why they like attending a Catholic School. It is because of every single person who comes together that we have the school system we do today. -*Brittney Snodgrass*

Playing Catch Phrase, Caleb Denton tries to hint at what the word is so his partner can quickly guess. How to play Catch Phrase was one of the mini-life lessons during Catholic Schools Week. *photo by Brittney Snodgrass*

Overjoyed, Jack Heitz, jumps up in celebration after moving onto the next round of the paper football tournament. The paper football tournament was one of the highlights of Catholic Schools Week for students. *photo by Trenton Scroggins*

Mrs. LouAnn Center, Mrs. Chemaigh Drumm, Mrs. LeAnne Adams and Mrs. Teresa Torline grab some breakfast treats before the Teacher Appreciation toast. Members of the senior class stood up in front of the whole school to share a few words about each teacher. "My favorite part was sharing all of the old memories we had with our teachers. It was fun to hear all of those stories again," added **Bailey Davis**. *photo by Brittney Snodgrass*

Taylor Grote rushes to figure out who each of the babies in the pictures are. This was a new activity for students to participate in, and many seemed to enjoy seeing their peers as babies. *photo by Brittney Snodgrass*

Enjoying some time with her buddy, **Abby McInteer** pauses for a picture. During Catholic Schools Week, Shawe students were buddied up with students from Pope John Elementary School and participated in lunch and an activity. *photo by Brittney Snodgrass*

Julia Wise, 12th
"My favorite part of Catholic Schools week is the activity with the Pope John students. I had a lot of fun with the first grade students this year."

Caleb Deeg, 11th
"Yelling 'Yahtzee' during the Bingo game was my favorite part of Catholic Schools Week."

Grayson Rhoten, 9th
"My favorite part was coaching my team in the paper football tournament."

Zach Stewart, 7th
"My favorite part of Catholic Schools Week was playing Bingo with the whole school."

Many students at Shawe loved the school dances. Whether they went with a date, or just went to have fun with their friends, almost everyone from Shawe could be seen at the school dances. For some students it was also a chance to participate in a school event with a boyfriend or girlfriend that went to a different school. The Christmas dance was at Knights of Columbus and was put on by the senior class. **Liz Grote** said, "My favorite part about the dances was just dancing and having a great time with my friends. We always have a blast just dancing together and screaming

the lyrics to our favorite songs at the top of our lungs. By the end of the night, my feet were sore and my voice was gone." The music blasted as the Shawe students danced to the fast beat. As the night went on, even as some students started to get tired, the energy in the room grew more and more. For many Shawe students a night of a school dance was a night for great memories. **Trent Scroggins** said, "My favorite part about the dances is taking pictures of everyone acting silly at the dances. I love the experience and just being there with all of my friends." - *Morgan Koehler*

“ My favorite part about the dance was seeing Prince and Princess chosen. ”
-**Michael Abbot**

Winners of the 2012 Snow Prince and Princess stand together after being nominated. **Garrett Grimes** and **Sarelia Rios** were the lucky winners of 2012 Christmas dance tradition. *photo by Trent Scroggins*

Chase Heaton was captured on camera enjoying himself at the Christmas dance. Many students looked forward to the dance to spend time dancing with their friends. *photo by Trent Scroggins*

The Snow Prince and Princess winners from 2011 were **Angela Goley** and **Myles Hesse**, who held the hats to pass out to the Snow Prince and Princess of 2012. The Snow Princess nominees on the left were **Madison Drumm**, **Ivy Schaefer**, and **Sarella Rios**. The Snow Prince nominees were **Garrett Grimes**, **Whit Grote**, and **Connor Boone**. One girl and one boy would be selected from the votes of the senior class and then the winners from last year would give them their Snow Prince and Princess "crowns".

photo by Trent Scroggins

David Grote teachers one of Shawe's history teachers, **Miss Ott**, how to do the two step. Even the teachers got into the spirit of the music during the dances. Many students could be seen encouraging the teachers to dance. *photo by Trent Scroggins*

Julia Wise and **David Strange** enjoy dancing during a slow dance song. All the students danced during slow dances, whether it was with a boyfriend or girlfriend, a friend or simply just their date to the dance. *photo by Trent Scroggins*

Aczael Garcia, 12th
"My favorite part about the school dances is dancing the night with my friends."

Nicki Fitton, 11th
"My favorite part about dances is that everyone has a great time!"

Jesse Ball, 12th
"My favorite part about dances is busting some killer moves with friends."

Elizabeth Stucker, 12th
"My favorite part of the dances is seeing everyone dressed up."

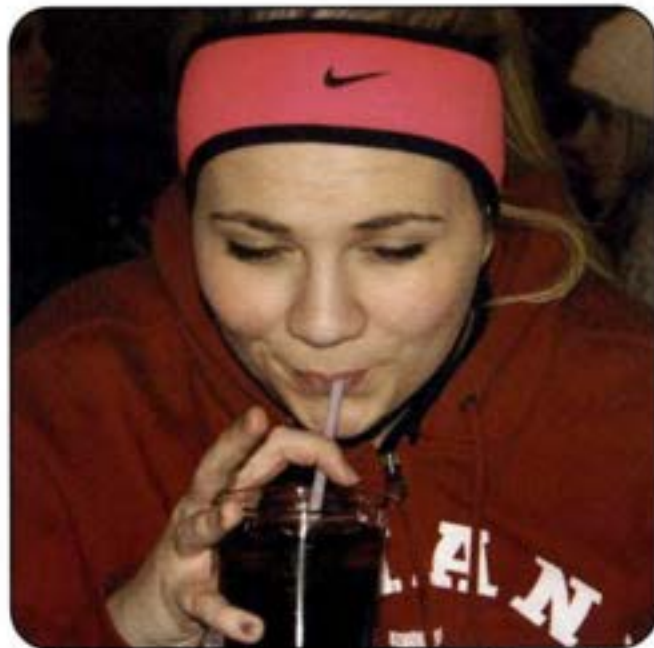

From yoga pants to old sweatshirts, trends have emerged this year. Many trends have become really popular recently or have been brought back from past decades. Students are required to wear their uniforms Monday through Thursday, but they still found a way to show off their accessories. **Hannah Tilley** says, "On Fridays I love being able to express my hipster style." Even though their options for clothing to wear to school was limited, the student body found ways to express their sense of style.

On Fridays, one of the most popular trends were vintage items. Shopping at a Goodwill or receiving hand me downs turned out to be a lot less expensive, and sometimes students found clothing they never could afford before. Wearing clothing from a different decade is not uncommon to most. **Maddie Waller** comments, "Clothing may still be old, but just because it's aged doesn't mean it's not cool to wear." The students proved whether old or new; it could be stylish. *-Bailey Wolf*

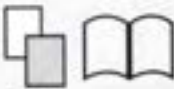

“ Being able to dress down on Fridays is a lot better than uniforms. **-Morgan Koehler** ”

Shelby Greene sucks down her coke while wearing her ear warmers. During the winter weather, the students would make sure to bundle up for the cold weather. *photo by Trenton Scroggins*

Luke Higgins, Taylor Rhoten and David Grote show off their new mohawks for sectionals. The soccer players would annually cut their hair using a new style for each season near sectional time. *photo by David Grote*

Trends

search

Trenton Scroggins takes multitasking to the extreme by using his Apple computer, iPad mini and laptop all at the same time. Students were often seen with their Apple devices in hand during most of the year. **Trenton Scroggins** needed his devices to work on his school website Topper Four News. He would always have his Apple products spread out around him working on his page. *photo by Bailey Wolf*

A common trend was also wearing leather jackets. **Kylee Ashbury** gives a thumbs up while wearing her leather jacket. *photo by Suzi Ashbury*

Jarrod Rampy wears his fur cap during the Pro Life March, students would wear different fake animal hats throughout winter. You could see a variety of furry hats like **Rampy's**. *photo by Trenton Scroggins*

Abby McInteer, 12th
"My favorite trend is scarves and the leather boots. I love scarves."

Casey Applegate, 11th
"My favorite trend is hats. They are as necessary as pants really."

Savannah Apel, 8th
"My favorite trend is a cute floral dress and a leather jacket."

Elizabeth Stuker, 12th
"My favorite trend is Toms. They look so cute, and are really comfortable!"

The lunches changed quite a bit this year from new food to a new staff. New lunches were added such as pork chops and salads. New foods were introduced and some lunches were improved. The salads had more toppings added to them including broccoli, tomatoes and cucumbers. The salads were not just lettuce and a few toppings. **Sarelia Garcia** said, "I like the new salads a lot better because of all the vegetables on it now." This was one item that had new additions to it.

Another change that was made was more food

was offered. Students were usually limited to an apple or mixed fruit. This year, students were given the choice of more than one kind of fruit. Also, students were not only offered a larger variety of food items, but more condiments were put out. **Grayson Rhoten** says, "My favorite new condiment is the barbecue sauce because it has some flavor." The student body was open to trying new things and adjusted to the major changes. The changes made to the lunches this year gave the students more of a choice of what food they wanted to eat. *-Bailey Wolf*

“The new food items offered at lunch are a good change.”
-Michael Abbott

Lily Byard laughs at a funny story that **Katrena Gobert** was telling her. Lunch was not only a time to eat, but a time to talk and laugh with friends. *photo by Bailey Wolf*

Students were also given the option of eating in the student lounge. **Collin Hambrick** and **Collan Henderson** ate their lunches in the lounge and played a game together. *photo by Bailey Wolf*

EmaLee Copeland and **Mckay Burdette** chose to bring their lunch instead of buying it. Many students brought their lunches instead of eating a school's lunch because they could bring food that wanted to eat that day. *photo by Bailey Wolf*

Friends, Meghan Scroggins and **Ivy Schafer** drink their sodas instead of the offered milk. Some students, instead of getting a milk with their lunch, preferred to bring their own drink. *photo by Bailey Wolf*

Aaron Peterson utilized his lunch period to do his homework and lesson his workload for home. **Ethan McCarter** lends him a hand by explaining the assignment to him. *photo by Bailey Wolf*

Dalton Jones, 10th
"My favorite lunch is the chicken nggets because they are really good."

Katelyn Moore, 9th
"My favorite lunch is the peanut butter and jelly sandwich with chili."

Riley Boone, 8th
"My favorite lunch is the chicken patty on a bun."

Brad Koehler, 9th
"My favorite lunch is the salisbury steak because, the sauce is flavorful."

Student Council worked hard to pull off another amazing homecoming. The Mardi Gras mask theme had students excited and ready to have a great time at the dance.

All of the candidates were excited to be on the Homecoming court.

Andrew Ott said, "It was awesome to get the chance to be on Homecoming court with this being my first year back at Shawe in a while. Being crowned Homecoming Prince was also a bonus."

Many students were excited to attend the

dance after the game. Students from all different schools attended Shawe's Homecoming dance.

They loved the chance just to dance and have fun with their friends.

Brooklyn Koehler said, "I loved having the chance to go to the dance and hang out with my friends. We had a great time dancing and singing the words to our favorite songs. By the end of the night our voices were gone." No matter if Shawe won or lost, the Homecoming game the event

was full of smiles and excitement. -*Morgan Koehler*

“My favorite part of homecoming was going to the dance!” -**Mckay Burdette**”

Madison Drumm and **Andrew Ott** get a picture after being crowned Homecoming Prince and Princess of 2012-2013. Both of the winners were juniors for 2012-2013. *photo by Trenton Scroggins.*

Homecoming King and Queen Liz Grote and **Kyle Daughtery** get a picture after being announced King and Queen. Every year the King and Queen are seniors. *photo by Trenton Scroggins*

The varsity players gather together before the Homecoming game. Players did this before every game and continued the tradition before playing Rock Creek for the Homecoming game. Since there were so many seniors on the basketball team, for many of them this would be the last Homecoming game they would experience. *photo by Trenton Scroggins*

Freshmen **Brad Koehler** and **Jenna Armstrong** walk to their spot for Homecoming. They waved to their friends as they walked to their spots. *photo by Trenton Scroggins*

King and Queen candidates **Abby McInteer** and **Luke Higgins** wave as they walk to their spot in the gym while Homecoming results are announced. Homecoming is an exciting event for the candidates. *photo by Trenton Scroggins*

Alex Reuss, 12th
"My favorite part about the Homecoming dance was hanging out with friends!"

Sarah Sanders, 11th
"The best thing about the Homecoming dance was dancing with friends."

Mackenzie Ott, 8th
"My favorite part about Homecoming was dancing."

Kylee Ashbury, 9th
"The best part about the dance was shouting the lyrics to my favorite songs."

"The biggest difference between the U.S. and Europe was the food," junior, **Shelby Greene** said. "It was a lot better there."

After returning home from an eleven day trip, discussions rose on the differences between Europe and the USA. "The biggest difference was the way the Europeans dressed," senior, **Kalyn Robinson** said. "Their attitudes were different too."

Ms. Aline Schafer moved from Europe to the U.S. at a young age, and returns every other year. "The biggest difference is getting exercise," she said. "Walking everywhere to get where you need to go."

When **Schafer** returns, she takes a group of students, and this year, like many others, the students were amazed by the differences. While on the trip, students capture every moment through their phones or cameras. The students took pictures of architecture, landscapes, and the food. Some of the students filmed different events. Junior, **Billy Cole**, videoed the Eiffel Tower glowing with lights at night. The trip has been a way for students to expand their experiences outside of the country and indulge in the European culture.
-Trenton Scroggins

“ I love gelato! It is so much better than ice cream. ”
-Billy Cole

Mrs. Tammy Josephsen, Ms. Aline Schafer, and Mrs. Crystie Schultz take a sip of hot cocoa. The students and chaperones enjoyed many of the European meals. *photo by Billy Cole*

Sarah Sanders stands at the center of France in front of Notre Dame. Popular belief suggests that if you make a wish while you jump on this spot, you will return to France in the future. *photo by Kalyn Robinson*

Mrs. Crystie Schultz, Shelby Greene, Sarah Sanders, Kalyn Robinson, Mrs. Tammy Josephsen, Ms. Aline Schafer and Billy Cole pose for a group photo in Italy. The group trimmed Cole's beard to resemble their tour guide's. He was allowed to keep the beard for one day of school after returning home. *photo by Michael Jones*

Shelby Greene, Sarah Sanders, Mrs. Tammy Josephsen, Ms. Aline Schafer, Mrs. Crystie Schultz begin their boat ride through Venice, Italy. They toured the floating city for a day, then departed Europe for home the following. *photo by Billy Cole*

Shelby Greene, Billy Cole, Ms. Aline Schafer, Mrs. Tammy Josephsen, Kalyn Robinson, Sarah Sanders, and Mrs. Crystie Schultz pose with their bus driver Luigi (at center). He transported them to several areas while in Italy. *photo by Michael Jones*

Ms. Aline Schafer
"My favorite part of the trip was watching the expressions and hearing excitement in the students' voices when seeing new sites."

Sarah Sanders, 11th
"My favorite part was being able to see all of the historical landmarks and beautiful scenery."

Kalyn Robinson, 12th
"My favorite part of the trip was seeing the Eiffel Tower at night."

Shelby Greene, 11th
"My favorite part of the trip was the very last day in Italy when we got to travel all over Venice."

April 27th's Spring Fling attracted a wide array of students from ninth to twelfth grade. The Candy Land themed dance was held in the Pope John Cafeteria and sponsored by the French Club. French Club member, **Karen Aguilar** commented, "Planning Spring Fling was a challenge and very stressful. We all worked together which made it easy, and we had fun doing it."

Traditionally, girls ask guys, but others prefer to go by themselves or just with friends. **Sarah Sanders** added, "Going with friends is a lot more fun than going

with a date. Trust me!" Then, the couples, many times in a group, go to dinner and then to the dance.

Spring Fling was awesome! Especially since I boogied so hard on the dance floor!
-**Laura Hesse**

Ian Vandewater was the DJ of the night. **Vandewater** had DJ'd several times before, but says there is always a challenge of picking the right songs. "The hardest part is finding good songs that everyone likes. My favorite part is looking up funky remixes to songs," he added.
-**Brittney Snodgrass**

Allison Mruzek and her date, **Ben Terpening**, enjoy a dance together at Spring Fling. A majority of students brought dates or came with their friends. *photo by Trenton Scroggins*

Garel Blanchard and **Bailey Wolf** pause to take a picture together at the end of Spring Fling. Students could be seen snapping group shots of each other. *photo by Trenton Scroggins*

Smiling big for the camera, Megan Whitham, Bailee Koehler, Stephanie Snodgrass, Meghan Scroggins and Amelia Koehler wait for their parents to snap a picture. Groups of friends and couples gathered together before the dance to get ready and take pictures. *photo by Trenton Scroggins*

Friends, Bailey Wolf, Katelyn Moore, Jenna Armstrong, Maddie Waller, Sarelia Garcia, Shannon Fry and Morgan Koehler enjoy a goofy picture together during Spring Fling. The girls could always be seen goofing off together. *photo by Shelby Greene*

"Hanging out with my friends and my date was the best part."

Billy Cole, 11th
"My favorite part of Spring Fling was being able to dance with all of my friends and have a great time."

Sophie Edens, 9th
"I liked popping balloons and dancing around with my boot on."

Washington D.C. is not only the capital of the United States, it holds a lot of history within its streets. The eighth graders learned about US history before they went on their trip. The things they read about became real for them when they actually saw the location where the events happened. **Claire Higgins** commented, "Going to the actual location of where a historical event happened made it a real learning experience."

Some of the places they went to included the Holocaust museum, World War Two Monument

and Arlington National Cemetery taught the students a lot of information. **Carson Hambrick** commented "The saddest part was in the Holocaust Museum seeing all of the shoes on display." In the Holocaust Museum, they saw the devastation of the Holocaust throughout the whole museums. Other museum they went to had much information on display for the students to enjoy. The eighth graders visited many sites and learned a lot of information.

“ I wouldn't have wanted to go with any other class but mine. ”
-Jacob Binzer

-Bailey Wolf

The rain couldn't stop the Eighth graders on their trip. They put on their raincoats and still enjoyed all of the things they saw. *photo by Erin Poyner*

The Eighth graders and their chaperones pose for a picture in front of the Basilica of the National Shrine of the Immaculate Conception. The students attended a Mass at the Bascilla too. *photo by Erin Poyner*

Chris Higgins pushes **Bridget Fry** around in **Josie Grote's** wheel chair so **Fry** takes a rest from all of the walking. The students had to walk a lot during the trip. **Grote**, however, had to get around by either wheelchair or crutches. She had torn her meniscus just a few weeks before the trip.

Megan Hill, 8th
"My favorite place we went to in D.C was the hotel to party."

Mackenzie Ott, 8th
"My favorite place we went to in D.C was the Capital Building."

Joey Belt, 8th
"My favorite place we went to in D.C was the Natural History Muesum."

Juniors, seniors and a few sophomores attended the Black tie Affair Prom. This prom was held at a new location, Richwood Plantation in Milton, Kentucky.

Although some people were scared how it would turn out, their fears subsided when they arrived at the event. "Prom was so much fun! The Juniors did an amazing job, and I was really happy that my last prom was as amazing as it was!" **Angela Goley** said.

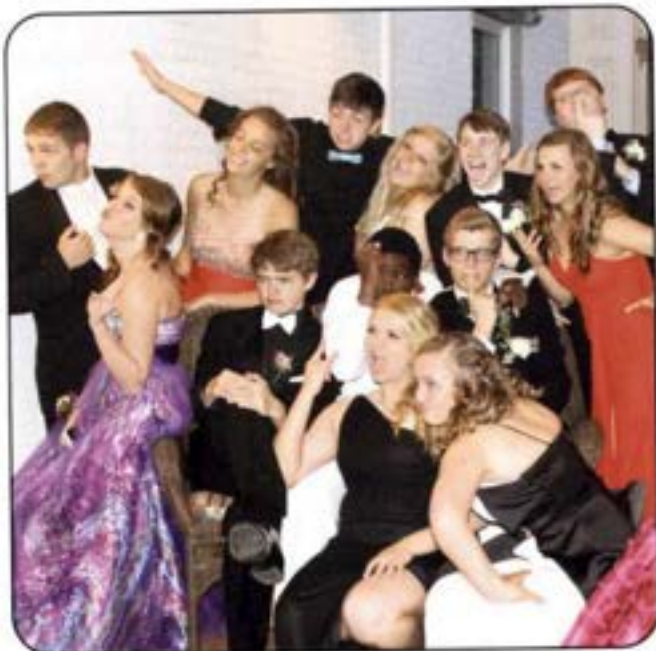

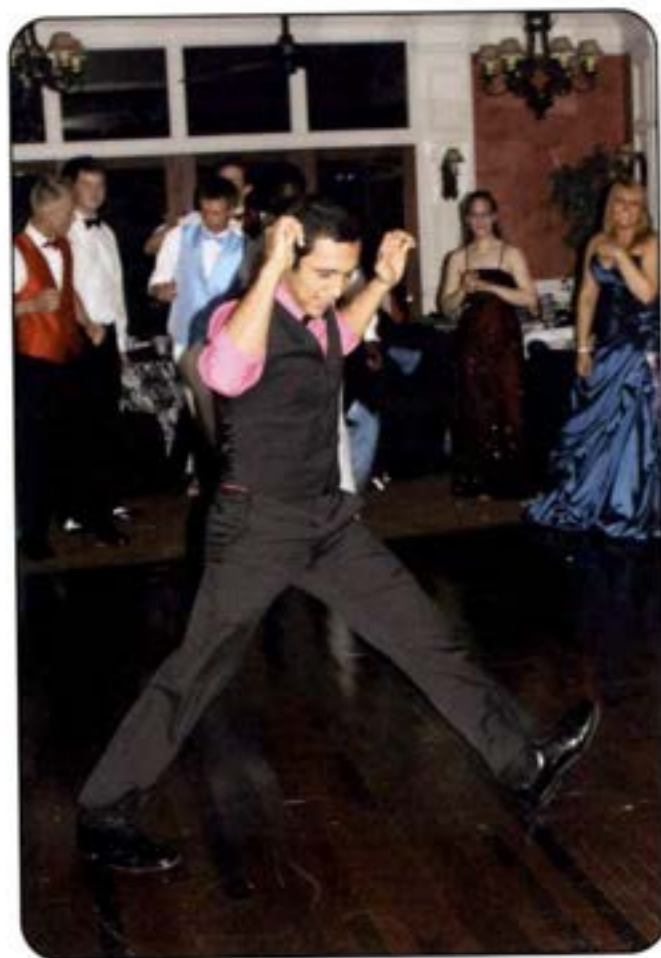

Planned by the Junior Class, the success of prom year after year depends on every junior

student. **Billy Cole** added, "Planning prom was a long and difficult process. People really didn't want to plan anything. It ended up well in the end, and really fun!"

“ Dance is the hidden language of the soul. ”
-Anonymous

Comprised of dinner, dancing, the crowning of Prom court and a photo booth, attendants of the Black Tie Affair were kept busy. "The photo booth was one of my favorite parts. I took so many goofy pictures with my friends and even our chaperones too! It was a great night!"

commented **Connor Boone**. -*Brittney Snodgrass*

Posing for a picture, the junior class strikes a pose. Each year, the junior class plans a prom for the juniors and seniors. *photo by Chemaighn Drumm*

Showing off his dance moves, **Aczael Garcia** does his best to win the dance competition. The winner recieved their choice of many prizes including pillow pets, DVD's and gift cards. *photo by Brittney Snodgrass*

Posing for the camera, prince and princess, **Addie Davis** and **Andrew Ott**, along with King and Queen, **Hannah Tilley** and **Dakota Weaver**, smile with great enthusiasm. The crowning was a highlight of the evening for some, especially those who made the court. *photo by Brittney Snodgrass*

Julia Wise, 12th
"My favorite part of prom was my date, **Liz Stucker!**"

Kalyn Robison, 12th
"My favorite part of prom was being able to dance and sing during our class song."

Amelia Koehler, 9th
"Being with all of my friends and getting all dressed up was my favorite part."

Elizabeth Stucker, 12th
"Dancing and acting silly with my best friends. We knew it was one of the last times we would be together."

Dodge, duck, dip, and dive were a few words that could be used to describe the various actions students took during their day of competition. Shawe games has been tradition since 1990 when **Eric Armbrecht** founded the first game. It has always been a day for the students to take out their stresses from the school year in an attempt to beat the other classes.

"We are undefeated" was our classes theme," seventh grader, **Ellen Frede**, said. Shawe games is an intense competition between the entire school, and everything from class theme to game points are

important. The games are divided into three rounds consisting of a numerous number of games. From dodgeball to a truck push, the students are challenged in some activities they have never attempted before.

“ Bring the thunder.
-Junior Class Theme ”

The tradition lives on. For some past graduates such as **Mr. Nathan Hall** and **Mrs. Alice Belt**, who have returned to Shawe and are now on the staff's side, have experienced both the student and staff points of view. "Never in a million years," **Hall** said when asked if he ever imagined himself on the staff's team, "Though it's not so bad." -*Trenton Scroggins*

The water balloon explodes in **Shelby Greene's** face during the water balloon toss. The teachers defeated **Kyle Daugherty** and **Ryan Cox** in a final death catch by **Mrs. Angela Miller**. *photo by Trenton Scroggins*

Collan Henderson rides his unicycle on the tennis courts during round two. Henderson rode during his classes introduction, and even throughout the school. *photo by Trenton Scroggins*

The senior class defeats the entire school and ranks first place in the games. This is the second year the seniors have won the games. *photo by Trenton Scroggins*

Grayson Rhoten, 9th
"My favorite part of Shawe games is the fierce competition between the classes and the staff."

Hannah Tilley, 12th
"My favorite part of Shawe games was dominating in charades. Our class has won every year we've been here."

Andrew Eigel, 10th
"My favorite part of Shawe games was learning how to play Euchre."

Abby Valkovci, 12th
"My favorite part of Shawe games was winning the first round. Shout out to Hannah, Brittney, and Julia!"

On June 2nd, family, friends and faculty watched as the tight-knit class of thirty-nine seniors became school alumni. Over sixty percent of the class received academic honors diplomas, and combined, they earned more than \$1.2 million in scholarships. In addition they volunteered over 9,500 hours of service to the school, church and community.

Laura Hesse, a National Merit Scholarship finalist, was the class valedictorian, while **JaLynn Copeland** was the salutatorian. **Mr. Curt Gardner**, Pope John Elementary School principal, served as the

commencement speaker. **Gardner** said, "When I was you, I had decided a few things: I was never going to be that loser who lived in Madison, Indiana, and hung out at his old high school, drove a mini van and had to wear a tie to work every day...And now, I'm that guy. Not that I've failed, but my goals simply changed by choice."

The thirty-nine graduates now go out into the world to attend college, serve the country or enter the workforce. They will treasure their thirteen years spent at Prince of Peace Schools.

-Brittney Snodgrass

“ Is 13 an unlucky number? The experiences of the Shawe Class of 2013 prove otherwise. ”

-Laura Hesse

President, Phil Kahn, introduces Valedictorian, **Laura Hesse** before her speech. **Hesse** was recognized as top of the graduating class with over a 4.0 GPA. *photo by Dave Snodgrass*

iClass - People

Shawe Memorial is one of the smallest schools around. Most of our classes only have between twenty and thirty people in them. Shawe is a school where everyone knows everyone. In most classes, a good majority of the class had been together since preschool or kindergarten. Many students feel very close to their classmates. **Brooklyn Koehler** said, "I've known most of my classmates since I was a little kid. Yes, some of my classmates can get on my nerves sometimes, but when it comes down to it our class wouldn't be the same if even one person was missing from it."

School spirit is a major thing at Shawe Memorial. Once again our school is small, so, sometimes we have a smaller student spirit section than other schools. Many students at Shawe may be the only student in the whole school who do a particular sport because it is so small. Many students found other sports that the school didn't offer. The closeness of the people at Shawe caused those people to have support too. **Shelby Whitham** said, "Dance isn't a sport that is offered at Shawe Memorial. There are

only three students at Shawe that are in dance, and when we performed at other schools in town I saw so many people there to support me from my school. It was nice to know that no matter how few people participated in the sport, we were still supported by our fellow students."

Being in such a small school creates friendships that could last a lifetime. Many people have been friends with their best friends since they were three or four years old. **Sarelia Garcia** said, "I have six best friends and I have known them all since I was in kindergarten. I couldn't imagine my life with any one of them missing. The seductive seven are friends for life."

Even though Shawe is a high school, everyone is there for everyone. If someone is going through a bad time in their life, people know about it and are there to support and help them. If someone is getting bullied or picked on, in most cases someone steps in. The people at Shawe Memorial are like a small family. -**Morgan Koehler**

After many years of panic and fear among the faculty and staff on how to cope with such a big class, the Seniors have finally reached the end of their journey. Encountering many ups and downs along the way, the Seniors are left with memories to last a lifetime. "My favorite memory from Shawe was gluing a penny to Mrs. Williams floor in art class and blaming it all on someone else," commented Cassey Higdon. Jordan Chandler added, "My favorite memory was ordering pizza at lunch, having it delivered to the school, and then getting in trouble with Coach Bomholt."

With a busy year full of both challenging and fun activities and events, the seniors were kept busy. From Senior Retreat and Prom to college applications and scholarships, a break was never soon enough for some. "The hardest part of senior year was trying to stay motivated. Procrastination definitely got the best of me at some points," added Hannah Tilley.

The friendships created and the memories made will stay with the students for a lifetime. "Let go and let God! That's my best advice! Life is stressful and all you can do is trust in God that he will help you through it," added Angela Goley. -Brittney Snodgrass

Cooling off after a long day of hard work, **Eamon Fry** glides across a homemade Slip'n'Slide. After finishing setting up for the annual festival at the school, the senior class enjoyed the day together. This was one of the many ways the senior class bonded throughout the year. **David Strange** commented, "I really enjoyed getting to know my classmates this year. I think we were the closest this year as a class, especially after retreat." *photo by Brittney Snodgrass*

Another year brings new experiences, and more and more stories to tell. "The junior class is unique," **Garel Blanchard** said, "Unlike other classes we hangout every weekend."

A majority of the Junior class gathers at **Billy Cole's** house on Monday nights for a monthly dinner. "The dinners really bring our class closer together," stated **Cole**. When they aren't eating at **Cole's**, the class migrates from house to house for movie nights. Watching *The Devil Inside* on a projector outside of **Addie's** house was my favorite memory of this year," **Madison Drumm** stated.

"Our class is well-known for three things: laziness, creativity, and drama," said **Mckayla Thornsberry**. However, this class enjoys their friendship and time at **Shawe**.

"Behind the drama and laziness we are the greatest class to go through **Shawe Memorial**," **Chase Heaton** stated. -*Trenton Scroggins*

Having such small classes at Shawe makes it easier to appreciate each other. Your class starts to feel like part of your family. As the years go by, it seems like each class gets closer and closer. Realizing that half of their high school years were already over, made the Sophomore class come together and learn to appreciate each person for the way they are. **Ivy Schaefer** stated, "My favorite part about our class is that we are all so close to each other." This was not an understatement. The sophomore class could always be seen having a good time no matter what they were doing.

Although the sophomore class was always having a good time, sometimes the fun could get a little mischevious. **Whit Grote** said, "My favorite part of my sophomore year was when **Billy Cole** told on **Jack Heitz** and I for throwing **Mrs. Riehle's** window decorations at the ceiling." This would not seem to be an unusual situation to anyone who knows the sophomore class. The important thing is its all in good fun and nobody gets hurt. These are some of the many memories of the sophomore class. -*Morgan Koehler*

The transition from being a junior high student to a being a high school student was a shock to some incoming freshmen. The class, however, handled the change with ease. Most were happy to leave behind the junior high life and start their high school career.

The beginning of freshmen year was difficult to cope with. They went from having to learn ten or fifteen objectives in their science class to forty objectives in Biology 1. **Kaelan Jines** comments, "We have a lot more homework, tests and quizzes than we did for sure." At first it was definitely a struggle for many, but the freshmen all helped each other out to alleviate some of the workload.

Another difference from middle school year is more responsibilities. **Katelyn Moore** adds, "I try to use my time wisely to get my homework done before my sports practice starts." Although it was a struggle to do their school work and after school activities, they worked through it. The class adjusted well to the transition to high school. -*Bailey Wolf*

McKay Burdette, EmaLee Copeland, Sammie Tilley, Ava Lohrig and Kylee Ashbury embraced one another after watching their friends, Burdette and Tilley, perform in the fall play "Albis." The group supported their friends acting drives. Copeland said, "We give them positive encouragement because that's what besties do." Lohrig added, "We also help them study their line when they can't memorize it." The girls were always right by each other's sides supporting them. *photo by Laura Ferguson*

The eighth graders are ready to leave their junior high years in the past and move on to the bigger things. They have learned from their experiences and have matured from them. Over the middle school years, they have been preparing to become freshmen. **Riley Boone** says, "I'm ready for bigger opportunities." The class is ready to move on to more complex things and to be challenged more as freshmen.

The eighth graders are excited to start their freshmen careers. With high school comes a lot of responsibilities, for example, school work gets harder, sports get more intense and teachers have higher expectations. **Ben Ratcliff** comments, "I think it will be more challenging, but that adds to the fun." Though they may face new challenges they are ready to work through it as best as possible. They used their experiences as middle schoolers to prepare for their high school careers. The eighth graders figured out what works and what doesn't so they can successfully complete their assignments as efficiently as possible. -Bailey Wolf

The four of them could often be seen cheering on the team at games, yelling out cheers along with the cheerleaders. The eighth grade class loved participating at the games. "My favorite cheer to do at games is jump show your booty," **Mackenzie Lewis** added. *photo by Trenton Scroggins*

The seventh graders underwent many new changes to their school day this year. The move from Pope John Elementary to Shawe can be stressful, but this wasn't a problem for the incoming students. When asked about the uniqueness of her class, **Brooklyn Koehler** stated, "We love to joke around! We are like a bunch of comedians."

Many students were excited for this change. Instead of only one teacher, the seventh graders changed to eight but also gained a lot more responsibilities. One seventh grader, **Ben Wehner** stated, "I think I am ready for Shawe...I've been in elementary for seven years- I'm too old for elementary!"

The seventh grade was full of different personalities and character, but somehow seemed to mix together in harmony. "I don't think our class is ready for Shawe, because we have people who aren't afraid to do stupid stuff," stated **Liam Thomas**, "but this is what makes our class great." **Lily Byard** concluded, "Our class may have many different personalities, but we all still seem to get along." -*Trenton Scroggins*

The school encountered many changes this past year, especially in faculty and staff. The biggest change was **Mr. Steve Hesse** switching roles from a social studies teacher at Shawe to the new principal. **Hesse's** daughter, **Laura Hesse**, commented, "The best part about having my dad as principal of my school is that I can basically do whatever I want."

The school also added **Mr. Kim Deffenbaugh**, **Mrs. LeAnne Adams**, **Ms. Alice Belt**, **Mr. Nathan Hall**, **Mrs. Lori Hedges**, **Ms. Emily Ott** and **Mr. Steven Sims** to its staff. "**Ms. Ott** has been a nice addition to our staff here at Shawe. She really connects with every student and makes it fun both in and outside of the classroom," added **Trenton Scroggins**.

Students and teachers alike had a close bond, which likely comes from the atmosphere at the school. Junior, **Casey Applegate**, added, "All of the teachers encourage us to do well in each and every class. It's a nice confidence boost that I feel helps us to do better in our academics." Each teacher had their own ways of teaching that appealed to the many different students. These various methods made it easier for students to learn the material. *-Brittney Snodgrass*

Mrs. Carole Williams and **Mrs. Andie Martin** converse during the Thanksgiving Dinner. The faculty and staff prepared and served lunch for all students before leaving for the Thanksgiving holiday break. *photo by Trenton Scroggins*

Academics

slide to unlock

Memorization, acceptable computer skills, proper composition, and critical reading are several of the basic requirements students need when taking many high school courses. Along with their basic requirements, students were introduced to a new set of challenges this year. Along with a new principal, **Mr. Steve Hesse**, seven new teachers were hired, and at the end of the year, five of those seven teachers would be leaving. Students were also introduced to new classes while entering their high school careers.

"I took **Mrs. Center's** class because I am interested in a career in engineering," freshman, **Brad Koehler** said. **Center** has been teaching the Project Lead the Way courses for 4 years. The class requires good math skills, memorization and acceptable computer skills. Like **Center's** engineering classes, **Mr. Hall's** science classes also required memorization and good math skills. He taught Integrated Chemistry and Physics, Earth and Space Science, and junior high sciences. **Hall**, a past Shawe graduate, taught at the school in 2013 but will attend medical school in the fall.

There were many teachers who left the Shawe community after this year. The list includes: thirty-four year art teacher, **Mrs. Carol Williams**; twelve year math teacher, **Mrs. Teresa Torline**; one year drama, performing arts, and journalism teacher, **Mrs. Lori Hedges**; one year social studies, economics, government, psychology, and world history teacher, **Ms. Emily Ott**; and one year Spanish teacher, **Mrs. Alice Belt**. The students have adapted to the flow of teachers in and out of the school.

While new teachers held new positions, many upcoming freshmen were introduced into their classes. Freshman, **Bailey Wolf**, joined yearbook for her first year. "Yearbook not only taught me computer skills, but immensely improved my overall writing."

Furthermore, the students have learned many different skills from many different classes this year. Whether it be better math skills or computer skills; students excelled, and the school won awards for many student's hard academic work. - *Trenton Scroggins*

Left: **Megan Goebel's** hair raising experiment in her physics class is one of many hands-on labs used to engage students. In-class labs are often used to give the students a more tangible learning experience. *photo by Brittney Snodgrass.*

Mrs. Andie Martin's Honors English 10 students watch intently as she reviews the *Night* Trilogy. "All students who take AP English or English literature classes should be required to take Composition and Etymology. I think these classes would better prepare the students not only for college, but for their future careers," Martin stated. photo by Trenton Scroggins

Nickie Fitton, 11th

"There is lots and lots and lots of reading."

Bailey Wolf, 9th

"The best part of English is Mrs. Martin yelling at Daniel for clipping his nails in class."

Lilly Boone, 7th

"My favorite Ms. Poyner quote is 'Don't be sorry, just fix it!'"

Michael Abbot studies for his English class exams. Studying exams was very important to most students, because it was one-third of their final semester grade. photo by Trenton Scroggins

Andrew Ott is weighed down by his books for his Composition and AP Honors English classes. The two classes require many books for its studies. *photo by Trenton Scroggins*

“**Books**, books, books, books, essays, books, books, more books, journals, and then more and more books,” is how junior, **Nash Uebel**, describes his AP Honors English 11 class. **Mrs. Andie Martin’s** board reads, “Keep Calm and Carry On” as a fair warning to students.

The school’s English classes are split between three teachers: **Mrs. Martin** with advanced English classes, **Mrs. LeAnne Adams** who teaches the high school English classes, and **Ms. Erin Poyner** who teaches the junior high English classes.

“I enjoy teaching about books I love, and hopefully that influences my students to value learning.” **Mrs. Adams** stated. Then added, “Teenagers can be so much fun to be around!”

When asked what the benefits are of taking advanced classes, **Mrs. Martin** said, “Students are better prepared for college not only with the material, but students also learn valuable time management skills that they will need for the future.” -*Trenton Scroggins*

Myles Hesse revises an essay for his composition class before finals. The composition students are required to turn in a portfolio of ten of their essays at the end of the semester. *photo by Trenton Scroggins*

Mrs. LeAnne Adams explains a question to **Kyle Wisman**. “**Mrs. Adams** is a great teacher. She is very helpful with homework,” **Kyle** said, “and when you have questions.” *photo by Trenton Scroggins*

Ms. Michelle Evans lectures the Spanish class with the "big stick". The Spanish class is renowned for their crazy fiestas, hip music, and Evan's empowering voice. photo by Trenton Scroggins

Garrett Grimes, 9th
"Enthusiasm of the Spanish class teacher, and the unique culture enviroment of the classroom itself makes Spanish class fun for me!"

Hannah Storm, 10th
"Collin Hambrick is the best part of my French class!"

Caroline Wehner, 10th
"French class is fun for me, because I know I am Madame's favorite student!"

Karen Aguilar intensely studies her French test. "Madame Schafer, makes French class fun for me, because she has so much energy to get her students involved during activities." photo by Trenton Scroggins

Ms. Michelle Evans lectures **Garrett Grimes** during Spanish class. Lecturing was one of the many ways **Evans** taught her students. *photo by Trenton Scroggins*

"**Dices** que soy una niña, Que me tienen consentida Dices que soy diferente Ciertamente, Ciertamente Soy lo que me gusta ser, No me intentes detener, Mírame bien, no estoy Hecha de papel? Yeeeah Dices!" junior, **Garel Blanchard**, can be heard serenading to his Spanish class on a daily basis. Freshman, **Bailey Wolf** commented, "Hearing **Garel** sing the Selena Gomez song," was the funniest part of Spanish this year. **Sarelia Garcia** agrees that Spanish class is fun. She stated, "My classmates make it fun, but to top it all off **Mrs. Evans** is just a fun person, and really makes everyone laugh and smile."

Students also enjoy **Ms. Aline Schafer**, "Madame's stories and various other gestures..." **Skip Maas** said, at a loss for words, "...cannot be put into words." However, freshman, **Daniel Carrillo** was able to explain **Schafer's** teaching and rapport with students, "Madame makes learning fun for me. She really helps me understand it, while still making French class fun!"

Foreign languages can be fun, but the real question is, does **Mr. Kim Deffenbaugh** ever learn anything from hearing the lectures in his office in-between the two classrooms? "In some ways," **Mr. Deffenbaugh** said, "It's enhancing my foreign vocabulary. No, I do not jam out to foreign music from the Spanish and French classes with my door shut." -*Trenton Scroggins*

Collin Hambrick wrestles an alligator while on the French class field trip to the zoo. Luckily, **Hambrick** escaped before anyone was hurt. *photo by Trenton Scroggins*

Eponine, the French class pet, found her way into the Shawe family, and left her distinct mark on many students throughout the school year. *photo by Trenton Scroggins*

Antomy students gather for the annual "Bone Fest." They were able to enjoy chicken soup, and show off their skills to a guest. *photo by Christine Stormer*

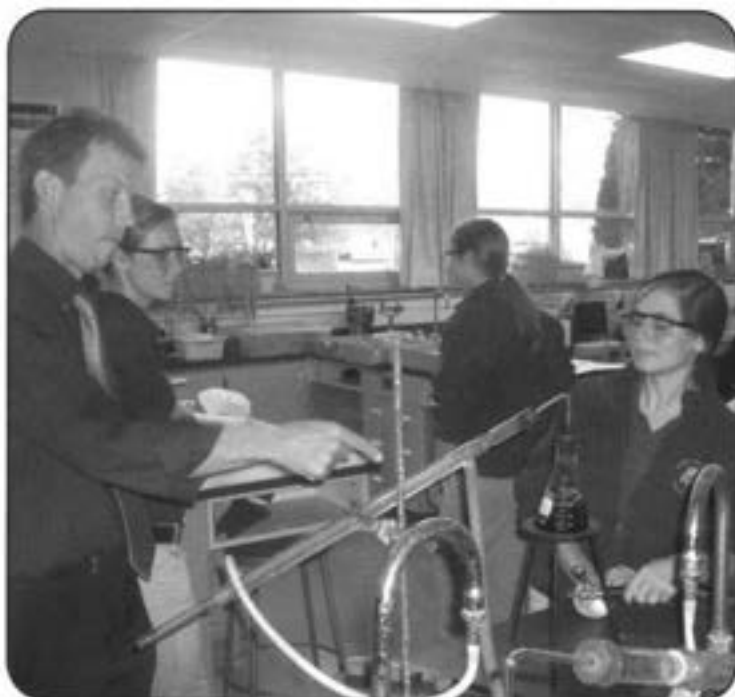

Jenna Armstrong, 9th
"The funniest thing Mrs. Stormer has said was how she related our grade to the baby suffocating story."

Angela Goley, 12th
"Everything Mrs. Armbeck says in class is really funny."

Trent Scroggins, 11th
"The funniest thing Mr. Hall said was when Abby McInteer asked if ghost testers were real. He laughed and said no. He also said he would create a ghost tester of his own."

Mr. Steve Hesse talks with **Allison Mruzek**, and he explains to her the correct way to perform the experiment, he guides her along the way while she does it. He came into the AP Chemistry class and led a helping hand to many different students. *photo by Brittney Snogross*

Joey Belt, 8th grader, examines the remains found in the owl pellet he recieved. **Belt** says, "I decided to take Biology, because I knew I could handle it, and I heard it was really fun. *photo by Bailey Wolf*

The Shawe students have a variety of science courses to choose from. Each science class offered came with a significant amount of objectives to complete by the end of the year. The high school science classes require an abundance of work to be done throughout the year. "I always panic before a test, so I usually read over the chapter and other quizzes and notes for about an hour," **Sammie Tilley** commented. The freshmen class learned pretty quickly that if they don't want their grade to drop, or as **Mrs. Stormer** says, "baby to suffocate," they must devote much of their time to studying and doing homework.

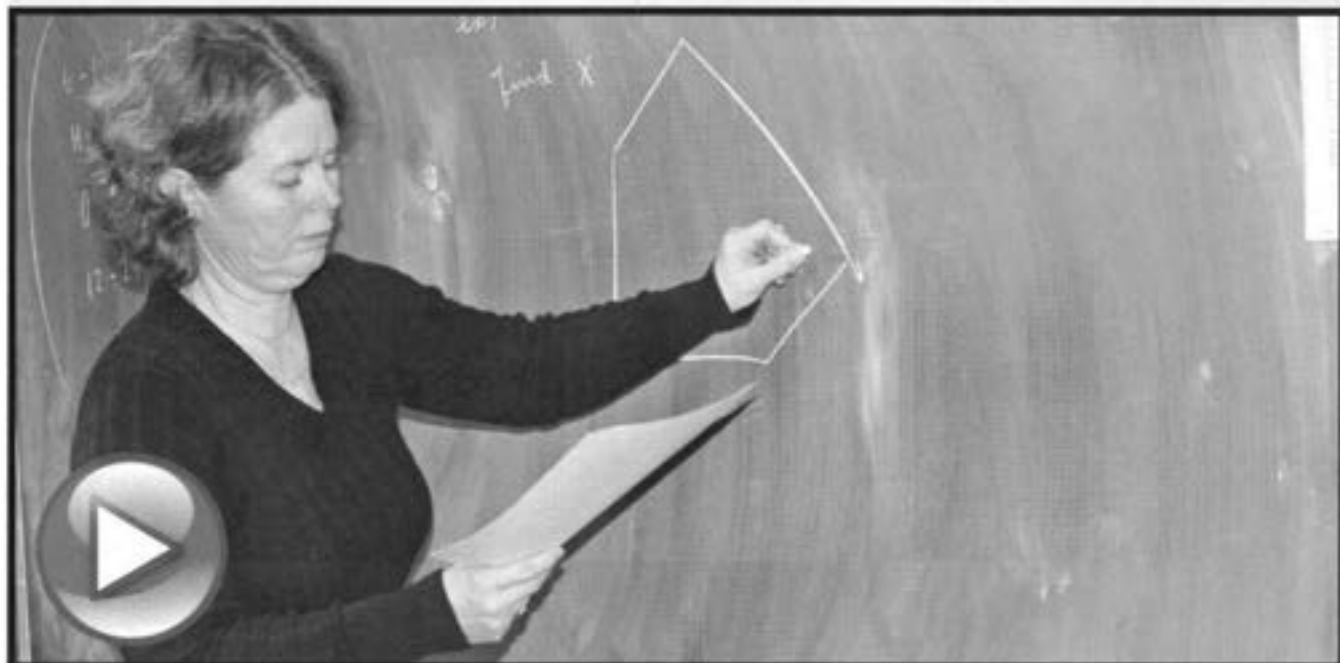

The science teachers made sure that the students understood the material before they completed it. The new junior high teacher, **Mr. Hall**, made himself available after school for anyone that needed assistance. **Mrs. Stormer** and **Mrs. Armbrrecht** also stayed before and after school to finish labs or to answer questions. The teachers encouraged their classes to come in so they can fully learn the material. **Karen Aguliar** says, "It gives me an opportunity to ask **Mrs. Stormer** any questions I had left, or to ask her about something I didn't know." The teachers teach their students to take responsibility of their own grade and to come in on their own time. *-Bailey Wolf*

Liz Grote and **JaLynn Copeland** put their heads together during AP chemistry to make a concoction. **Angela Goley** watches that they follow proper lab techniques and don't mess up. *photo by Brittney Snogross*

Mary Strange was estatic to try out the vandegraph in class. Many of her classmates tried it out, but the class all agreed that **Strange** got the best result from the vandegraph. *photo by Christine Stormer*

Mrs. Teresa Torline teaches her geometry class how to find the angle measures of shapes. This seemed to be an easy lesson for many students. *photo by Morgan Koehler*

Kyle Miles, 9th

"My favorite thing about math is when we get to do group tests. Sometimes it helps to compare answers with other students!"

Meghan Scroggins, 10th

"I love it when Mrs. Torline says, 'give that man a cigar!' It makes me laugh everytime!"

Brooklyn Koehler, 7th

"My favorite thing about math is that my teacher is hilarious! She makes jokes and teaches at the same time, and it helps me remember the lessons."

Billy Cole sits in the student lounge to take a test. Many algebra one and two students were seen doing this throughout the day! *photo by Morgan Koehler*

Shannon Fry focuses on getting an assignment completed. Students enjoyed having time to do their homework during class. *photo by Morgan Koehler*

Math is one of those subjects that is either a strong point or a weak point for most students. Aside from that, many students found something that they liked about it. **Patrick Bear** said, "My favorite thing about math was when **Mrs. Torline** told us a story about a mom correcting her five year old daughter incorrectly and telling her to say you don't never do that. Things like this really helped me remember the lesson." There were many students who found **Mrs. Torline's** stories humorous. **Chase Heaton** stated, "I have a book full of all the funny things I've heard Mrs. Torline say. I made the title *The TAT Dictionary*." This book had a few of the many quotes from **Mrs. Torline** that students caught onto throughout the year.

There were also many things that were enjoyed about **Mrs. Riehle's** classes. **Laura Hesse** said, "My favorite part about math class was finally getting the right answer to a four page long calculus problem." Another thing many students enjoyed about **Mrs. Riehle's** classes was getting the chance to work with a partner or a group on homework, reviews for tests, and sometimes even the actual tests. These were just some of the many things that students enjoyed about math class. - *Morgan Koehler*

Jordan Chandler does his business math skit with **Mrs. Teresa Torline**. This skit was to explain how loans work. *photo by Brittney Snodgrass*.

Garrett Grimes tries to explain how to do a math problem to **Kaelan Jines** on a test review. Many students liked having the chance to get help from other students during class. *photo by Morgan Koehler*

Ben Ratcliff and other eighth grade students, intently listen to Ms. Jenny Nigg lecture over the chapter. Aside from lecturing, Nigg used various exercises, crafts and projects to teach her students. photo by Brittney Snodgrass

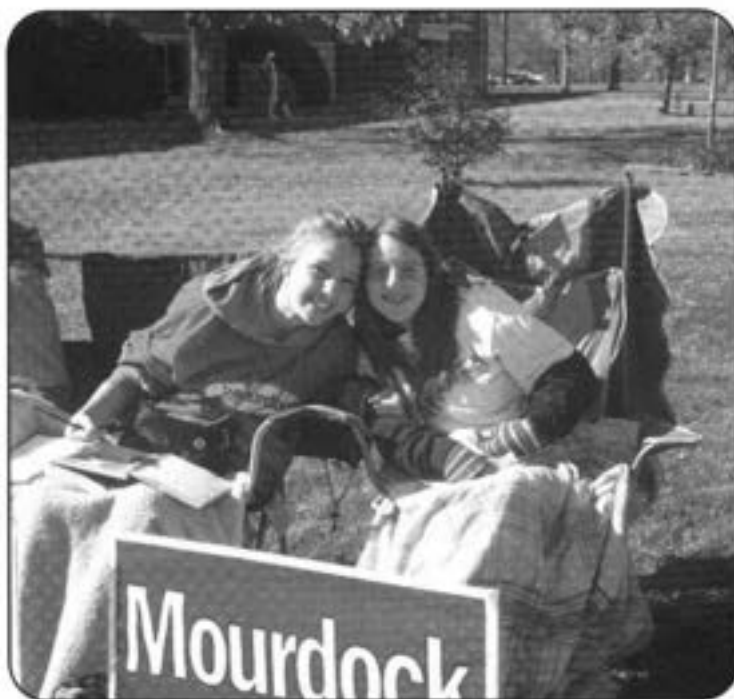

Taylor Rhoten, 12th
"My favorite part of government class is having the lovely Ms. O as my teacher! Duh!"

Summer Martin, 7th
"My favorite part about social studies class is that you get to learn about the history of countries that you usually wouldn't know."

Billy Cole, 11th
"My favorite part of history class was learning more in depth about the time period I thought I knew really well. It turned out that I didn't really."

Caroline Wehner and Megan Whitham campaign at polling locations during the 2012 Election. This was a way to show their political beliefs that had been established throughout their history classes. photo by Brittney Snodgrass

Giving a presentation in his geography class, **Kyle Wisman** points to a country in South America on the map. Some classes allowed for group or individual presentations on a wide range of topics. *photo by Brittney Snodgrass*

Concentrating, **Luke Higgins** works on completing his AP Government quiz. AP United States History along with AP Government were classes that would challenge students in history. *photo by Brittney Snodgrass*

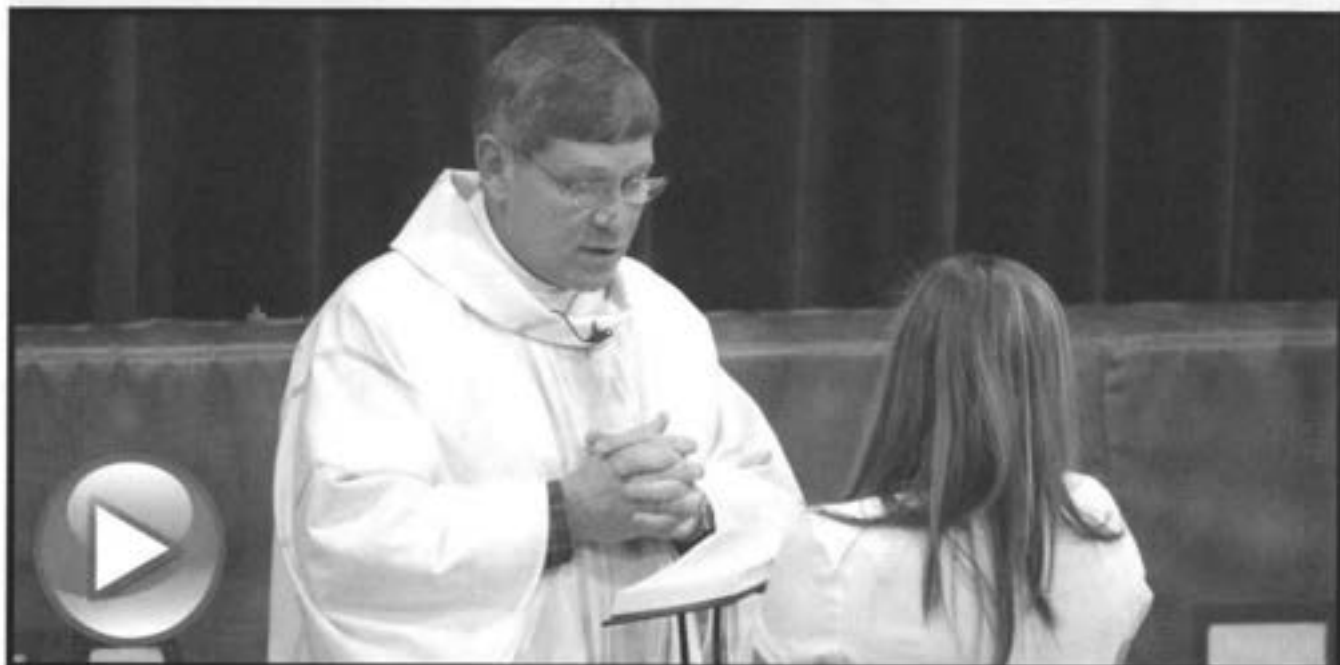

Jarrold Rampy viciously hits the clicker to buzz in to answer the question of the Jeopardy review game. **Ms. Emily Ott** used the Jeopardy game to review for upcoming tests. *photo by Brittney Snodgrass*

With the addition of new teacher, **Ms. Emily Ott**, the History department continued to grow throughout this past year. **Ott** replaced **Mr. Steve Hesse** who took on the large endeavor of Principal this past year. "I really enjoyed having **Ms. O** as my government teacher this year. Something is different about that class and because she really knows how to have fun and be serious too," added **Aczael Garcia**.

Both teachers had an immense love of history and teaching students as well. This love showed through all the activities and exercises that they planned for their students to participate in. **Liam Thomas** commented, "My favorite activity in **Ms. Nigg's** class was having our Thanksgiving Dinner where we brought in food to share with our class." **Ashley Willhite** added, "I enjoy making Foldable's instead of taking notes all the time."

Some students developed a huge love of history and politics throughout the past year. Seventh grader, **Ben Wehner** added, "I really enjoy history class this year. We have a secret message that we have between us and the class. It is amazing." **Cristal Rios** stated, "**Ms. Ott** is really funny and she makes history fun for us, and especially me who doesn't like it that much." -*Brittney Snodgrass*

Deacon Mike Gardner leads Mass for both Pope John and Shawe Memorial students. Mackenzie Lewis, one of the servers at the Mass, holds the scripture for Gardner to read. Gardner stepped up on many occasions and said Mass when Father Chris Craig was not available. photo by Trenton Scroggins

Kalyn Robinson, 12th
"My favorite part of religion class is dominating in board races."

Caleb Denton, 8th
"The funny interruptions during class are one of my favorite parts of religion. Mrs. Fry is really funny!"

Sarelia Garcia, 9th
"My favorite part of religion class is when Mrs. Fry talks in different accents. It is so funny!"

Angela Goley reads the petitions at the Archbishop Mass in Indianapolis. Many Seniors in the Archdiocese of Indianapolis attended this Mass, which was held in honor of their senior year of high school coming to an end. photo by Brittney Snodgrass

Dakota Weaver and **Aczael Garcia** use their muscles to help move a temporary light into place for the annual school festival. Volunteering at the festival was an easy way for students to earn service hours. *photo by Brittney Snodgrass*

As a required class, religion attempted to shape students into upstanding citizens, both in a moral and religious manner. One did not have to be Catholic to benefit from the class, as many students soon learned. **Cassey Higdon** commented, "Sometimes it is hard not being Catholic because I don't understand some of the material that the Catholic kids do."

Religion teachers, **Mrs. Chemaigh Drumm** and **Mrs. Bridget Fry** kept their classes busy with many activities throughout the year. From praying the rosary, to attending adoration, discussions and even performing skits, students learned a wide array of knowledge that could be used in their lives ahead. "My favorite thing to do in class is the saint projects because we get to learn about the lives of saints and how they impact us," added **Joey Belt**.

Not only did students participate in class, but all were expected to use these skills in their lives through service hours. These service hours could be fulfilled throughout many different ways including volunteering at different masses on the weekends, tutoring after school, or even helping at a local organization. "My favorite thing I have done for service hours is working at Vacation Bible School. It is really easy to get my hours done and it is fun too!" added **Clayton Elsbury**. -*Brittney Snodgrass*

Amelia Koehler sings the National Anthem at one of the many home volleyball games this past year. **Koehler** volunteered her time and talent to give back to the school through singing. *photo by Brittney Snodgrass*

Deep in thought, **Tyler Deeg** acts out the part of a wedding guest in a movie for religion class. The Junior Class had to make a movie about King Henry VIII and needed lots of help to portray the many characters involved. *photo by Trenton Scroggins*

Wyatt Alexander and **Liam Thomas** paired up and worked together on a class project. Many students enjoyed working with groups rather than by themselves. *photo by Morgan Koehler*

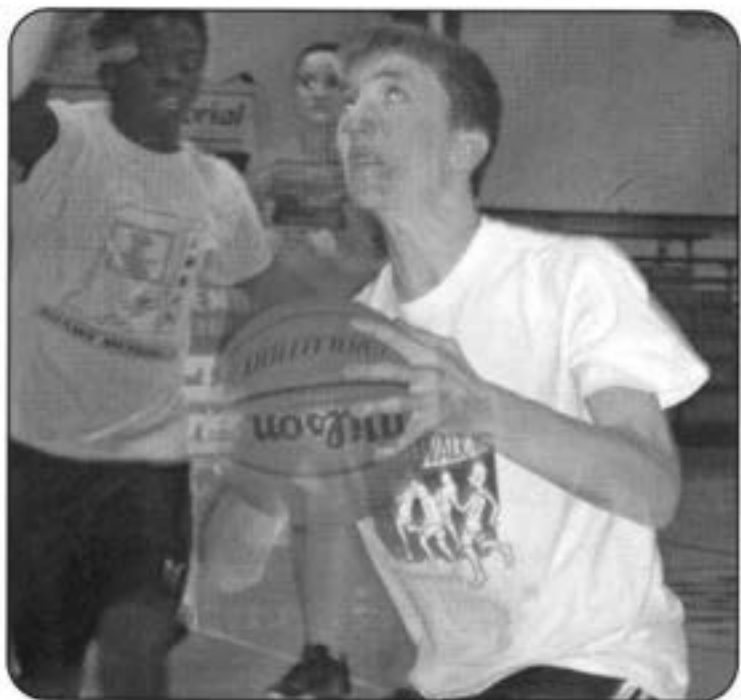

Kaelan Jines, 9th
"My favorite part of P.E was playing basketball, and also having Brandon Callis and Garrett Grimes in my class. Its always a blast!"

Jenna Armstrong, 9th
"My favorite part of P.E was seeing Mr. Sims beautiful face everyday!"

Will Davis, 7th
"My favorite part of health was talking to my friends everyday in class."

It was basketball week for the 8th period P.E class. **Skip Maas** rebounded the ball under his team's basket and prepared to put it back up! *photo by Morgan Koehler*

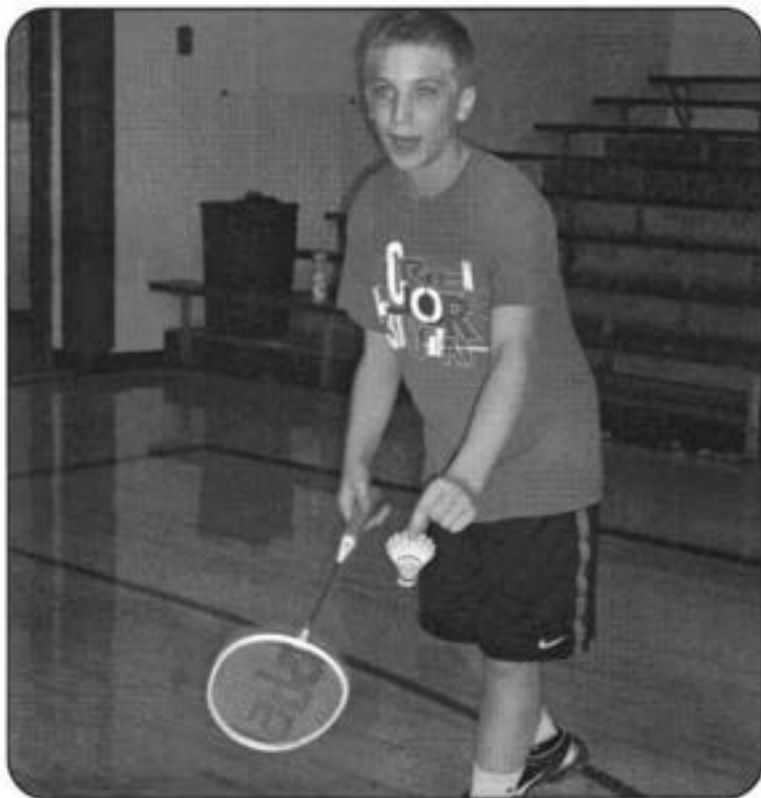

Brooklyn Koehler read her response to the real life situations assignment in health. This was an assignment many students offered to share their opinions on. *photo by Morgan Koehler*

Students either loved or hated P.E. Many saw it as chance to have a break or to burn off some steam. Many students often enjoyed the chance to dress out too. Different sports were played every two weeks. Some sports were enjoyed more then others. **Brad Koehler** said, "My favorite sport during P.E was basketabl. It was a lot of fun and we played it during basketball season. It was a chance to get some practice in." He wasn't the only one who enjoyed basketball, many other P.E students looked forward to it also.

Many students also took health. Health was required for the junior high. Many students commented that **Mrs. Baudendistel** really knew how to make learning health fun. **Sebastion Livorno** stated, "My favorite part about health was how Mrs. B got us involved in class, whether it be playing a game, or doing group work, it was a lot more fun." Many students loved **Mrs. Baudendistel's** review game because if you got a quetion right, sometimes you got a piece of candy. This was definately a way to make learning a little more motivating, and a little more fun! - *Morgan Koehler*

Enthusiastically, Ben Wehner raises his hand to answer **Mrs. Baudendistel's** question. Many class discussions were held in health class. *photo by Morgan Koehler*

Nick Weatherbee talks to his opponets while serving. Badminton was enjoyed more then others might've expected. *photo by Morgan Koehler*

The economics class worked hard on their computers, focusing as they researched information for their final exam project. The class all had to create their own country and make sure it had a stable economy and was fully functional. Many students came up with creative names for their country. *photo by Bailey Wolf*

Jesse Ball, 12th

"My favorite project was when we pretended we had \$10,000 and manipulated stocks in the stock market with it."

Alex Turner, 10th

"The best project we did in engineering this year was making the rubix cube out of the wooden blocks."

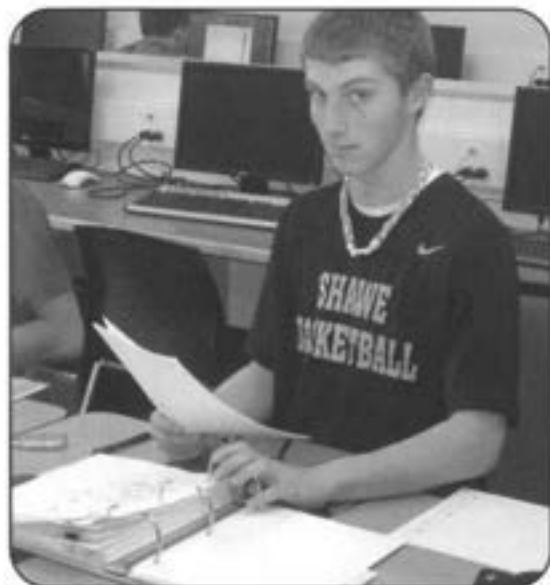

Joey Mingione, 12th

"The best thing we did in the economics class was when we were given an imaginary \$10,000 and we spent an entire week playing with the stock market."

Luke Higgins listens to music during class to get in the mood for his final exam project. He created his country "Swagistan" for his project. He listens to rap music so he could be more connected with his inner rapper so his country could have as much "swag" possible. *photo by Bailey Wolf*

Grayson Rhoten organizes his binder and studies his worksheets for the final exam. Organization was key in all engineering classes. *photo by Bailey Wolf*

Engineering is definitely not one of the easiest classes to take, but many students are up for the challenge. **Brad Koehler** is ready to take on the workload. **Koehler** stated, "I am taking this class because I am interested in having a career in engineering." This class demanded students to have good mathematics skills, and learn a great multitude of formulas to be able to successfully complete the tasks. Engineering students must memorize countless equations in case they encounter a project that requires a certain formula to create, they don't have to waste time looking for the formula.

Another skill engineering students needed to possess was acceptable computer skills. To be able to accomplish anything students must know how to use a computer considerably well. **Alex Reuss** adds, "It is very important to have good math skills because in order to be economically smart, you must also have an extensive knowledge of math." After the class is completed the students do not only leave with engineering skills but improved math and computer skills too. The engineering, math, and technology skills gained aids the students to have a more successful high school and college experience. *-Bailey Wolf*

Ian Vandewater researches information and writes notes to prepare for his country presentation. The country project was a huge part in their economic grade. *photo by Bailey Wolf*

Alex Turner and **Brad Koehler** share ideas on the assignments to get more familiar with the project. The class often helped each other out by explaining things to one another. *photo by Bailey Wolf*

Kalyn Robison explains artwork that is for sale at the annual Chatauqua. Shawe art students made money at this event, which went toward funding additional projects. *photo by Brittney Snodgrass*

Yesenia Rabanales Morales, 9th

"My favorite part about art is doing the journals. We got to draw different pictures every week."

Sarah Sanders 10th

"My favorite part about art was making one direction shoes for Madison and Addie!"

Sammie Shaw 7th

"My favorite project was the doll project. It was really fun!"

Madison Drumm and Addie Davis could often be seen socializing during their fifth period art class. Here, **Davis** gives her friend advice on her book project. *photo by Morgan Koehler*

Shelby Greene works on a football page for her project. Making the books seemed to be a project most students enjoyed. *photo by Morgan Koehler*

Many students took art at Shawe Memorial. Art seemed to be a class that many students enjoyed. Some students looked at art class as a way to express themselves. "My favorite part about art was that you get to create yourself. You can come up with new ideas and express your true self," stated **Sarelia Garcia**. Some of the biggest projects that the art students were expected to do were the book projects and the game boards. The students could pick a topic and make a game board about it.

Many students also enjoyed the projects. There were many unique projects done throughout the school year. **Grayson Rhoten** said, "My favorite art project was the journals. They are fun, and I am the best at drawing!" This was a weekly art project that every art student was expected to complete. Another project that many students enjoyed were the post secrets. Every student would cut pictures out of magazines and write secrets on their cards, and they would be displayed in the lobby, but they would be anonymous. This project is done every year and even students who are in art class enjoy looking at them in the display every year. -*Morgan Koehler*

Nickie Fitton works on her journals for art. This was a weekly expectation that the art students were expected to meet. *photo by Morgan Koehler*

Grayson Rhoten, Whit Grote, and Jack Heitz work together on their game board art project. This was just the start of a great project! *photo by Morgan Koehler*

High school performing arts "Alibis" cast: Front - **Katelyn Moore, Sammie Tilley, Patrick Bear and Meghan Scroggins**. Back - **Myles Hesse, Amelia Koehler, Chase Heaton and Nash Uebel**. *photo by Trenton Scroggins*

Nash Uebel, 11th

"The funniest moment during performing arts was when we did the angry Italian run-through. It was just a bunch of people screaming at each other for no reason."

Chase Heaton, 11th

"The funniest moment this year is pretty much anything I have done."

Myles Hesse, 10th

"The best part about performing arts is getting to express myself and learning how to be a better actor."

Caleb Denton, Brittany Durham, and Justin Stewart take a leap of victory after a successful debut of their play "Escape." *photo by Trenton Scroggins*

Meghan Scroggins preps herself for the big Friday night debut of their play "Alibis." "My favorite part of performing arts is getting to express myself freely, and getting to learn how to be a better actor." *photo by Trenton Scroggins*

"The most complicated part of choosing the fall play was that I wanted to do a mystery play," **Mrs. Lori Hedges** explained, "it just seems right for an October show. I actually started casting the fall show in my mind from day one, but the students did not know. I was watching to see who could handle a role." The students performed "Alibis," a mystery-comedy by Peter Kennedy, while the junior high performed "Escape," a 10-minute play by Michael Callahan for the annual fall play.

"I had faith in my fellow cast and knew they'd pull through." **Nash Uebel** stated, "I just wanted us to have fun and we had a blast." The students had seven weeks to memorize their lines before tech week. "I believe that I speak for the entire cast when I say that we were freaking out," **Myles Hesse** professed, "but we all pulled together and by the final act of Sunday." When asked if they would go back and change anything, junior, **Chase Heaton**, stated "I don't think I would have changed much. I thought it was great as it was."

Hedges agreed that the play was successful. "I was not surprised by the high school actors' performances." **Mrs. Hedges** said, "I knew from the beginning that everyone in the cast could shine in their roles." -*Trenton Scroggins*

Katelyn Moore watches **Chase Heaton** as he shares his views on the investigation in the Fall play, "Alibis." "I thought the play was a huge success!" **Moore** said, "I had so much fun with it." *photo by Trenton Scroggins*

Myles Hesse loses his mind half way through the play, and even though he ran away, he returned several times to wreak havoc on the other characters. "We had a blast," **Nash Uebel** stated. *photo by Trenton Scroggins*

Clubs

slide to unlock

The clubs this year did a lot of work and had a lot of fun doing everything along the way. Every club was always busy doing something. Many may look at doing extra curricular things like clubs to be boring and tedious; however, each member found a way to make everything they did fun in some way.

At the blood drive for student council, some students missed out on going to the Ennio Emmanuel Concert because they were involved in Spanish Club. The students who did stay at school to work the drive helped people who were giving blood by handing out snacks and comforted those who were nervous. Helping out at the blood drive proved to be a rewarding, fun activity for everyone involved.

Clubs tried to utilize flex and lunch times for planning events or for doing activities together. Members all communicated with one another to try and get the work done. They tried to plan as much as possible at meetings. For example, the French Club hosted many dances that needed many hours of planning and everyone's efforts to make it a success. Everyone pitched in to do

anything they could to prepare for the dance. Many would gather decorations for the dance and decorate the dance area. Through the preparations, memories were made and friendships were gained. Getting set up for dances proved to be a fun activity because they all talked and laughed with one another. They all got to know each other better. **Jesse Fitton** says, "I got to talk to my friends while we did stuff, which was fun."

Spanish Club hosted a week of activities to celebrate Cinco de Mayo. They had a trained professional salsa dancer come in to teach the school the art of salsa dancing. For the Spanish club only, they put on a huge feast. **Cameron Rampy** says, "I love having the feasts because of the food and being with mi amigos." They put on a cell drive during the week to raise money for orphans in South America. Both language clubs tried to include the whole school in their activities as much as possible. All of the clubs did many activities over the school year. Each activity they did proved to be a rewarding experience for all.

-Bailey Wolf

Above: A professional salsa dancer shows the student body some salsa moves. This was an activity the Spanish Club hosted for Cinco de Mayo. Everyone had a chance to show their dancing skills. *photo by Trenton Scroggins*

Left: **Madison Drumm** gets her blood drawn for the first time at the student council blood drive. Her friends **Connor Boone**, **Liz Grote** and **Abby McInteer** comfort her by talking to her to calm her nerves. *photo by Trenton Scroggins*

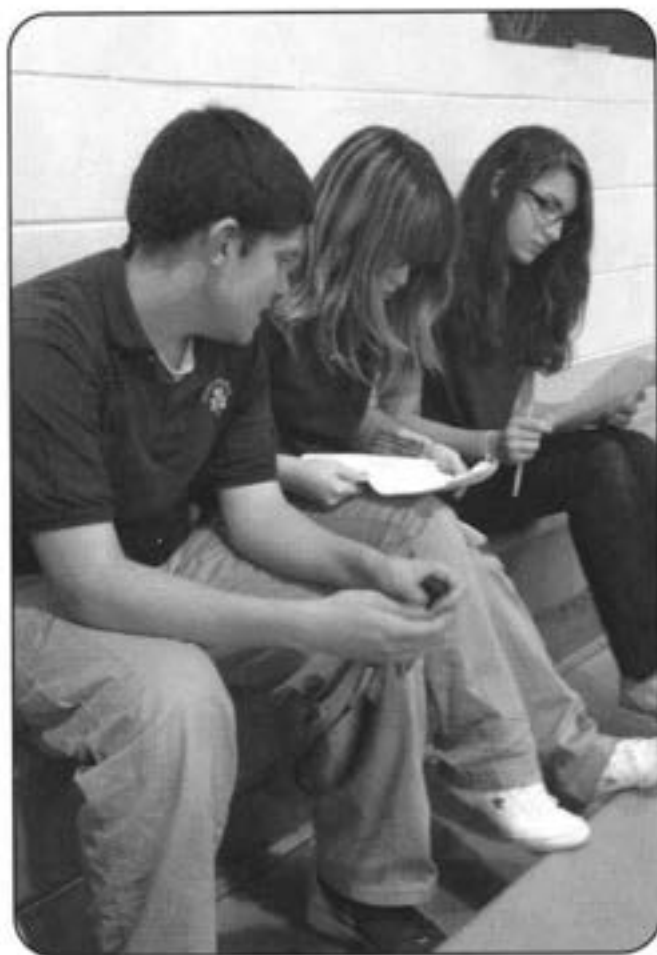

The Academic teams put a great deal of time into getting prepared for their competitions. They devoted a lot of their own time to studying and memorizing the material. Each team got together once a week to help one another learn the information.

The Academic bowl teams found multiple ways to study. The history team members each gave presentations on a certain subject in Greek history. **McKay Burdette** says, "We each were given a subject, and we made flashcards. **Sammie Tilley** and **McKay Burdette**

both were on the Fine Arts team that went to the state finals. **Sammie Tilley** adds, "We studied and memorized a lot." Junior high students were given the chance to participate in the junior high academic bowl. They learned that it was a lot of work and takes full participation of all members to be a success.

“ We wanted to succeed and to gain success we all had to put the forth effort. ”
-Sophie Edens

The Spell Bowl team tried many studying techniques. Some found studying with a partner worked best. And others found flashcards helped the words stick in their minds. In the end their hours of studying paid off in the competitions. -Bailey Wolf

Taylor Grote quizzes friends **Liz Grote** and **Alex Reuss** before the spell bowl meet in Austin. Some spell bowl members found it easiest to study in groups. *photo by Erin Poyner*

Jesse Fitton, 9th
"I did spell bowl because it sounded interesting to do."

Alex Reuss, 12th
"I did academic bowl because I enjoy competing with other schools."

Joe Nchia, 12th
"I did academic bowl so I could be competitive and hang with my friends."

The school band had many new additions. They have not only expanded their music horizons by adding new songs, but they also have started the pep band and marching band. Both bands consisted of dedicated students that played at many events.

The marching band preformed in the Christmas parade for the first time this year. **Mary Strange** adds, "We had the chance to show people that Shawe has a lot of talent." The pep band played music at the basketball games and at pep rallies.

"Many enjoyed playing in the pep band, and I wish I would have stuck with playing in the pep band," commented **Sebastian Livorno**.

“The band has improved since last year, mostly due to new students.”

-Caleb Deeg

The band does not just have the traditional instruments like flutes, trumpets, and saxophones. They also have multiple drums and a cow bell that is played in the band, which added a new variety to the music. The new additions to both the pep band and marching band spiced up the band's performances for the whole school to enjoy. -Bailey Wolf

Senior, **Kyle Daugherty**, sits next to freshman, **EmaLee Copeland**, while they play their trumpets. He gave her many tips to improve her skills. *photo by Trenton Scroggins*

Julia Wise was the only violin player at Shawe. She often competed individually at competitions and has received countless awards. *photo by Trenton Scroggins*

Band: 1st: Bill Gordan, Lilly Byard, Savannah Apel, Maggie Miller, Erin Cooper, Trinity Jones, Julia Wise, Allison Mruzek, Hannah Tilley and Kyle Daugherty 2nd: Joey Belt, Caleb Deeg, Nash Ubel, Ava Lohrig, Mary Strange, EmaLee Copeland, Mckay Burdette, Sammie Tilley and Jesse Fitton, Patrick Bear 3rd: Keefer Hagan, Summer Martin, Destiny Lock, Jordan Wentworth, Sophie Edens, Rebekah Israel, Katie Stuart, Katrena Gobert, Will Davis, Aaron Peterson, Jacob Binzer, Andrew Eigel, Andrew Ott, Nick Wetherbee, Cameron Rampy, Sebastian Livorno, Ethan Goebel, Wyatt Alexander and Liam Thomas 4th: Zach Stewart, Ethan McCarter, Jacob Luldergan, Connor Deeg, Jack Lisle and Grant Sugget. *photo by Interstate Studios*

Mckay Burdette, 9th
"My favorite song the band performed was the 'Star Trek' song."

Destiny Lock, 10th
"My favorite song the band performed this year was 'Seven Nation Army.'"

National Junior Honor Society organized many events throughout the school year. They not only organized events for school, but also for the community. One of the most successful was the shoe drive. The goal was for the student body to collect three hundred pairs of shoes, and they ended up collecting over five hundred. **Shannon Fry** said, "I couldn't believe how many shoes we collected for the shoe drive. It was amazing how far past our goal we went."

Many things were also done within the school.

National Junior Honor Society did many things for the teachers. On Valentine's Day every teacher got a gift bag full of candy and other fun stuff. They also got gifts on Halloween and Christmas.

Summer Martin said, "My favorite part about National Junior Honor Society is that we really get to get involved. We don't only get involved in school, we also get involved in the community with fundraisers."

National Junior Honor Society worked to make Shawe a better place.

-Morgan Koehler

“ My favorite part of NJHS was getting over 200 pairs of shoes above our goal for the shoe drive. ”
- Jesse Fitton

Patrick Bear helped pass out the Halloween cards to all the teachers. **Mr. Sims** was very excited to receive his card along with the decorated pumpkins. *photo by Morgan Koehler*

Garrett Grimes, 9th
"The best thing about NJHS was getting involved in the school."

To be considered to be a member of The National Honor Society, one must show scholarship, service, leadership and character, while maintaining a grade point average of at least a 3.5. Once inducted, members must continue to participate in service activities throughout the entire community, school and church.

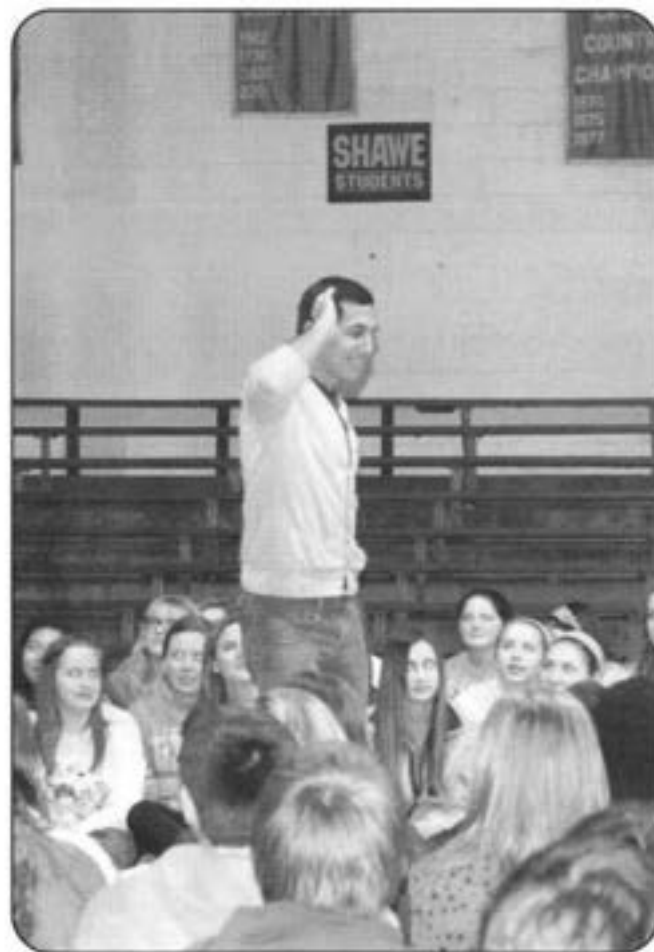

There were both challenging and easy parts of being a part of the club. **Nickie Fitton** added, "The most challenging part of being a member of NHS is waking up for the morning meetings every month!" President, **Laura Hesse**

commented, "Being President was challenging, but also a great experience to lead such amazing students and change our school."

“ I know that I am able to make a difference and help others through all of the service projects we have done. ”
-Allison Mruzek

Any negatives were overshadowed by all of the positive activities and service projects the members participated in. "My favorite activity was planning the King of Hearts fashion show. It was really cool and funny, but even more rewarding when we saw how much money we raised for the school's day care."

commented **Connor Boone**. -*Brittney Snodgrass*

JaLynn Copeland and **Sarah Sanders** pack up their mugs for the NHS Mugs of Love. Once the mugs were assembled they were donated to the local Salvation Army. *photo by Brittney Snodgrass*

Aczael Garcia struts his stuff as he walks down the runway. The National Honor Society sponsored this "Fashion Show" hosting several Senior Class boys. The money raised went to buy baby cribs for the Infant and Toddler House on campus. *photo by Brittney Snodgrass*

Joe Nchia, 12th
"I loved carolling at the nursing home. It was a fun and nice way to flex the golden pipes and seal my title as songbird of my generation."

Sarah Sanders, 11th
"My favorite part of NHS is being able to be an officer this year. It was an amazing experience."

JaLynn Copeland, 12th
"My favorite part is making a difference through the service projects we enthusiastically accomplish."

Taylor Rhoten, 12th
"My favorite part of NHS is being able to be a part of an organization that makes a difference."

French club was one of the many clubs at Shawe. French club did many fundraisers throughout the year to support their activities. They sold candy everyday during lunch, and they were in charge of organizing many of Shawe's school dances.

French club also goes on a field trip to the zoo and a French restaurant every year. Many of the students look forward to it. **Sarah Sanders** said, "My favorite part about French club is the field trip to the zoo. I love going and having fun with my Friends and its a great experience." Another thing many of the French club students

can look forward to is the trip to France. Students in French have the opportunity to take a trip to France their junior or Senior year.

Many of the students who take French look forward to the trip all through high school. Some even begin taking French in 7th grade in hopes of attending the trip to France in.

All of the French students love **Ms. Scafer. Trent Scroggins** said, "My favorite part about **Ms. Schaefer** is that she is a great teacher and I love her class. French is my favorite part of the day!" -*Morgan Koehler*

“ The best thing about French club is learning a new language and going on the feild trips. ”
-**Gabrielle Pawlak**

Karen Aguilar and Cristal Rios sell candy during lunch. French club did this everyday for a fundraiser and different French club students were seen selling candy. *photo by Brittney Snodgrass*

Billy Cole, 11th
"My favorite part about French club is learning new words and a new language."

Daniel Carillo, 9th
"My favorite part about French club is seeing my friends and Madame everyday."

Myles Hesse, 10th
"My favorite part about French club is that Mrs. Schafer is awesome."

There were a ton of students at Shawe Memorial who participated in Spanish club. Many students enjoyed all of the activities and field trips of Spanish club throughout the year. Spanish club has a pitch in each year where everyone brings chips, salsa, or other food and drink. Everyone eats in Mrs. Evan's classroom for lunch. Brad Koehler said, "My favorite part of Spanish club was when we got to eat or have fiestas! It was the best."

Many students also enjoyed the annual Ennio Emanuel concert. All Spanish Club students from

Spanish two and up got to attend the concert. Students got to go on stage and play instruments. Many students just liked watching their classmates get taken up on the stage.

“ My favorite part of Spanish club was the fiestas when we ate food! ”
-Bailey Wolf

Spanish week was a week full of events. The many activities included Mustache Monday, Salsa dancing, and breaking the pinata. Sophie Edens said, "The best part of Spanish week was when no one officially broke the pinata so everyone from every class got some! - Morgan Koehler

Shelby Greene and Taylor Grote participate in the Salsa dance during Spanish Club week. Many students enjoyed and participated in the Salsa dancing. *photo by Trenton Scroggins*

Dalton Jones shows off the new Spanish Club t-shirts to his friend Garel Blanchard. Many students were excited about the "Hot like Habaneros" t-shirts. *photo by Morgan Koehler*

Spanish Club: 1st - Amelia Koehler, Stephanie Snodgrass, Connor Boone, David Grote, Spencer Torline, Eamon Fry, and Mrs. Evans. 2nd - Garell Blanchard, Whit Grote, Luke Higgins, Kyle Daughtery, Taylor Grote, Sarah Sanders, Megan Goebal, and Jalyn Copeland. 3rd - Summer Martin, Megan Hesse, Katie Chatam, Brooklyn Koehler, Ellen Frede, Andrew Ott, Sammie Tilley, Laura Hesse, and Ethan Goebal. 4th - Rebekah Israel, Bailey Wolf, Maddie Waller, Carson Hambrick, Shelby Whitham, Megan Hill, Josie Grote, and Sid Thevenow. 5th - Mary Strange, Ava Lohrig, LeaAnn Gaminde, Will Davis, Christopher Grote, Kyle Myles, Garrett Grimes, Kaelan Jines, and Bailey Koehler. 6th - Michael Abbot, Emmalee Copeland, Mckay Burdette, Daniel Carrillo, Shannon Fry, Patrick Bear, Kyle Wiseman, Grayson Rhoten, and Brad Koehler. 7th - Sarelia Garcia, Sophie Edens, Jesse Fitton, Justin Stuart, Keefer Hagan, and Cristian Garcia. *photo by Trenton Scroggins*

"The best thing about Spanish Club was the **Ennio Emanuel** concert!"

Grayson Rhoten, 9th
"The best thing about Spanish Club is eating!"

Sarah Sanders, 11th
"The best thing about Spanish Club were the fiestas!"

Chess, Writing and Book Club are all very different clubs. They all may be very different; however, the members of the clubs all enjoyed the club activities. These clubs had a small number of members which held positives.

In chess club, they all played one another often and everyone played each other. A good thing about everyone playing each other the other members would know which strategy a student would most likely use and beat them easier. This was a challenging but, fun experience for all the members to try. **Karen**

Aguilar says, "In chess club I got to learn many things."

“Clubs are a way of learning new things and getting to know people better.”
-**Daniel Carrillo**

In writing club, the students got to free write and help one another out by giving new ideas or suggestions to each other. By giving out advice it improved their overall writing skills.

Book club read many books this year and had many discussions on the books, "It was a challenge for those who had to read for honors English also, but **Mary Strange** says, "It can be hard but, I try to manage my time." Each of these clubs were small, but they still had fun. -**Bailey Wolf**

Cody Canada concentrates while **Collin Hambrick** makes his move. Many students would think about their next move before it was their turn. *photo by Christine Stormer.*

Destiny Lock, 10th
"My favorite part about chess club is teaching new people how to play."

Mary Strange, 9th
"My favorite part about book club is reading different genres of books."

Student council helps students get involved with Shawe. It gives students a chance to help make decisions that could help benefit our school.

Many students like that they have the ability to make a difference in things that go on in their school. **Joey Belt** said, "My favorite part of Student Council is feeling like I contribute my thoughts and ideas to my school. It's also a great feeling to be able to support my school by raising money in our fundraisers."

Many students also enjoyed being able to

make decisions for their class. Things like school dances can be a lot more exciting if someone in your class has planned them. **Trent Scroggins** said, "I loved being

able to be on Student Council because it gives back to the community. It doesn't just give back to our school, it also gives to the people of Madison."

Student Council had to raise money for many causes. Some of the most well known are the donut fundraisers on Fridays and the homecoming court and dance. The fundraisers were a success. -*Morgan Koehler*

“ My favorite part of Student Council is being able to make a difference! ”
-Skip Maas

Mr. Hesse supports The Red Cross by donating blood for the blood drive. This was also a fundraiser for Student Council. *photo by Trent Scroggins*

Eamon Fry, 12th
"I loved planning activities to get us out of class."

Stephanie Snodgrass, 10th
"My favorite part of Student Council was planning fun events for our school!"

Addie Davis, 11th
"I love planning fun activities that get us out of class. Its a blast!"

As technology advances, and students become more and more dependent on communications, students, such as juniors, **Garel Blanchard**, **Andrew Ott**, and **Billy Cole** help develop posts on a student led website. www.topper4news.com is a reliable source for up-to-date information on current events.

"I would have to say the biggest challenge we faced during the basketball season was the traveling," **Cole** said. "Finding the exact directions was difficult, and sometimes the address didn't even exist on my GPS."

The members learn hands on material such as photography, videography, photo and video editing and website construction. The program is taught by students who have taught themselves the material.

Like Topper 4 News, the yearbook department pulls together student events and creates an annual yearbook. "Having only four people was hard," freshman **Morgan Koehler** said, "but we worked hard, and met our deadlines."

Both programs were a way for students to better their skills and communicate with their community and each other. -*Trenton Scroggins*

“ If it's news we'll let you know.
 -**Sebastian Livorno** ”

iPlay - Sports

"The season definitely had its up and downs," said sophomore, **Hannah Storm**. A long difficult season, brought about by new coaches, upcoming freshmen, and early season injuries put every player's abilities and talents to the test. The process of saying good-bye to a generation of athletes and welcoming the next has never been an easy task, but with a large senior class; this year proved to be more difficult than before.

Like every other year, teams are introduced to new challenges. Whether it be struggling to win a game, or the process of introducing a new coaching staff; every team has had their own unique issues that they must learn to overcome. Throughout the boys high school soccer and basketball seasons the teams were faced with a very difficult task: saying good-bye to a generation of athletes that had carried the team for the past four years as well as transitioning the upcoming freshmen into sectional winning teams.

"I came to realize all of the good times I had had playing," senior, **Luke Higgins**, said. "I will always cherish those memories."

While the senior boys were working hard on the court, cheerleaders were experiencing challenges of their own.

"All members have to be able to work together to get success," said freshman, **Morgan Koehler**.

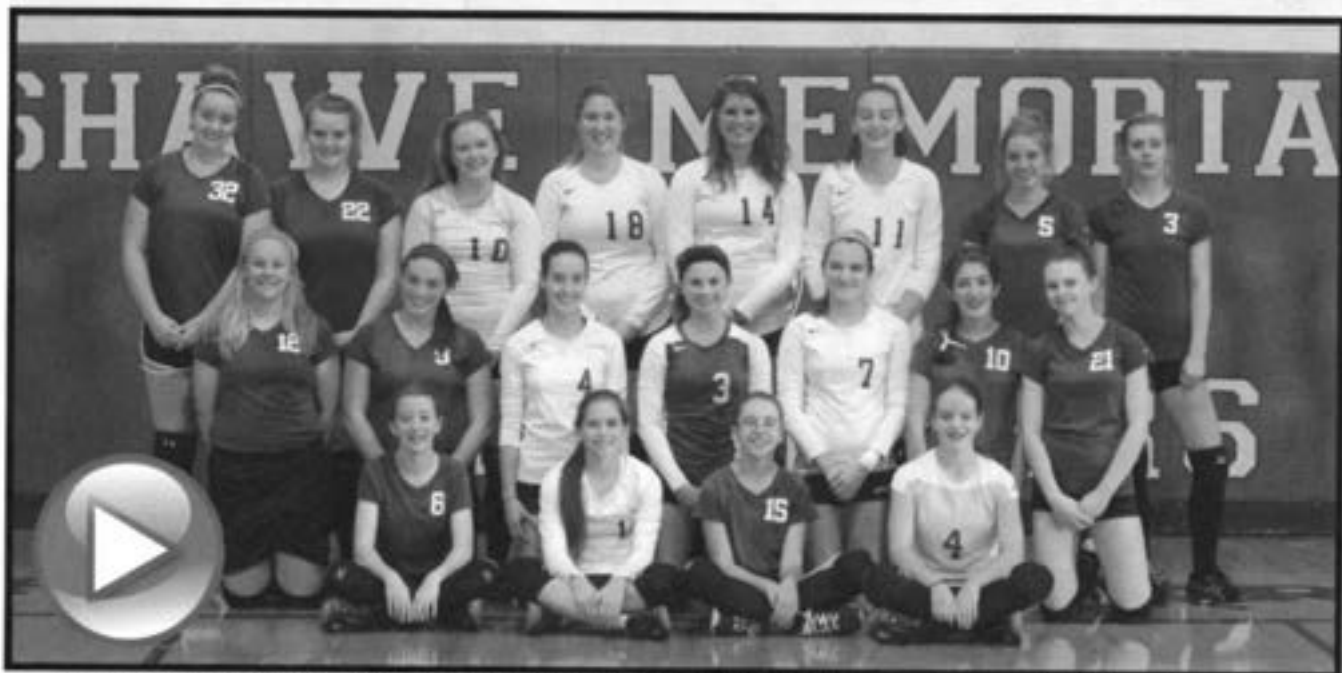

A vital part of cheerleading is trust and working together. A new challenge to the cheerleaders was not only cheering at the boys basketball games like years before, but now cheering at every boys and girls game as well. "We have to be the ones to get the students excited," said eighth grader, **Mackenzie Lewis**. "We help motivate the entire team."

Furthermore, this year, like every year before, was faced with challenges. Some old and others new. Like every year, the players worked hard to overcome these obstacles and achieve both their personal and team goals. In doing so, the players develop their abilities and talents and learn how to use them on and off the court. -*Trenton Scroggins*

Above: **Stephanie Snodgrass**, swings at the ball, but misses by a second. Although battling an injury from her past basketball season, **Snodgrass** still worked hard for her team. *photo by Trenton Scroggins*

Left: **Whit Grote** races with a Raider to turnover the ball. Speed and quick reflexes were important skills each player needed. *photo by Trenton Scroggins*

High School Volleyball: 1st - Ava Lohrig, Allison Mruzek, Sammie Tilley and Megan Whitham. 2nd - EmaLee Copeland, Amelia Koehler, Lauren Goebel, Taylor Grote, Stephanie Snodgrass, McKay Burdette and Bailey Wolf. 3rd - Shannon Fry, Katelyn Moore, Sarah Sanders, Kalyn Robinson, Angela Goley, Megan Goebel, Ivy Schafer and Jenna Armstrong. photo by Trenton Scroggins

Angela Goley, 12th

"The best part of the season was winning the Rising Sun tournament. We had a lot of talent, but it was hard to pull it together to get a win. This proved that we could do it."

EmaLee Copeland, 9th

"Our last game against Charleston was my favorite. Everyone got into the game, and I think we showed what Shawe was capable of as a team."

Allison Mruzek, 12th

"The best part of the season was being able to win the tournament together. The entire team went in with the intention to win, and we did!"

Going up against the opponent, Kalyn Robinson tries to tip the ball over the net in hopes of gaining a point for the team. "I love playing front row and being able to get a kill," she commented. photo by Brittney Snodgrass

Bailey Wolf jumps up, attempting to block the opponents spike, while **Jenna Armstrong** is ready behind her awaiting the tip. The girls learned that it was necessary to work as a team if they wanted to win. *photo by Brittney Snodgrass*

Warming up her arm before the game, **Taylor Grote** serves the ball. Warming up before the game was very important in order to become physically and mentally ready to play the game ahead. *photo by Brittney Snodgrass*

The Varsity Volleyball team poses for a picture with the trophy after their win at the annual Rising Sun tournament. The girls played a total of three games in one day to secure the win over the other participating teams. *photo by Tammy Josephsen*

Under the new leadership of **Susan Frede** and **Kelly Hill**, the JV and Varsity teams reached new heights this past season. "The new coaching staff were not only focused on winning this year. They focused on making us better and building up the strengths that we already had. If we messed up they didn't make a big deal about it, and made sure we got our heads up. I loved having both Coach Frede and Wolf this year," commented **Meghan Scroggins**.

Most could say that the highlight of the entire season was winning the annual Rising Sun tournament. After winning a total of three games throughout the day, the team secured the win, claiming the trophy. The school had not won this particular tournament for many years, which gave a huge confidence boost to finish the season.

In all, the team accomplished many of the goals that they had set out to achieve. **Amelia Koehler** added, "My biggest accomplishment was being able to play Varsity!" *-Brittney Snodgrass*

"My favorite memory during junior high volleyball was the bus rides and being with all of my friends."

Megan Hesse, 7th
"My favorite memory was beating madison in two games. It was awesome!"

Josie Grote, 8th
"My favorite memory was when we finally got our ace cheer down in the last game!"

During the 7th grade game, **Megan Hesse** watches for the ball to tip the net. This was definitely an important part of volleyball. *photo by Brittney Snodgrass.*

Lauren Cieslinski prepares for a serve. This proved to be one of the the Junior High Volleyball team's most improved skills for this season. *photo by Brittney Snodgrass*

Josie Grote warms up with the team before the game. This was one of the regular routine things that the team did to warm up before every game. *photo by Brittney Snodgrass*

7th Grade Volleyball: Front - Kristen Snodgrass, Lilly Byard, Maggie Miller and Sam Shaw Back - Ellen Frede, Megan Hesse, Coach Brian Sides, Bailey Brandon and Kate Grote. *photo by Interstate Studios.*

A new year offered new players for the Junior High Volleyball team. Not only was the new year a chance to improve skills and techniques, it was a chance to make new memories. "My favorite memory during Junior High Volleyball was when I was about to serve, and fell, and hit the wall in front of everyone!" stated **Maggie Miller**. This is one of the many memories that the Junior High Volleyball team can look back and laugh about.

The new year also brought new sixth graders to the Junior High Volleyball team. The new sixth grade players were **Kate Grote, Bailee Brandon, and Kristen Snodgrass**. Along with the new team was the new coach, **Brian Sides**. Some of the new girls may have been a little inexperienced, but that didn't stop them from improving, and having a blast! "My favorite memory was when **Megan Hill** made up her own versions of songs during the bus rides," stated **Claire Higgins**. -*Morgan Koehler*

Junior High Cross Country: Front - Zayne Love, Ethan Goebel and Jobe Miller. Back - Coach Andy Livorno, Ryan Storm, Matthew Binzer and Josie Grote. (Not Pictured - Christopher Grote, Nick Weatherbee and Julia Ott.) photo by Interstate Studios

Josie Grote, 8th

"When I run I think about everything else in the world besides running. Many times I'll sing a song in my head."

Ethan Goebel, 7th

"I don't think about anything I clear my mind and try not to think of running at all."

Ryan Storm, 7th

"When I run at a meet I think about improving my time."

The Shawe runners intertwined with the other competitors awaiting for the start of the race. They all got into position to take off as soon as the race began. The Shawe cross country members all tried to get into the zone before running. photo by Sarah Leveille

Josie Grote concentrates on winning the race as she dashes to the end. **Grote** would dance to the song "Country Girl," and joke around with the team to get pumped up before a meet. *photo by Sarah Leveille*

The cross country team didn't have a lot of runners this year, but they came together and conquered their obstacles as one. With half the team consisting of fifth and sixth graders, the older members welcomed them with open arms. **Ethan Goebel** commented, "I talked to them and encouraged them to do their best." The Shawe runners made sure to push the younger members to do their best to ensure that they started their running career off with a bang.

They encountered some bumps in the road, but worked through their challenges together. **Josie Grote**, one of their star athletes, bounced back from a gruesome ACL surgery. **Grote** said, "Working towards a goal kept my mind off the past and made me look forward to the future."

Another issue of the team was their limited amount of runners. The runners made sure every meet counted. This year was an uphill battle for some of the athletes, but the team managed to pull through. They all made sure to make their season the best possible and tried to make their situation work. *-Bailey Wolf*

Laura Hesse, 12th

"My favorite memory this year was running in the ORVC meet in the pouring rain. I have never been that wet or cold in my entire life!"

Andrew Ott, 11th

"My favorite memory was coming back to Shawe and making friends with everyone. The coaching staff was very nice and caring as well."

Hannah Storm, 12th

"My favorite memory from Cross Country was spending time with the team and enjoying our team dinners together."

Chris Petersen paces himself as he competes in one of the races. **Petersen**, a Senior on the team, had ran on the team all four years of his high school career, showing much improvement. *photo by Sara Leveille*

Fighting through the pain, Senior, **Liz Grote** makes her way to the finish. **Grote** was named to the 2012 All-Conference team and was also named the most valuable runner from the Shawe team. *photo by Sara Leveille*

Hannah Storm, Maddie Waller, Sarelia Garcia, Coach Jim Leveille, Mary Strange, Laura Hesse and Liz Grote pose for a picture with their ribbons after their first place win at Switzerland County. *photo by Sara Leveille*

Trudging through the pouring rain and muddy grass or being baked in the blazing sun, the Cross Country runners faced it all. A 3.1 mile race outside with the uncontrollable weather conditions was tough for many. "The biggest challenge for me this season was learning to pace myself because I'm a sprinter. It was really tough trying to make the transition from short distances to long distances," commented **Sarelia Garcia**.

Although Cross Country proved to be difficult for some, **Collin Hambrick** took on the challenge, insisting, "the best part was working hard and improving my time by several minutes."

As the season progressed, the team kept improving their times, and even managed to bring in some awards. Senior, **Liz Grote**, made the 2012 All-Conference Team, and **Laura Hesse**, a Senior as well, received the ORVC Mental Attitude Award. As a team, the girls also placed first in the Switzerland County meet and kept improving throughout the entire season. *-Brittney Snodgrass*

Christopher Grote, 8th

"The funniest moment during soccer was when we were beating Jac-Cen-Del 4-0 and Sid Thevenow was sitting down in the goal box, coach was really mad."

Sebastian Livorno, 8th

"The coach's stretched vocabulary was hilarious! He would always use words we had no idea even existed!"

Nick Weatherbee, 7th

"The funniest moment was when I wore hot pink shorts in soccer practice."

The soccer team always remembered to tell the other team good luck or good game. **Nick Weatherbee** says, "You have to have good sportsmanship so you can get along with everyone, stay positive and not bring anyone's confidence down." photo by Brittney Snogross

Joel Carrillo quickly manages to use his feet to avoid the opposing team and prepares to kick it to one of his teammates. **Carrillo** was known for his lightening quick reflexes. *photo by Leah Ott*

Jacob Lundergan, during a game, does a proper throw in. They worked on their technique so they could play their best. *photo by Brittney Snogross*

Riley Boone runs to the goal attempting to score. **Boone** is one of the only girls on the soccer team, but she proved this season she can be just as tough as the boys. *photo by Brittney Snogross*

Soccer takes more than players, a field, a ball and a goal. It takes dedication and hardwork. The junior high soccer team has learned many new skills thanks to their new staff. Their new coach, **Jason Pattison**, and assistant coach, **Mike Grote**, have worked this year on working as a team and playing to the best of their abilities. "I like the new staff because they are a pair of cool guys, and they are always teaching us something new each day," **Sergio Garcia** said. The coaches worked them hard, which made them grow as a team as the season progressed.

The practices were rough but they worked through it as a group. Whether they won or lost, everyone was there to comfort each other every time. The team was there for each other the whole season, and so were their coaches. "Our coaches worked us hard and got us to try our hardest. Through the season, we all improved and really worked together as a team," **Mackenzie Ott** commented. Overall, the team adjusted to the new staff positively and had a great season. *-Bailey Wolf*

"My favorite part was playing with the older guys and being able to get better."

Eamon Fry, 12th
"Being able to achieve goals such as ORVC and Sectional Champions was legendary."

Jesse Ball, 12th
"My favorite part was finishing my career with this group of guys. Wouldn't have had it any other way. Well maybe if their could've been a ring around my finger."

Shawe fans and members of the team proudly hold the trophy while celebrating their win over Southwestern, claiming the sectional title. "Work hard, play hard- that's what it took for us to win sectionals," explained **Garel Blanchard**. *photo by Trenton Scroggins*

Eamon Fry flies through the air as he swiftly kicks the ball away from the opposing team. **Fry** was named to the 2012 All Conference Team. *photo by Trenton Scroggins*

Joe Nchia takes a moment to focus on the soccer ball before completing a double hat trick against Rising Sun. *photo by Trenton Scroggins*

Whit Grote kicks **Jack Heitz** in an attempt to score a point. "Our overall mental abilities as a team were a major contribution to our ORVC title and sectional championship," said **Whit Grote**. *photo by Trenton Scroggins*

Pulling together, and bringing home an ORVC title, and a sectional championship seemed to be the goal of this year's season with an overall record of 18-2. "From the kickoff to the end of the game everyone was willing to put out teamwork," **Whit Grote** explained. "It was never a one-man show. It was always a team effort." They pushed through the season, and sectional; while working together, and brought home an IHSAA Class 1A sectional title for the school.

Kyle Daugherty, a senior soccer player for the Shawe Hilltoppers, played his final season along with many of his classmates this year. "Walking off that field at regional was hard," **Daugherty** said "Even though we lost I left everything on the field."

When asked what they would change; one graduating senior, **Ryan Cox**, responded, "If I had that opportunity I wouldn't change a thing about this past season, it was the greatest time of my life." -*Trenton Scroggins*

Junior High Cheerleading: Front - **Julia Ott, McKayla Christian and Sami Legeza.** Back - **Mackenzie Ott, Mackenzie Lewis, Lilly Byard and Katie Stuart.** (Not Pictured: **Katie Chatham**) photo by *Brittney Snodgrass*

Mackenzie Lewis, 8th

"My favorite part of being a cheerleader was getting to make new friends who I always have fun with."

Lily Byard, 7th

"My favorite part of cheerleading was the bus rides to the games. They were always so much fun."

Mackenzie Ott, 8th

"My favorite part of being a cheerleader was being there to cheer our team on."

The Junior High Cheerleading team does a cheer together. Keeping the fans upbeat during the game was the girls' top priority. photo by *Brittney Snodgrass*

In the middle of a stunt, **Mackenzie Ott** stands proud. In Junior High Cheerleading, girls began to learn stunts and cheers in preparation for High School. *photo by Christy Whitham*

Cheerleading, although not considered a sport to some, is a job in itself. "The hardest part of cheering is being happy all of the time. We have to be the ones to get the students excited and help to motivate the entire team," added **Mackenzie Lewis**.

Even with a small amount of cheerleaders, the girls spirits were high throughout the entire season. The team was also young, consisting of two eighth graders, three seventh graders and three sixth graders. **Mackenzie Ott** added, "Even though we have a sort of small team and young team, we had a lot of fun. I think we worked well together."

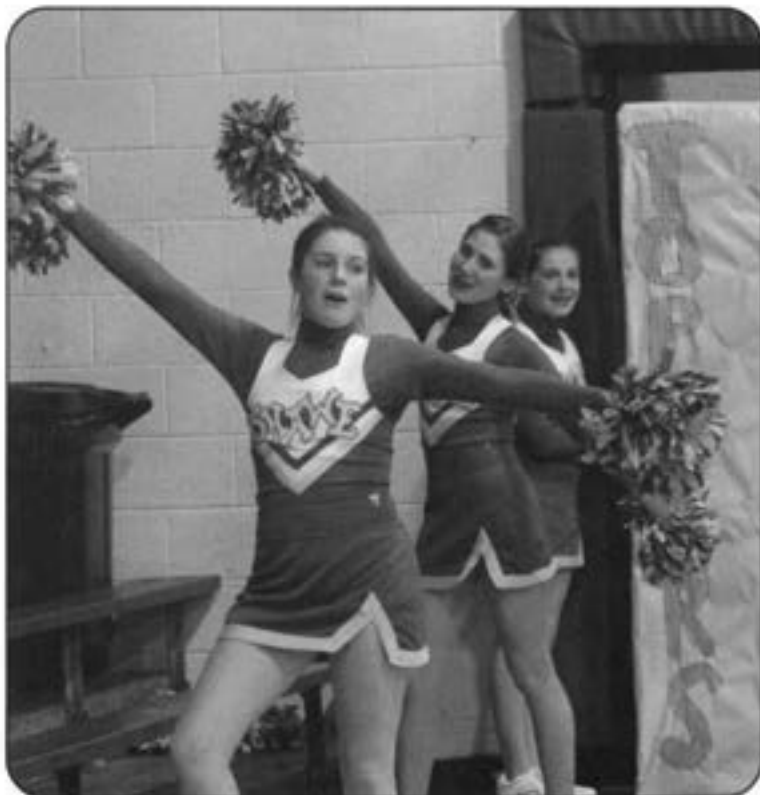

Cheering involved doing stunts, dances, cheers and many other things like painting the team's run through banners. Some girls enjoyed one more than another. **Katie Stewart** commented, "My favorite part of cheerleading is the stunts."

In all, junior high cheerleading prepared the girls for high school cheerleading. With a year of learning the girls were ready to join the high school team in their next years. *-Brittney Snodgrass*

Performing the "Go Big Green" cheer, the cheerleaders show their enthusiasm. The girls always kept smiles on her face, no matter what the score. *photo by Brittney Snodgrass*

Lily Byard, Mackenzie Ott and Julia Ott welcome the Junior High Girls Basketball team as they run out on the floor. The cheerleaders made run through banners for both of the teams. *photo by Brittney Snodgrass*

Angela Goley, 12th
"My favorite cheer was 'How Do You Feel' because it gets the crowd involved, and this year I finally got to say the senior's part."

Nickie Fitton, 11th
"Let's Cheer Green, Let's Cheer Gold" is my favorite cheer, because that cheer has a chant at the end that sounds great."

Mary Strange, 9th
"My favorite cheer is definitely 'Thunderstorm', because the entire crowd gets involved."

Shelby Greene, Madison Drumm, Sarah Sanders, Morgan Koehler, and Destiny Lock perform the cheer "Boom Snap Clap" for the crowd to pump up the fans. This cheer was one that would always get the fans on their feet. *photo by Trenton Scroggins*

Cassey Higdon flies high as **Sarah Sanders, Ivy Schafer, and Angela Goley** reach out to catch her. Doing a stunt took courage and trust from every member to perform. *photo by Trenton Scroggins*

In any sport or club, the team needs to be able to work together and trust one another. A vital part in cheerleading is trust and working together. If they don't work together, then the cheer would become a wreck. Cheerleaders would be doing different cheers at different rates with different movements. That is why it is very important that the entire team is on time. The cheerleaders all throughout the year worked on stunts and trusting each other.

By doing these risky stunts, they formed a close bond. Each person in a stunt group had their job. The bases have to be able to hold up the flyer and stand strong. A stunt group is like a team. Every individual is a part of the base. Without a strong base then then the team will fall apart. **Morgan Koehler** says, "All the cheerleaders have to be able to work as one to get success." Sometimes the flyer may rock a little bit or may even fall, but the team is there to pick them up. **Madison Drumm** adds, "We have to be there if one falls we are all there to catch her." They are right there to pick each other up and help each other out whenever it is needed. *-Bailey Wolf*

The squad brings up gifts for senior night for one of the cheerleaders. The senior cheerleaders would get simple special gifts to remember their high school cheer career. *photo by Trenton Scroggins*

The Cheerleaders walk out on the floor to perform a cheer during a timeout. They would often do cheers or dances during halftimes and timeout of the basketball games. *photo by Trenton Scroggins*

Junior high girls basketball team: Front - Brooklyn Koehler, Kristin Snodgras, Brittany Durham, and Riley Boone. Back - Kate Grote, Claire Higgins, Erin Cooper, Megan Hesse, and Lauren Cieslinski.

Maggie Miller, 7th
"My favorite part about my team is when the whole team plans to wear a crazy hairstyle."

Brittany Durham, 8th
"My favorite thing about my team is their positive attitude. No matter if we won or lost everyone was positive and in a good mood on the bus ride back!"

Erin Cooper, 7th
"The best part about my team is that we are always laughing and goofing off. We always had fun, and I couldn't wish for a better team. I'm really going to miss the 8th graders next year."

Claire Higgins, Meg Hensler, Riley Boone, Lauren Cieslinski, and Megan Hesse get their picture taken after winning their tournament. This was an exciting day for the 8th grade team. *photo by Trent Scroggins*

Claire Higgins fights to get the ball back. Being aggressive was the only way to succeed during basketball season. *photo by Garel Blanchard*

The junior high girls basketball team met with their coaches for a pep talk just a few minutes before the game. This was the last game of the season, and they were hoping to end with a win. *photo by Trent Scroggins*

The Junior High girls basketball team made many improvements throughout the year. With the addition of the 7th grade players coming onto the team, they had some players that made an improvement to their record. Some 6th graders also moved up to play on with the junior high. A few of the 7th graders also played up on the 8th grade team. Many of the younger girls looked up to the older girls and pushed themselves to improve throughout the season. Assistant coach, **Tracy Storm**, said, "I think the most improved skills of the team were passing and executing the plays."

The junior high girls basketball teams won a majority of their games. Having younger girls play up was one major advantage on both teams. The younger girls improved from playing with girls a year or two older than them. The girls enjoyed going together as a team to away games. Bus rides were looked forward to by the team. **Brooklyn Koehler** said, "My favorite part about bus rides is sitting with my friends and singing the lyrics to our favorite songs. -*Morgan Koehler*

Junior high boys basketball: Front - **Matthew Binzer, Jack Lisle, Grant Sugget, Hunter Henderson, Joseph Lisle and Ethan Goebel**; Back - **Sebastian Livorno, Aaron Peterson, Sid Thevenow, Schuyler Edwards, Christopher Grote and Ryan Storm.** (Not pictured: **Will Davis and Nick Weatherbee.**) *photo by Trenton Scroggins*

Will Davis, 7th

"The funniest part of the season was when Joel Carrillo was throwing a full court shot, and the ball decked coach in the back of the head."

Schuyler Edwards, 7th

"The funniest part of the season was when the player from Medora decked the referee in the face with the ball."

Sebastian Livorno, 8th

"The funniest parts of the season were the conversations on the bus rides."

Seventh grader Nick Weatherbee, attempts to block the lay-up during a game against Madison Junior High. *photo by Trenton Scroggins*

Grant Suggett rushes to the basket during a fast break. Speed and quick reactions were requirements of a win. *photo by Trenton Scroggins*

"Going into the season I had placed a few goals for myself, one being **Ryan** getting yelled at by coach," seventh grader, **Will Davis**, said, "I think I met a few of my goals." Junior high boys basketball consists of eighth, seventh, and a few sixth graders.

"A goal I met this season was scoring ten points in one game." said seventh grader, **Grant Suggett**. From bettering their offense, or working harder on defense, the junior high boys accomplished many of their goals.

"I have greatly improved my free throw shooting," said seventh grader, **Ryan Storm**. Every player took small steps by achieving their goals to work toward being better basketball players.

Working together as a team proved helpful when at practice and on the court. Helping each other moved each player forward and the team as a whole. A season full of hard work and dedication to the sport has prepared the boys for next year's season.

"I can't wait until next season." seventh grader, **Nick Weatherbee**, said. -*Trenton Scroggins*

Records Unavailable

Eighth grader, Sebastian Livorno, passes the ball into **Christopher Grote**. The players passed the ball in quickly before continuing down the court. *photo by Trenton Scroggins*

Eighth grader, Schuyler Edwards, scrambles to pass the ball into play. While often pressed, the team was forced to be quick to pass the ball inbounds. *photo by Trenton Scroggins*

High School Girls Basketball: Front - Meghan Scroggins, Hannah Storm, Stephanie Snodgrass, Taylor Grote and Amelia Koehler. Back - Sarelia Rios, Katelyn Moore, Megan Goebel, Shannon Fry, Jenna Armstrong and Maddie Waller. *photo by Trenton Scroggins*

Amelia Koehler, 10th
"Playing with my friends and getting a 'double-double' was my favorite part of the season."

Taylor Grote, 11th
"My favorite part of the season was the Rock Creek game where we held them to 10 points with only three players on the court in the end."

Jenna Armstrong, 9th
"Seeing my friend Maddie Waller everyday at practice was the best part of the season."

Sophomore, Hannah Storm, tries to dribble the ball through Jac-Cen-Del's trap. The Hilltoppers faced the Jac-Cen-Del Eagles in both the regular season and the Sectional games. *photo by Brittney Snodgrass*

Looking to see who is open on the court, **Taylor Grote** begins to dribble the ball. **Grote**, only a junior, was a very prominent leader on the team. *photo by Brittney Snodgrass*

Grabbing the rebound, **Shannon Fry** fights to regain the ball after a failed shot. **Fry**, a freshman, especially had to step up on the team after both **Garcia** and **Snodgrass** were out with injuries. *photo by Trenton Scroggins*

Stephanie Snodgrass and **Sarelia Garcia** sport their "Bench Buddies" shirts during the sectional game. Although both were injured this season, they proudly supported their team helping them at practice and games. *photo by Brittney Snodgrass*

With a new head coach, **Camile Deuser**, the season had ups and downs, as any new coaching staff would encounter.

Just when the season had begun, sophomore, **Stephanie Snodgrass**, was taken out of the game with a season ending injury. With only weeks to follow, Freshman **Sarelia Garcia** suffered a torn ACL and meniscus and was out for the remainder of the season. **Garcia** added, "The hardest part about being hurt during the season was watching the games and practices, wishing that I could be out there with my team doing what I love."

The rest of the team didn't let this get them down. "The highlight of the season was winning against Milan both times. It was awesome and really helped build our confidence as a team," **Meghan Scroggins** commented.

"This season definitely had its ups and downs, but overall it was a lot of fun and great learning experience," **Hannah Storm** added. *-Brittney Snodgrass*

High School Tennis: Front - **Paulette Koronkevich, McKay Burdette, Taylor Grote, Sophie Edens and Hannah Storm.** Back - **Brittney Snodgrass, Liz Grote, Coach Steven Sims, Bailey Davis and Kalyn Robison.** photo by Morgan Koehler

Liz Grote, 12th

*"The best part about tennis was being with my team and all of our jokes together. **Bailey** always made practice interesting!"*

Paulette Koronkevich, 10th

"Being with the team was the best part of the tennis season."

Bailey Davis, 12th

*"The best part about tennis was all of the times that we messed with **Mr. Sims** during practice or at our matches."*

Looking to take an overhead shot, **Hannah Storm** readies herself during her doubles match. This was **Storm's** first year playing tennis. photo by Debbie Snodgrass

All bundled up, **Tanner Sims** sits in the basket of balls during the tennis practice. **Tanner** is Coach **Steve Sims**' son and enjoyed coming to practices with his daddy. *photo by Steve Sims*

With yet another year of improvement under their belt, the Shawe tennis team has made strides to a successful season. Returning Coach **Steve Sims** carried the team throughout its trials and tribulations. He commented, "I really enjoyed coaching this season. I am glad that I was able to coach the four seniors who started with me as freshmen. We had our ups and downs, but we definitely improved as the season went on!"

While the season had its ups and downs, each and every player had their moment in the sun. Taylor Grote added, "My biggest win was against Milan in our Invitational Tournament. It went to three sets."

Others, like **Sophie Edens**, were not as lucky. She commented, "The hardest part of the season was getting hurt at the start of the season. I couldn't play anymore and just had to sit and watch everyone else play." **McKay Burdette** added, "Going from Junior High Tennis to High School was a challenge. Especially when I had to fill in at number one doubles when **Kalyn** couldn't play." -*Brittney Snodgrass*

Kalyn Robison serves during the sectional match. This was **Robison's** first year playing doubles on the team. *photo by Stephanie Snodgrass*

Mackenzie Lewis, 7th

"My favorite part of the season had to be on the bus when we were really ourselves."

Megan Hesse, 7th

"My favorite part of the season was being a part of the team."

Lilly Byard, 7th

"My favorite part of our season was seeing each other make silly mistakes in practice."

The girls huddle around their coach, **Mrs. Lisa Hesse**, before their match-up against Southwestern. The players joined together before every match to prepare each other. *photo by Brittney Snodgrass*

Kristen Snodgrass serves the ball during tennis match at home. **Snodgrass**, a sixth grader at Pope John, joined the junior high tennis team for her first year. *photo by Brittney Snodgrass*

"Playing singles for the first time was a challenge," said seventh grader, **Mackenzie Lewis**. This past season gave each junior high girls tennis player numerous opportunities, which presented new challenges for both new and experienced players.

"Throughout the season our only challenge for the team was how many people we had on it." seventh grader **Shelby Whitham** said. The team consisted of seventh and eighth grade students from Shawe and many sixth graders from Pope John. With a large team and high hopes for a good season, the girls worked hard in and out of practice. "The most challenging part of the season was when you're losing trying not to get down on yourself," said seventh grader, **Megan Hesse**. Though there were challenges, the girls ended their season with an overall record of 8-2, completing their goal for a successful season. *-Trenton Scroggins*

Mackenzie Ott, 8th

"My favorite part of junior high track are the bus rides on away games. It's a chance to laugh and have fun with my friends before a meet."

Christopher Grote, 8th

"My favorite part of junior high track is just trying to improve my times and scores each meet."

Jack Lisle, 8th

"My favorite part of junior high track is just the sport itself. I love it. I also like talking to my friends at the meets."

Mackenzie Ott gives her all as she gets closer to the finish line in the 800 meter. There were only two girls on Shawe's track team so they competed in many different divisions. photo by Leah Ott

Ryan Storm races towards the finish line at his track meet. Shawe scored fairly well in the 400 meter. *photo by Leah Ott*

Track is a sport of running, jumping and throwing. Track is a sport that is enjoyed by people of all ages all over the world. This year's junior high track team seemed to have a good season, according to the members. They seemed to have a great time just because of their love for the sport. Due to the fact that Shawe is a really small school, sixth graders from Pope John were also on the team to help out. They helped the team with numbers and overall success. **Ryan Storm** said, "It was great to have just as many teammates as every other team, even though we were usually the smallest school at the meets."

When not competing, team members could be seen warming up or laughing and joking with friends before the meet. Many students loved getting the chance to enjoy a common sport with their friends. **Ethan Goebal** said, "My favorite part about track is being in a sport that my friends are in too." Many students liked and participated in track for this reason. Track is a sport that takes dedication and hard work. - *Morgan Koehler*

Scoreboard

Nick Weatherbee: 100m- 13.46, 4x100 relay- 52.74, 200m- 26.74, 4x400 relay- 4:27.12, high jump- 4'6"

Ethan Goebal: 1600m- 5:38, 800m- 2:40.12, high jump- 4'6"

Jack Lytle: 100m- 13.54, 4x100 relay- 52.74, 400m- 1:04.67, 200m- 27.89, 4x400 relay- 4:27.12, long jump- 14'11"

Zane Love: 1600m- 6:25, 4x100 relay- 52.74, 200m- 29.12

Ryan Storm: 4x100 relay- 52.74 400m- 1:19.45

Jacob Binzer: hurdles- 21.81, 400m- 1:14.21 200m- 28.92, 4x400 relay- 4:27.12

Mackenzie Ott: 1600m- 7:38, 800m- 3:24.16

Christopher Grote: 1600m- 5:09, 400m- 1:06.37, 800m- 2:22.69, 4x400 relay- 4:27.12, long jump 16'2", high jump 4'10"

Carson Hambrick: 100m- 14.71, 400m- 1:25.17, 200m- 29.05

Jack Lisle finishes the long jump. Long jump takes a lot of effort and energy. *photo by Leah Ott*

Nick Weatherbee pushes himself to get to the finish line. Many students pushed themselves at the end to get past more of their opponenets. *photo by Leah Ott*

High School Track: front - Bailey Wolf, Azcael Garcia, Hannah Storm and Connor Boone. Back - Caroline Wehner, David Strange, Jarrod Rampy, Skip Maas and Andrew Ott. (Not Pictured: Spencer Torline, Laura Hesse, Jack Heitz, Jordan Chandler, Zach Tingle, Cody Canada and Daniel Carrillo.) photo by Trenton Scroggins

Jack Hietz, 10th

"When I run I literally think about how it's almost over, and how many meters I have left until it ends."

Skip Maas, 9th

"When I run I think about getting to the finish and deep thoughts about life and God and the meaning of the universe."

Jordan Chandler, 12th

"When I run I think about the movie Forrest Gump when Jenny yells, 'Run Forrest.'"

Azcael Garcia extends his body as much as possible to gain more distance. In long jump the most important components to success is distance, form and speed. **Garcia** worked all season on strengthening these skills. photo by Bailey Wolf

Spencer Torline lengthens his stride during his mile run. Many runners tried to work on their form because, the longer the stride they have, the better time they achieve in distance races. *photo by Bailey Wolf*

Bailey Wolf gets set in her blocks for her 200 meter dash. **Wolf** was the only freshmen on the girls team, but she managed to keep up with the upperclassmen. *photo by Leah Ott*

Hannah Storm sprints down the straight away for her 100 meter dash. **Storm** not only sprinted for the team, but she also participated in long jump. *photo by Leah Ott*

The track team may not have many numbers, or a track like other schools, but they made it work as best as possible. Coach **Andy Livorno** said before every meet, "Every runner counts, every second counts and every point counts. Because at the end it could be down to a one point difference for the win." At the track meets the place a runner finished resulted in a certain amount of points rewarded to the team. The school with the most points wins the meet. The boys and girls ran often, and did finish in the top positions.

The runners often set personal bests for themselves too. **Jarrod Rampy** set a school record in the 100 meter hurdles, and **Caroline Wehner** set one for herself in the 400 and 800 meter run. **Wehner** also went on to regionals for the 800 meter run. **Caroline Wehner** says, "I didn't like the 800 at first. The first time I ran it I thought that the team was going to have to take me home in a body bag." The track team was made of small numbers. They ran their hardest every time because, every point did matter at the end of the meet. *-Bailey Wolf*

Junior High Golf: Front - Chandler Cole, Megg Hensler and Zach Stewart. Back - Katie Hertz, Schuyler Edwards and Coach Jacob Bennett. photo by Morgan Koehler

Megg Hensler, 8th
"My favorite part about Junior High Golf was talking with the other golfers from different schools."

Schuyler Edwards, 7th
"My favorite part about junior high golf was improving my golf skills."

Megg Hensler practices getting her stance ready. Hensler was the oldest member on the team and always encouraged the younger members to get rid of any bad habits. photo by Bailey Wolf

Schuyler Edwards practices his swing outside. The golfers were encouraged to work on their form any chance they had. *photo by Bailey Wolf*

Junior High Golf worked on many skills over their season. Together they would give each other tips on how to improve. **Megg Hensler** comments, "As the older member of the team I had to step up and help my younger teammates out." The golf team worked on many skills to try and improve their technique and match results.

Golf requires balance and rhythm when swinging. The junior high golfers experimented over the season on finding their balance and rhythm. The goal was to maintain balance and get a smooth rhythm. **Schuyler Edwards** says, "At first I didn't know why we had to find our rhythm. I thought we just went out and hit the ball in the hole but, it turns out you have to do a lot of technique things to hit it in the hole." They did many drills where they had to putt at different angles and different distances from the hole.

They tried to correct any bad habits they had. By the end of their season, they had corrected most of their bad habits and learned new tips that helped improve their performance. *-Bailey Wolf*

Records Unavailable

Megg Hensler tries out different swings before her meet. The players had to learn to control their strength and speed when hitting. *photo by Bailey Wolf*

Schuyler Edwards concentrates before he takes his big swing. A huge part in golf was staying calm and concentratiing. *photo by Bailey Wolf*

High School Softball: Front - Sarah Sanders, JaLynn Copeland, Gary VanWye, Lauren Goebel, Alison Mruzek, Megan Goebel, and Gabrielle Pawklak. Back - Mark Koehler, Amelia Koehler, Meg Scroggins, Stephanie Snodgrass, Katelyn Moore, Emmalee Copeland, Maddie Waller, Bailee Koehler, Ava Lohrig, and Wart Copeland. *photo by Brittney Snodgrass*

Bailee Koehler, 10th
"My favorite part about softball was growing closer with my team as the season went on."

Stephanie Snodgrass, 10th
"My favorite part about softball was that even though we didn't win many games, we improved as the season went on."

Megan Goebel, 12th
"My favorite part about softball was that it was my senior year, and I felt like we improved a lot."

Stephanie Snodgrass gears up to go out on the field. It was very important for catchers to wear protective equipment so that they wouldn't get hurt. *photo by Brittney Snodgrass*

Emalee Copeland warms up before a home game. For a pitcher warming up is a very important part of their preparation for a game. *photo by Brittney Snodgrass*

There were many girls from Shawe Memorial that participated in softball. The team had some struggles throughout the season but they had overall improvements as a team. **Ava Lohrig** said, "The best part about softball this season was the fact that we improved. We didn't win many games, but I think overall we improved as a team in every aspect of the game." As the season went on, the girls were scoring more and more runs per game.

Although the team didn't get as many wins as they had hoped for, they did pull out some victories. The majority of the softball team were freshmen and sophomores, where the other teams may have had a lot of juniors and seniors being a varsity team. **Lauren Goebel** said, "Even though there were only three seniors I didn't look at it as a burden. Every player had their strengths and weaknesses, and I thought that everyone had something to bring to the table." Even though we didn't have the best team, the players seemed to enjoy the sport and have an exciting season. *-Morgan Koehler*

Scoreboard

- Shawe 1 Lanesville 25
- Shawe 0 Milan 10

Jesse Ball, 12th

"My best moments of the season were hitting the first homerun and hitting a Grand Slam that won the game."

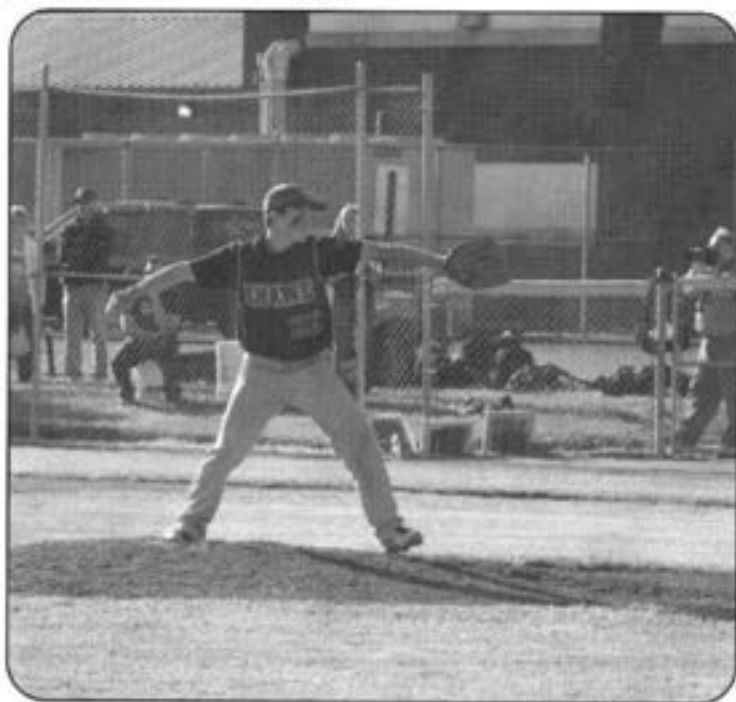

Jordan Chandler, 12th

"My best moment of the season was being ranked for my batting average."

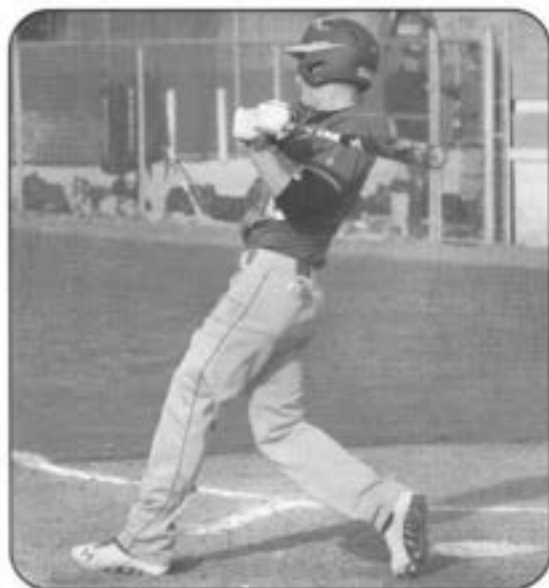

David Grote, 12th

"My best moment of the season when our team won the sectional game."

Luke Higgins puts all his energy into his pitch. **Higgins** was one of the many pitchers on the team. They would rotate pitchers to give the player's arms a rest. *photo by Barb Daughtery*

Kyle Daughtery swings across his body after he hit the ball. **Daughtery** always set a good example for the younger members of the team by helping them out. *photo by Trenton Scroggins*

The boys huddled together after a game. They always would have a pep talk during a huddle to try to get the players pumped up. *photo by Barb Daughtery*

Grayson Rhoten, a freshmen, skids across the dirt to tag the Rising Sun player. Since most of the team consisted of seniors, the underclassmen will take their spots next year. *photo by Barb Daughtery*

This year's baseball team was built mainly of seniors. The boys have been playing baseball with one another since their elementary days. Over the years they've created a bond with each other. **Azcael Garcia** says, "We are a team and a brotherhood forever. One day they'll make a movie about us." This ultimately affected their playing, because they played as a whole. The team was made of talented individuals that formed as one. Each player had their shining moments during the season. All of the players had their big moments which resulted in many team victories.

The team won many important games. They beat their rivals, Southwestern, and won the first sectional game. The players knew everyone had to put one hundred percent effort into playing. They proved they did by winning their sectional game, even though it was rainy and late. **Luke Higgins** comments, "We had to survive and advance." The players always made sure to put their hearts in the game. All of the seniors left their footprints at Shawe as a team. *-Bailey Wolf*

Record 14-12

Liam Thomas looks onto an empty field after his football game. **Liam** was the only student at **Shawe** that participated in this sport. *photo by Trenton Scroggins*

Josie Grote, 8th
"My favorite part about competing for a team other than one of Shawe's teams is that I got to meet new people, and I got to participate in something more than what Shawe has to offer."

Casey Higdon, 12th
"I enjoyed following the Southwestern team and having fun with friends. It was also nice to have my parents as my coach so I could be with them even though they couldn't help me much."

Riley Boone, 8th
"My favorite part about being on a team other than a Shawe team is that I got to meet new people, have new experiences, and come out of my comfort zone."

Liz Grote jumps into the pool to start her race at a swim meet. The start was the key to starting out the race well. *photo by Trent Scroggins*

Alex Reuss shakes hands with his opponent before the match. This display of sportsmanships could be seen before every match. *photo by Brittney Snodgrass*

Some students at Shawe Memorial took part in sports or teams that Shawe does not offer. Some of these are basketball, golf, swimming, football, tennis and dance. Many of the students looked at it as a way to get some new experiences, and make friends. This was also a way to extend their abilities past what Shawe had to offer. Some students simply just decided to look elsewhere to stay active. Some of these students brought new sports to Shawe that weren't initially offered. **Shelby Whitham** said, "Competeing on a dance team helped me stay active and get away from school. It was also a good learning experience and since it was my first year competing on this dance team. It was a new experience. It was also great to meet new people and to interact with some of my friends outside of school."

Teachers and students alike find it important to stay active on their own time. Some of the students in Shawe Memorial were the only people on a particular team for Shawe, so it took a lot of dedication and time to make themselves have practices. **Alex Ruess** said, "I really liked the chance to compete by myself and have the chance to improve not only my skills in tennis but to improve myself as a person." -*Morgan Koehler*

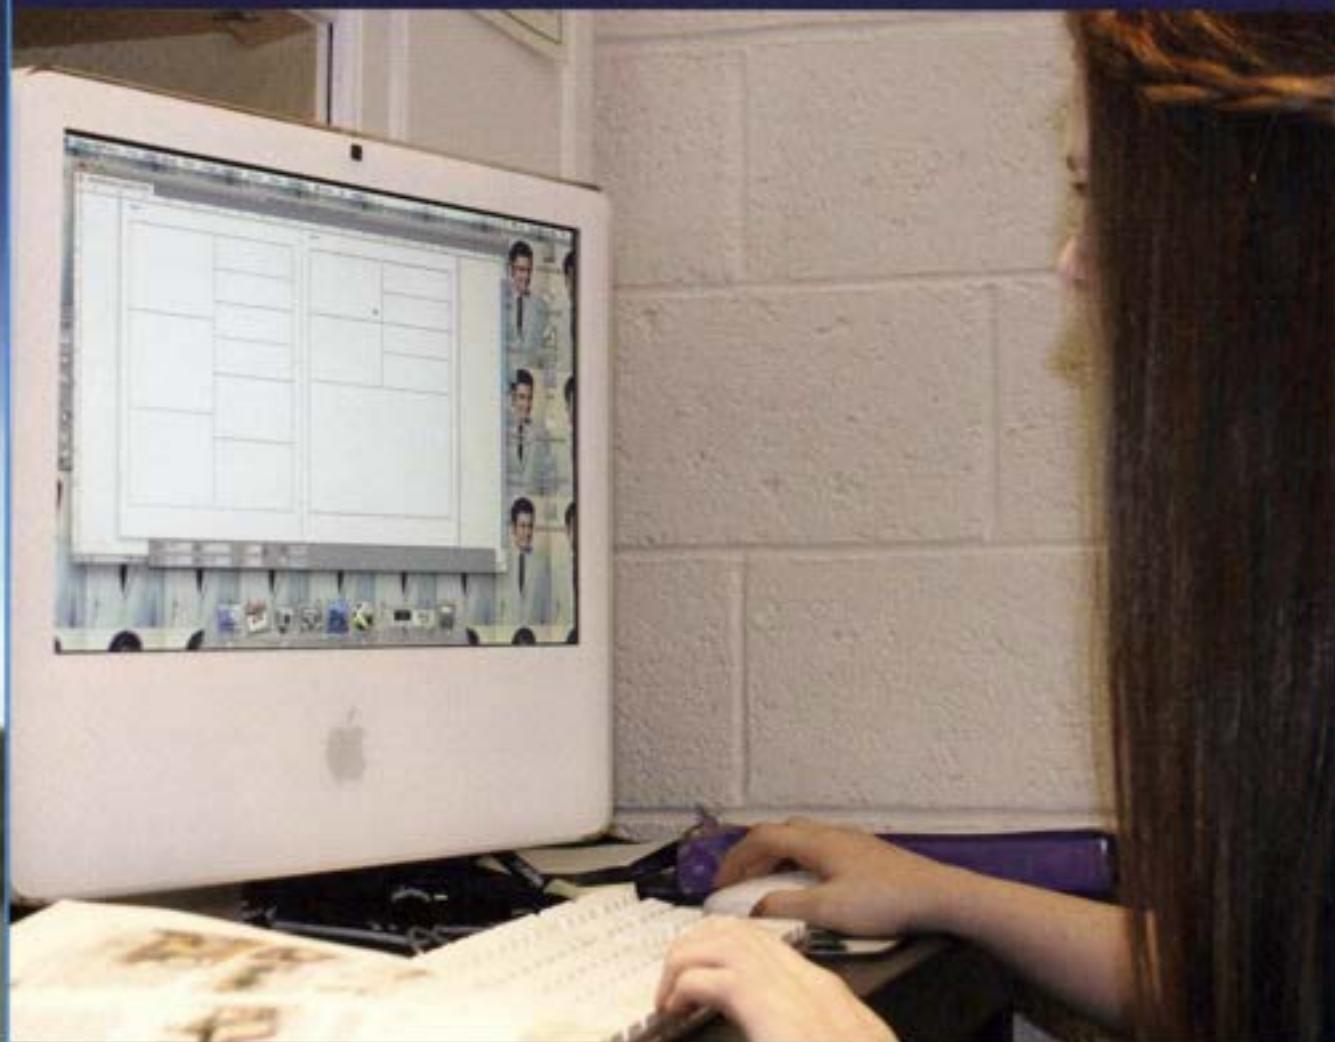

Josie Grote listens as the rest of the awards are handed out. **Grote** won a first place medal for all her hard work. **Grote** was the only Shawe student to participate in junior high swimming. *photo by Trenton Scroggins*

Advertising

slide to unlock

Advertising is a vital part of creating a yearbook every year. Without it, making a yearbook would be a headache to bring together. Advertising is an easy process if you have enough students, but with only four this year, **Brittney Snodgrass**, **Trenton Scroggins**, **Morgan Koehler** and **Bailey Wolf**, they had to work twice as hard to sell ads, put on fundraisers and pull together a yearbook all at once.

The students began to sell ads in September to aid the funding of the yearbook. Using telephones in several different classrooms, the students talked with businesses across the Madison community. "Advertisement was difficult at first, but I excelled and even finished the year in second place in the class when it came to selling ads," freshman, **Bailey Wolf**, said. For the majority of the class, this was their first year in yearbook, which means they needed guidance especially in the beginning of the year. Senior, **Brittney Snodgrass**, the editor of the yearbook, was responsible for teaching the students the basics of journalism and how to sell advertisements. "It was definitely hard being in

charge this year, especially since I was the only one who knew what was going on, but the staff was awesome and I wouldn't have changed anything."

Snodgrass had been in journalism for three years, and in those, she learned everything there is to know about yearbook, journalism and selling advertisements. "This has by far been the best year ever, and I am definitely excited for this year's book to be complete. It has been a struggle, but it has been worth it," **Snodgrass** said.

At the end of the year, the four students finished the yearbook in the same amount of time it took larger classes in the past. Only having to come in two days during the summer, the students successfully finished the yearbook, and even sold enough ads and hosted enough fundraisers to fund this year's book.

Even though the year was tough, the students learned to overcome their troubles and create a successful yearbook. -*Trenton Scroggins*

Above: **Morgan Koehler** works on the yearbook department's laptop during class. The students designed advertisements using QuarkXPress and Photoshop. *photo by Trenton Scroggins*.

Alex Reus said the funniest thing a teacher ever told him was he had to "study and read in order to pass a class." Sarah Sanders said the worst punishment she has ever gotten was having her phone taken away at school.

Joe,
May Jesus' gentle hands always guide you. May His perfect love forever live in your heart. May His watchful eyes always keep you in view, And may his blessings from you never part. We thank our Lord and Savior for giving you to us. As surely as if our blood flows in your veins, You are our son, and we could not be more proud. Having you for a son has been one of the greatest gifts God has ever given us.

Love,
Mom, Dad, Alex, and Andy

Jordan,
May all your dreams
stay Big.
Love,
Mom, Dad, and Alyssa

"We know what we are, but know not what we may be."

William Shakespeare

We are so proud of the young man you have become. Congratulations! The next phase of your life begins and we are so excited to see what you make of it. Work hard, play hard and savor every moment. We love you with all our hearts!

Love, Mom and Dad

Spencer,
Keep God in
your life as you go
out into the World
to make it a better
place. Be yourself!
With much love
and pride,
Mom, Dad, Nick,
and Alex

Thank you Brittney for all of your hard work and dedication to the yearbook department. We wish you the best of luck in your future!

Sincerely,
Ms. Poyner, Trenton Scroggins, Morgan Koehler, and Bailey Wolf

Alex, right before our eyes, you have grown up so much on your way to becoming the special person you are today. From a baby, to a boy, to a young man, you were full of life and filled with surprises. Trying to keep up with you has been many things: rewarding, challenging, hopeful, and fulfilling. In every one of your years, you have given us more happiness and love than most people will ever dream of. As a family, we have walked many paths on our way from yesterday to where we are today. Love has always been our companion, keeping us close even when we've been apart. You have given us many gifts on that journey. But none are more precious. Son, than the smiles you give to our hearts.
Love,
Mom, Dad, Joe, and Andy

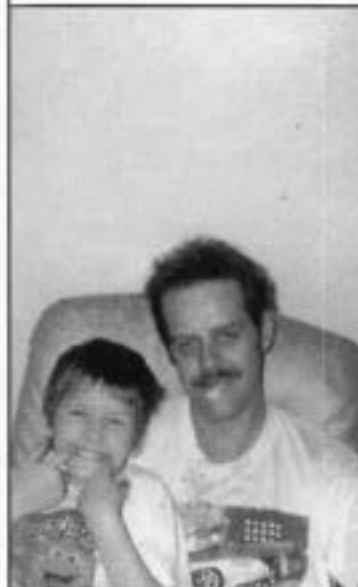

Bailey Wolf's favorite Shawe couple is Kyle Daugherty and Maddie Waller. Morgan Koehler said the funniest thing a teacher has said to her is "Stop shaking the computer." Brittney Snodgrass thinks Trenton Scroggins is the coolest.

*Congratulations and good luck at Ball State!
We love you very much,
Mom, Dad, Tyler, and Cameron.*

*Congratulations
David and Liz!
We are very proud of the people
you are becoming, and we wish you
both the best of luck in futures!
Remember your family is always
here for you.
Love,
Aunt Gretchen*

Ryan,
Dad is watching
over you from
Heaven. Sarah,
Tony, David, Rachel,
John, Chad, and
Sean are here when
you need us. We all
are very proud of
the man you are
becoming.

Liz,
Congratulations.
The whole family is
very proud of you.
Remember we are
always here for you,
and we all love you very
much. We all wish you
the best of luck with
your future.
Love,
Grandpa Buzz

Congratulations, Sam!
"You're off to Great Places.
You're off and away...
You'll soar to high heights.
...Oh, the places you'll go!"
So proud of you...we love
you!
Mom and Dad

David,
We are so proud of you.
Good luck at Bellarmine
University. We know that
you will do great. Remember
your family loves you, and
we will always be here for
you.
Love,
Grandpa Buzz

Saralia Rios thinks the funniest thing a teacher has ever said to her was that the teacher was in a bad mood. **Patrick Bear** said his first kiss was with an attractive female. **Billy Cole** said his favorite class to sleep in is **Mr. Hall's**.

**Congratulations,
Kyle!**

Keep on making the "Smart Little Choices" that create your tomorrow.

Love ya,
Mom, Dad, and Olivia

"The difference between a successful person and others is not a lack of strength, not a lack of knowledge, but rather a lack of will." Vince Lombardi

Congratulations Kyle. We are proud of your accomplishments and excited for your future. "And in the end, it's not the years in your life that count. It's the life in your years." Abraham Lincoln
Love Mom, Dad and Grayson

*Dear Abby,
Success is not final,
failure is not fatal;
it is the courage to
continue that counts.*

*Love ya,
Mom, Dad, Tori, John and
Anna*

*We could not be more proud of you
and will love and support you always
throughout your life's journey.*

**"Every new beginning
comes from some
other beginnings end."**

*Love Always and God Bless,
Mom, Dad, Justin, Kait and Henry*

Dear John,
*What lies behind us
and what lies before us
are tiny matters
compared to what lies
within us.*

*Love ya,
Mom, Dad, Tori, Abby
and Anna*

Elizabeth,

*As you travel into the
future, don't forget from where
you came. Good luck at Marian
and in everything you do. I am so
proud of you. I love you more
than words can express. I'll
always be here for you.*

*Love you,
Mamma*

Hannah Tilley said her favorite Shawe couple was **Sammie Tilley** and **Justin Fee**. **Taylor Rhoten** said he considers underwear the worst fashion statement. **Shelby Greene** said her best advice for underclassmen, "respect upperclassmen."

Luke,

We are so proud of you and all your many accomplishments in the classroom and on the field at Shawe. You mean the world to us and have become such a wonderful, fun loving, and caring young man.

You have a bright future ahead at IU, and we support you every step of the way!

Love you always!
Mom, Dad, and Claire

Dear Chris,

One of our greatest joys has been raising a son like you, Chris. You have grown into such a wonderful person and have brought us more happiness than could ever be imagined. We know you will be successful in whatever you do in life. We are so proud! God bless.

Love always,
Mom, Dad, and Aileen

Dear David,
You have achieved many great successes in your young life. Hard work and dedication are key to a successful life, and you have built a great foundation already. We cannot express how proud and happy we are for you! David, you are an amazing young man and we wish you much happiness, joy, and all our love and support as you strive to make your dreams become reality!

Dream big, work hard, laugh a lot, and explore the world! We are excited to see how you change the world David style! God bless you David!

As stated by Albert Einstein, "Try not to be a man of success, but a man of value."

We love you always and forever, to the moon and back!
Mom, Dad, Cameron, and Eric

Laura,

We are so proud of the young woman you have become. As you begin this new phase of your life, know that your family, as always, loves you and supports you unconditionally.

Love,
Mom, Dad, Myles, Megan, and Kelly

Go Green!

Success is not
the key to happiness.
Happiness is the key to success.
If you love what you are doing,
you will be successful.

We are so proud of you and love
you very much.

Mom, Dad, Stephanie, and
Kristen.

Congratulations, Noah Hall. You made it! We are proud of you. We love you and wish you success on all of your adventures ahead of you. Keep reaching for the stars.

Love,
Mom, Dad, Nathan, Nick and Grandma

Shelby Greene thinks the worst fashion trend is Skunk hair. If Shannon Fry could marry an upperclassman, she would marry Jesse Ball. Cristian Garcia's first kiss was Janey Seaver. Connor Deeg can't live without his organs.

Not only did the school year begin with a bang, it ended with one too. From school dances, Homecoming and sports seasons to school Masses, trips and graduation, students were kept busy from the start to the very end of the school year.

Graduation was something that every senior looked forward to for the entire year. The Class of 2013 has completed thirteen years of Prince of Peace Catholic Schools, and been through many ups and downs over those years. **Cassey Higdon** commented, "After spending so much time at Shawe and Pope John, I was ready to leave! The experiences that I have gone through have made me who I am today, and I am lucky to have been able to attend these schools for so long. I have really enjoyed being able to take art with Mrs. Williams for four years. She has helped me decide what I want to do with the rest of my life: art!"

Many seniors will struggle being away from the schools in the coming years. "My sister, **Megan** has always been there for support and to

always brighten my day. She's my best friend, and I am going to miss not being with her when I am hours away at college," added **Lauren Goebel**. Others are excited to begin a new chapter of their lives. "I am excited to attend Purdue University next year. I will be doing something I love, and getting ready for the rest of my life and career!" added **David Strange**.

Even underclassman enjoyed activities throughout the entire year. For some, their first school dances, sporting events, Shawe Games, and many other activities. **Hannah Storm** said, "I really enjoyed being able to go to prom this year! Especially as a sophomore and the fact that my sister got to attend too!"

In all, 2013 proved to have many ups and downs, as any year would. The Class of 2013 will be forever remembered, in particular for how silly they were, but also for how much they impacted the lives of each and every student. Everyone wishes them the most success.

-*Brittney Snodgrass*

Above: **Myles Hesse**, **Kyle Wisman** and **Collin Hambrick** use all their strength in the tug of war competition during Shawe Games. The sophomore boys faced the teachers in the semi-finals. *photo by Trenton Scroggins*

Left: **Tossing** their hats into the air, the graduating class of 2013 enjoys the annual senior mass with the archbishop. This year, **Archbishop Tobin**, celebrated a mass with the entire school and parish community. *photo by Debbie Snodgrass*

Colophon

Four dedicated students comprised the 2013 *Connoisseur* staff: senior, **Brittney Snodgrass**; junior, **Trenton Scroggins**; and Freshmen, **Morgan Koehler** and **Bailey Wolf**. QuarkXpress and Adobe Photoshop were the programs used on four Apple Macintosh Computers. Interstate Studios took student and club photos. Numerous other photos were taken by **Barb Daughtery** and **Kathy Chandler** of Ice Pie Photography and used for the purpose of the coming together of this year's *Connoisseur*. Digital Printing, Inc. printed the book for the fifteenth year, with **George Jackson** and **John Burress** coming to the aid of the advisor, **Erin Poyner**, and editor, **Brittney Snodgrass**.
