"Traveling - it leaves you speechless, then turns you into a storyteller," said Ibn Battuta.

Upon entering the doors after their summer of fun, Shawe's students began the next steps of their journeys. The seniors came in knowing it was their final year, and the freshman adopted new responsibilities.

But this wasn't just another year to pass by - students made it their own. Fans anxiously watched the soccer team as they played their opponents, the Band of Gold took the field for the second year, and during that time, teachers continued giving their homework load.

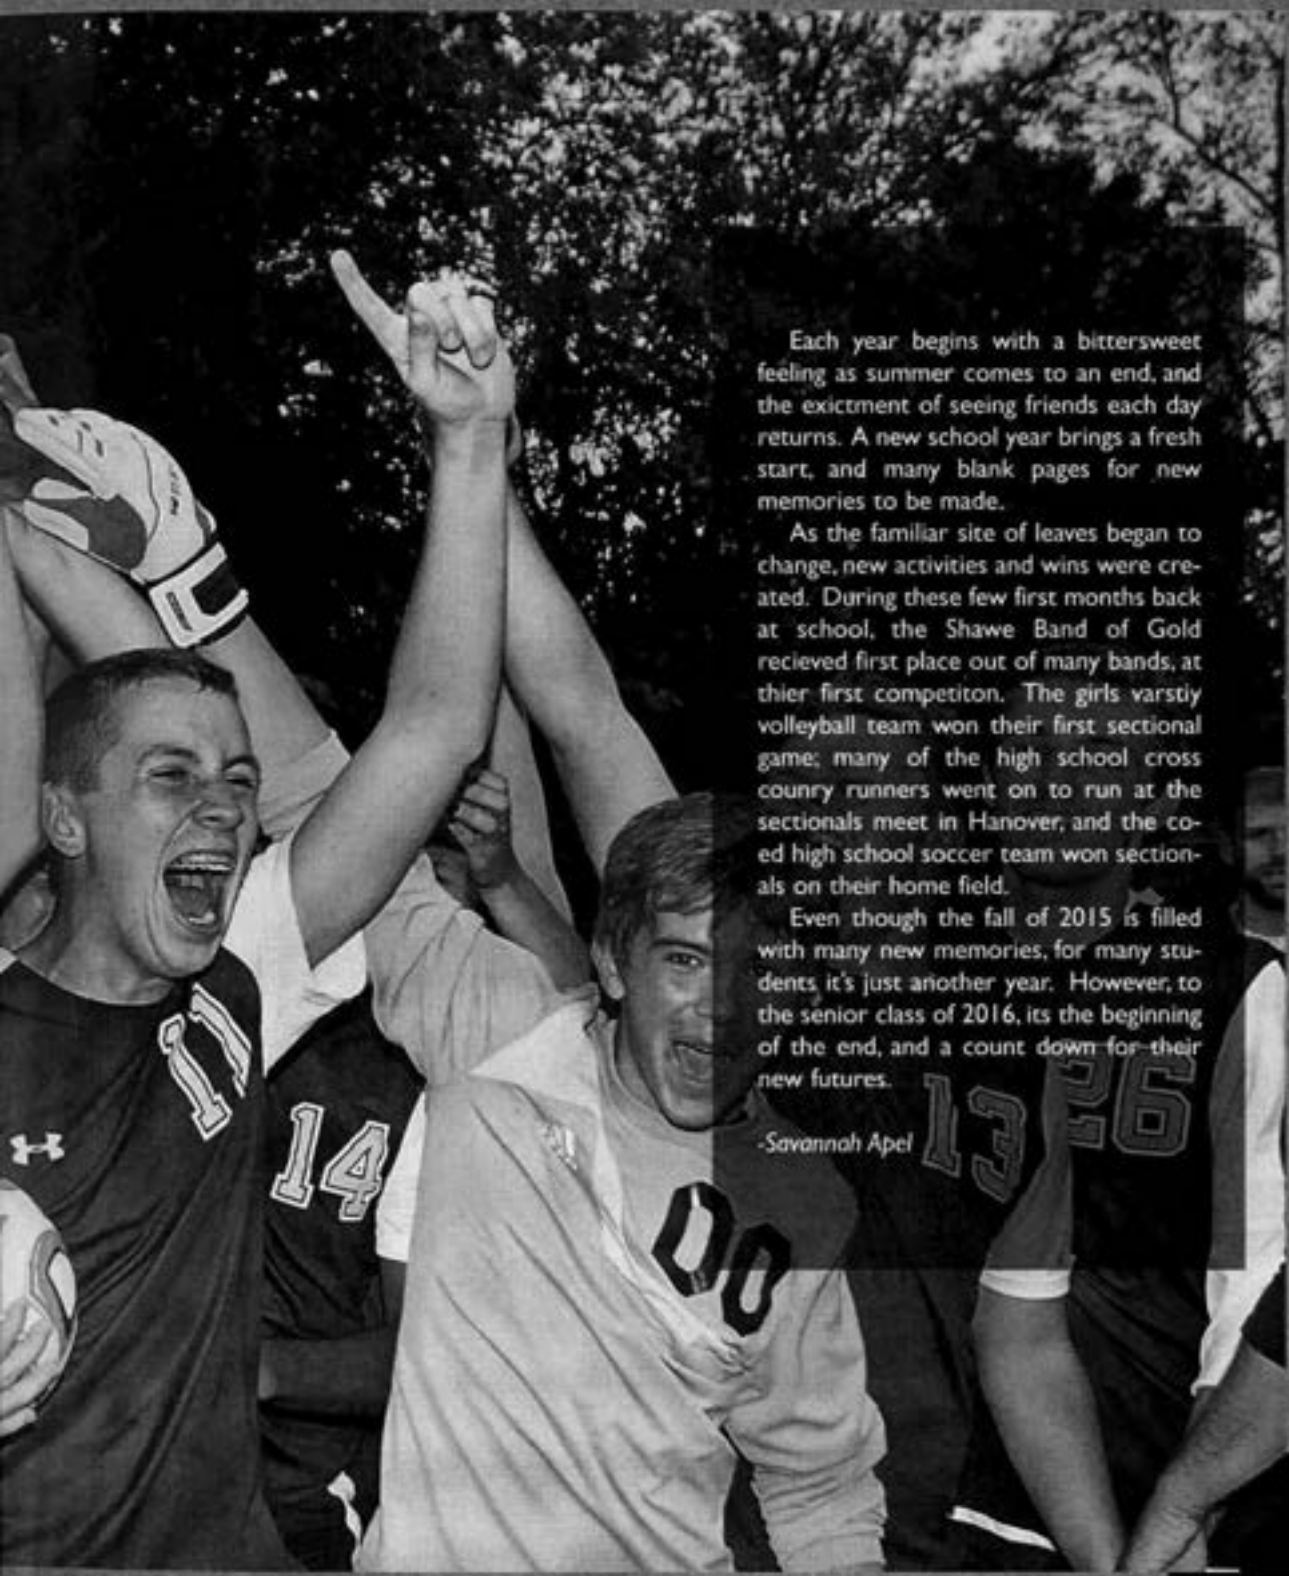

Each year is a journey, and no two people travel the same path. That is the excitement of traveling, right?

Sometimes we don't know where we'll end up, but we can always count on our friends. Friendships have begun to form and are certain to grow. Soon, the students of Shawe will have new stories to tell to each other.

-Sophie Edens

FALL DIVISION
SHAWE MEMORIAL

Each year begins with a bittersweet feeling as summer comes to an end, and the excitement of seeing friends each day returns. A new school year brings a fresh start, and many blank pages for new memories to be made.

As the familiar site of leaves began to change, new activities and wins were created. During these few first months back at school, the Shawe Band of Gold recieved first place out of many bands, at thier first competiton. The girls varstiy volleyball team won their first sectional game; many of the high school cross country runners went on to run at the sectionals meet in Hanover, and the co-ed high school soccer team won sectionals on their home field.

Even though the fall of 2015 is filled with many new memories, for many students it's just another year. However, to the senior class of 2016, its the beginning of the end, and a count down for their new futures.

Photo by **Zachary Shephard**

"I would describe our class as family. We are there for each other during the high and lows and we would drop anything we were doing to be there for someone if we even suspected they needed it. It's just a feeling of security with our class that helps us all know we can count on each other and that's what family does for each other! There is no doubt in my mind that we are a family," said **Bailey Wolf**, class president of the seniors of 2016.

With college approaching much sooner than they could have anticipated, the seniors gave this year their all. They stuck together and encouraged each other as they applied to their college choices, filled out scholarship applications, and waited in anticipation together for replies.

Memories were made as bonds grew stronger, especially as students realized they would soon be leaving their high school friends. **Kaelan Jines** commented, "Senior retreat was by far the high point to my life. I really got to know everyone in my class on a personal level and it was honestly amazing and life changing."

Even as the year drew to a close, all of the seniors have agreed that they will be staying in touch even as they leave high school for college. This class was truly a family.

JUNIORS

As each class moves onto a different grade every year, there is something exciting and new about it. Junior year is the first of many new experiences for the class of 2017. It is the first year of being an upper classman, and with that comes many new responsibilities, activities, and memories.

The Junior class welcomed two new students into their group this year. **Audrey Kinne**, who was new to Shawe Memorial said, "Being new at such a small school was hard at first, especially feeling like you're apart of a friend group. However, after being involved in sports and activities, and also just being around my class in general, I felt like I was apart of the family."

This years junior class, was able to experience new things, such as the Pro Life March in Washington D.C. and Model UN. The junior retreat took place, as well, in early April. Amongst all these activities, the junior class every year plans prom, works concessions, and Baccalaureate and graduation. Altogether, junior year is always a busy and fun time, especially for the class of 2017. -*Savannah Apel*

SOPHOMORES

The Sophomore class has grown up since Junior High. They have grown up to be more mature people and the class as also gotten closer. Retreat played a big part in bringing the class together. "We got so much closer after Retreat. I feel like I know my classmates so much more and I feel like we are all friends in someway. I just love my class." said Leigh Anne after Retreat.

The class as been together since elementary school. Students have left and new students have come. All of the students have bonded well together over the years ,and will hopefully keep their friendships strong for years to come.

FRESHMEN

Starting highschool marks a new beginning in your academic career. It can be an exciting yet scary experience. The freshmen class took the year by storm. "At first I was nervous to start high school because everything we do from now on determines our future; however, this year has been a blast!" -**Lydia Goebel**

The freshmen class has an irreplaceable bond. Everyone tries to help out when someone is in need. "I love our class! I feel like I can come up to anyone and have a nice friendly conversation!" -**Delaine Duquette**

Freshman year flew by for most of the 9th graders as they got to explore their first year in highschool and grow academically. "This year was so great, I can't wait to see what next year has in store for our class!"
Leon Kinne

EIGHTH GRADE

The eighth grade class went on the Washington DC trip last year. The class created many memories there. They got to sit in the U.S House of Representatives and take in all the history. **Walker Kennett** said " My favorite place we went in Washington DC was the Capital Building. I loved looking at the beautiful paintings in the building." The class had a fun and wonderful time on their trip.

The class trip wasn't the only good part about the 8th grade year. Lots of the students enjoyed many of there classes. "My favorite class is study hall because it allows me to get my homework done." said **Zane Love**. The class really got to enjoy their classes and learn lots of new things to get them ready for High School.

SEVENTH GRADE

Seventh grade... the year of many firsts and changes. New school, new teachers, first experience with lockers, and more freedom; a lot to take in within a short period of time. However, all the seventh graders tackled everything very well and have had a good time of fun and adventure as well. They can be seen constantly talking and having a great time laughing in the halls.

When asked about the most challenging aspect of Shawe, **Parker Wilson** said, "Mrs. Torline, because she likes to yell at me all the time." **Owen Laskowski** said, "Homework is the most challenging this year." Many seventh grade students believed having a locker was the most definite change between Pope John and Shawe. When asked about favorite parts of Shawe, **Mary Shannon Schafer** said, "My favorite part is that we get to have more freedom." **Owen Laskowski** said, "Activity period is my favorite."

Overall, all the students adjusted wonderfully and have a great time ahead of them.

FACULTY & STAFF

Teachers shape us, help us grow and excel as young adults. They guide us on the the path to success and are always there to lend a helping hand.

The teachers here do exactly that. When you walk down the halls of Shawe Memorial you more then likley will here classes engaged in learning and even some bursts of laughter. They know how to grasp our attention and keep us focused all while having a blast. That is what makes our teachers special.

We should give credit where it is due because they put up with our sassy attitudes on a daily basis. They have emence patience and knowledge when it comes to dealing with teenagers. We truly do take our teachers for granted.

The year has truly been filled with countless memories that the students and faculty will cherish through their life. A huge shoutout to all the faculty and staff for being amazing.

FAITH FAMILY

Kristen Snodgrass helps one of her Pope John faith family members make an art project during family time. Photo by Carson Hambrick

Starting two years ago, Shawe and Pope John began a program called "Faith Families". Each student is assigned a different faith family with a different teacher as the sponsor. Each family is named after a different saint chosen by the family. Shawe faith families meet almost everyday during activity period.

Each month Shawe students would walk over to Pope John during their activity period to meet and do fun activities with their Pope John families. These activities were always a blast and got everyone involved.

Having a faith family really helped to bring the student body closer not only as friends but spiritually. Not only do they do fun games and such, but they also pray and do religious based activities together. Overall, the Shawe and Pope John faith family program has been a huge success!

FAMILY FUN!

SHAWE MEMORIAL

"My faith family loves to have pitch in meals during our activity period! They always turn out great!" - **Kelly Hesse**

"My family always jokes around with each other. We laugh so much when we're together." - **Chris Powers**

"My favorite part about faith families is going over to Pope John to do activities with the little kids." - **Lydia goebel**

"My faith family always helps me do my homework. I have gotten a lot closer with the people in my family as the year went by." - **Eric Frede**

"I really enjoy being in my family. I've gotten really close with the underclassmen that are in there with me." - **Carson Hambrick**

"I love when my family has lunch together! Sometimes we would even order take out!" - **Mercedes Graves**

FOREIGN LANGUAGES

Languages are the greatest gifts that were given to humanity. It allows us to communicate with each other. However, not everyone speaks the same language. Shawe provides students with the opportunity to learn a new language.

Spanish and French are the two languages offered for students. **Madame Schafer-Cambron** and **Doctor Hamilton** teach students the inner workings and vocabulary, building their lessons on each other.

It is no easy task, of course; it is extremely difficult to abandon the rules of one language at the door to learn the mechanics behind another. Though there are differences and bumps in the road along the way, students still have fun while learning the language of love or Espanol.

While difficult and sometimes rigorously tiring, students love the opportunity to learn a new language.

- Sophie Edens

SET SAIL AROUND THE WORLD

SHAWE MEMORIAL

"French class is the one class of all eight periods that I look forward to the most. It is a fun class and it is satisfying to plan the school dances. It's cool to learn a different language. Bonne Chance tous le monde!"

- Jacob Binzer

"The best part of Spanish is playing spoons. There was one time Emma nearly killed me...by accident, of course! It's also fun to learn a new

language, though it's a real struggle sometimes."

- Kristen Snodgrass

"Playing cucharas with **Grant Suggett** was so much fun. The game was really helpful and taught me a lot about the conjugations and tenses of words."

- - Jack Lisle

CONCERT BAND

Lillian Heath, Phoebe Grote, Amy Corbin, Katie Durerstock, and Abigail Hill come together for a picture before going to perform. Photo by Kristen Snodgrass.

The Concert Band did a really good job this year. Many people came to see their annual concert. Every student played their heart out and did an amazing job. Mr. Gordon said that he was very proud of them and that they did a fabulous job.

Every day in class they worked very hard to perfect each piece of music that Mr. Gordon gave them. A lot of the students took their instruments home every night and practiced as much as they could. It takes hardwork and dedication to make the peice presentable.

Mr. Gordon works very hard to try and push each student to be better. He picks out music for them that is suitable for them, but also a bit challenging. If you never get challenged, you will never get better.

The teacher also makes a difference. A good teacher could change your life. They push you hard, and make you the best you can be. **Mr. Gordon** is a great representation of these teachers.

-Kristen Snodgrass

MUSICAL MEMORIES

SHAWE MEMORIAL

"I love being in the band. It was fun to try to play different pieces of music even if we don't do good at first. Challenging music helped me to be better and to push harder." -**Abigail Hill**

"I really enjoyed getting to be a part of the band. It was fun to learn how to play my instrument, and try to be good. Mr. Gordon is really funny and makes me laugh every day." -**Amy Corbin**

"I have never performed in front of anyone before, and it was very exciting to do that. At the end, everyone stood up and clapped for us." -**Phoebe Grote**

"Getting to learn how to play the the trumpet was very fun. I learned so much in class and practiced very hard." -**Lillian Heath**

VISUAL ARTS

Joseph Belt's piece is awarded with the honor of being the first ever Sara Cooke Laskowski Memorial Award, which was selected out of six different pieces by the Laskowski family. Photo by Amy Fischmer

Here at Shawe Memorial, there are a wide variety of art classes that can be taken, starting from junior high to high school. To graduate, each student must take one year of an art credit. However, whether a student is taking the class just for a credit, or that they are in love with art, an individual is certain to take something from their time with Mrs Fischmer.

This year, Mrs. Fischmer offered two new art classes for high school students- painting and AP Art. She also offered junior high art, 2-D and 3-D art, intro to 2-D and 3-D, photography, and graphic design. Among these classes, students learned take steps to overcome their artistic blocks, and to better their artistic abilities altogether.
-Savannah Apel

EARTH WITH ART IS "EH"

SHAWE MEMORIAL

Every individual who participates in art, is an artist. No matter if you can draw only stick figures, or paint a picasso. It's not the quality of the picture, but rather the inspiration and motivation behind it. When asking **Carson Hambrick** about how art impacts her life she said, "It is a way to express the talent I have, and what I can do with it. It is very relaxing sitting down and destressing with paint and paper."

Mrs Fischmers art classes are known for not being easy, although at the end of the year most

people feel like better artists because of her strict shading, or slipping and scoring rules. **Savannah Apel** stated, "For many people, it seemed surprising to them when I said art was one of my toughest classes, but especially since I was in AP Art this year, I was pushed to a while new level. At the end of the year when I was wrapping up my portfolio, I could dramatically see the progression in my work from the beginning to the end of the year"

ENGINEERING

Keefer Hagan and Jacob Binzer explain their powerpoint during their presentation. Photo by Zack Shepard

Engineering is not just another boring class; it is a fun and hands on experience. Students needed to be ready to listen, learn, and have fun. In this class students would be on the edge of their seats waiting to know the next thing coming.

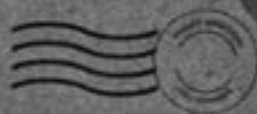

Students had to put their math skills to the test. For their catapult project they had to figure out the correct measurements, and learn how to handle success and failure.

The students in this class had to manage their time to get everything done and turned in on time. One night they stayed at school until almost 10:00 P.M. to work on a catapult. The student also had to use their presentation skills to present to the class they also had to use their safety skills so that they didn't have to make any trips to the hospital. The students had to use teamwork and determine each others strengths and weaknesses.

"Engineering allows students to expand thier learning and to see how it blends thier other subjects together. Engineering is very hands on, and theres something for everyone," said Mrs. lou Ann Center. - ZackShepard

ONE STEP AHEAD

SHAWE MEMORIAL

"I am intrested in engineering as a career, and the classes at Shawe will give me a head start in learning at college and they also help me decide what I am interester in as an engineer."- **Jacob Binzer**

"I do plan on having a career in engineering. I want to be a biochemical engineer and the classes at Shawe put me one step ahead of the game for college."- **Brad Koehler**

"Yes, I want to be a biomédical or enviromental engineer. The engineering class helps me learn the basics and put them to use."- **Justin Stewart**

"yes, I want to have a job in engineering. The engineering class at shawe will help me learn the basics of engineering so that when I take classes in college i'll understand things better and maybe do more classes."- **Emilie Shirley**

"I plan to major in some sort of engineering, but I dont know what it would be yet. The engineering class here at Shawe will help me learn basic information of engineering and by doing will learn what engineers do."- **Joseph Lee**

Danielle Pennington takes a moment to smile at the camera as she prepares for her final.
Photo by Sophie Edens

Kathryn Stuart flips to a new page to complete her English homework in class.
Photo by Sophie Edens

Izabelle Lewis studies her notes intently to be better prepared for her final exam the next day. Students could be found vigilant at work to stay on top of their work.
Photo by Sophie Edens

LANGUAGE ARTS

Language arts is one of the primary classes, every student being required to take an English class every year. It isn't easy, as the English language itself is complicated. With vocabulary to learn and novels to read, students were always kept busy.

Of course, there were some differences this year. **Mrs. Andie Martin** took on both AP English 12 and the English 12 class while **Mrs. LeAnne Adams** took the Honors 9 English class. **Ms. Shelby Gray**, a former-Shawe student, returned to teach the junior high English classes, brightening the schools with her new ideas.

English requires dedication and determination. Each class has its curriculum to complete, and sometimes, students just feel overwhelmed. However, there can be fun times too. AP English 12 students enjoyed the great debates over Frankenstein and creating their own ghost stories while junior high students made their own Hobbit board games.

Overall, students know that their hard work will help them in the future.

- Sophie Edens

Michael Abbott is completely immersed in the class novel he was assigned in Mrs. Martin's class.
Photo by Sophie Edens

TALK ENGLISH TO ME

SHAWE MEMORIAL

"I liked sitting in class listening to Mrs. Adams' jokes. I love them so much!"

- Erin Cooper

"I liked *The Outsiders*. I thought it was an interesting read, and was just an overall good book."

- Owen Laskowski

"AP English is all the name entails - it requires long hours of studying and reading, even when I'd rather be doing something else. I dedicate a lot of

time to making sure I'm on top of homework and ready for the tests. However, I know that all this hard work will be worth it in the end, so that makes it worth the effort."

- Gabby Pawlak

"I really liked *The Hobbit*! I didn't think I'd like it, but it turned out I was wrong. However, it was really long, like 500 pages. It felt like I was reading the Bible!"

- Matthew Williams

Summer Martin is working hard on her math assignment that is due the next day. Photo by Katrena Gobert

Lieg Anne Gaminde is very excited to start working on her math homework. Photo by Katrena Gobert.

Shawe student Patrick Scroggins is writing down his math assignment that is due the next day. Photo by Katrena Gobert

MATH

Math class isn't for everyone and can be very challenging to some students. Math requires someone who can understand and enjoy the different types of math. There are several students at Shawe that love math and then there is many that don't. The teachers really try to encourage there students to do well and to take something from the class.

Math is an important subject to know because it can be very helpful in years after high school and college. The subject can also open doors for jobs and different opportunities. Many of the students at Shawe love the subject and will be going into a occupation that requires math. Knowing how to do certain math skills can be helpful in the future. - *Katrena Gobert*

Mrs. Torline is helping Ethan Gobel understand his Algebra 2 homework. Photo by Katrena Gobert

NUMBERS AND EQUATIONS!

SHAWE-MEMORIAL

"I love how Mr. Vaughn can teach well but is still really funny." - **Logan Lainhart**

"I love how Mrs. Torline makes math class fun and not boring. She always has a funny story to tell that ties in with the math lesson of the day." - **Bryan Avalos**

"Math is my favorite subject in school. I love learning how to do equations and the logic behind it. I also love math because I am good at it." - **Katie Stuart**

Seniors **Allison Payton** and **Michael Abbot** work diligently during class.
photo by Jenny Nigg

Erin Cooper, **Megan Hesse** and **Ellen Frede** have fun watching the pet six monkeys. Students loved to visit the little creatures before class.

Guess who has two thumbs and loves Economic? **Sebastian Livorno** of course!
photo by Carson Hambrick

SOCIAL STUDIES

Learning about the past is important in order to successfully move forward. The world around us is rich with history and information we all should learn and soak in. Thanks to our teachers they open the door to the outside world and the past. Without them we wouldn't know key information about how the world around us was shaped and governed.

Geography, History of Our Nation, US history, and Government classes are truly a favorite among many students. There is something amazing about learning about the outside world that truly captivates students.

Learning about the past inspires many. Battles, conquests, adventures and movements have built up an interesting learning topic. We are history in the making. We are our nations and our world's future.

-Carson Hambrick

Students stand at attention to honor our great country in the morning before class. Social Studies was a great way to start their day.
Photo by Jenny Nigg

HISTORIC QUOTES

SHAWE MEMORIAL

"History tells a story; that is what I love about history. It is like a real life movie that goes on forever. It is more interesting than anything anyone could write. Kingdoms rise and fall, civilizations rebel. It is all so much to take in."

Joel Corrilo

"Languages reflect the country's culture and history. By learning history, I could understand English better. I also have learned many more vocab words!"

Joseph Lee

"Geography was fun and I enjoyed coming to class everyday. The world is pretty interesting."

Joseph Lisle

JOURNALISM

There are many steps in creating a yearbook. All of the students in the journalism class worked really hard on creating a awesome yearbook. The students started with selling ads to get money to help pay for the yearbooks. There were many times where students would get rejections when trying to sell ads but everyone sold many.

After the students sold their ads then they began working on the pages for the yearbook. This required taking pictures, getting quotes, and putting everything onto the page. It took lots of work and time to finish each page of the yearbook but everyone in the class worked hard and got the yearbook finished. Many memories were made in the class and which made the class fun and unforgettable.

-Katrena Gobert

Sophie Edens working hard on her page.

Daniel Valentin, who stars as **Chip**, gives his all while in character, as he signs to the audience. *Photo by Savannah Apel*

THEATRE

Theatre is unlike any other class offered at Shawe Memorial. Not only does it teach you to work together with everyone to create something great, it also enables an individual to find themselves, and the importance of all roles in life.

During the 2015-2016 school year, the theatre department put on two shows: *Harvey*, about a man who has an invisible six-foot rabbit as a best friend, was performed in the fall. The 25th Annual Putnam County Spelling Bee, was the musical featured in the Spring. It included multiple spelling bee contestants who were eager to win the spelling bee. Each and every cast member displayed their unique character, in body and soul.

In the spring Mrs Adams, the theatre teacher, put on her last show as the director. When asked about her year she said, "This was a very memorable and happy year for me as Shawe's theatre teacher and director. I loved both *Harvey* and *The 25th Annual Putnam County Spelling Bee*, two super shows! But most of all, I couldn't have asked for a better group of students to teach and direct- they were smart, fun, and dedicated! I have learned a lot doing theatre for the past three years at Shawe, and have many great memories, and I hope my students have as well."

-Savannah Apel

"Theatre has become a huge part of my life over the years at Shawe, and I'm excited to go into the next level to represent Shawe and become a better actress." -Katelyn Moore
Photo by Savannah Apel

IT'S SHOWTIME! SHAWE MEMORIAL

The theatre class and crew of the 2015/2016 school year all brought something different to the table. When choosing a role for each and every student, the director must take in account for their "uniqueness". Some students had more experience than others in not only the class, but also performing in front of others, but that didn't stop their enthusiasm. **Daniel Valentin**, a senior, was only in theatre this year, but when asked how his first year went he responded, "Theatre was certainly an eye opening experience for me. I learned about how

easy it was to become personally invested in a character. The people I had around me created a really fun, unique atmosphere, and I'll definitely miss it next year." The 2015/2016 school year was one for the books, and definitely ones for the lights, and curtains to rise.

As part of the Red Ribbon Week costume contest, Emma Belt and Julia Ott dress up as their favorite characters from the "suicide squad".

RED RIBBON WEEK

Red Ribbon Week is a week where the students and staff here at Shawe learn many things. We learn all about the harmful things that come along with drugs and alcohol. There was even a speaker named **Sir Rod Patterson** who came and spoke to us, teaching us many things, while making it fun!

Julia Ott says "The performer from Red Ribbon Week was very interesting. He made learning about the dangers of drugs and alcohol fun and entertaining with the Micheal Jackson impersonation. Though the serious parts were brief, they stuck with me because of the personal touch he added about losing his mother to tobacco." -*Kaelyn Willis*

Aaron Peterson, Joseph Belt, and Keefer Hagan won the contest by dressing up as the Sanderson Sisters. Photo by Carson Hambrick

HUGS, NOT DRUGS!

SHAWE MEMORIAL

Maria Rios stated that "During Red Ribbon Week, I learned never to use drugs because if you do, you may end up in a really bad situation, and nobody wants that."

Charity Lowe thinks "Keefer, Joey, and Aaron had the best costumes in the costume contest, because they were funny, made my day, and they all looked really good in red lipstick."

Sophie Edens learned, "I learned about people whose lives were negatively affected by drugs. This strengthened my resolve to stay away from drugs."

Mrs. Leach stated that "I learned that drug use is a serious issue that can only be solved if we educate our students on the dangers of them."

MARCHING BAND

COME SAIL AWAY WITH ME

SHAW E. MEMORIAL

Keifer Hagan rocks it out on the guitar behind his head. The percussion really took the Styx rock-n-roll theme to heart this season. Photo by Brittney Snodgrass

Year two for the marching Band of Gold brought great accomplishments and cemented the ever-growing band family. Their show theme, Styx, brought the audience to their feet and had them singing in the stands. Listening to Mr. Roboto and Come Sail Away united the generations. **Jacob Binzer** reminisced about his favorite memory, saying, "Right when they announced us as first place winners at our first competition, right then was a moment of disbelief, then there was a moment of wild happiness where I believed that anything was possible."

Whereas last year the band was breaking into the world of marching with enthusiasm and cheer, this year was about bringing home the win. Every competition, the band was held in suspense and anticipation to hear them scoring. The Band of gold was proud to present Mr. Gordon numerous trophies for his birthday at the Invitational.

But, as the proverb goes, "All good things must come to an end." The nine band seniors were especially touched as they competed in their final competition. Nevertheless, they played their hearts out and enjoyed the time with their band mates. **Owen Laskowski** said, "I loved making new friends and getting to be part of a band family."

- **Sophie Edens**

McKay Burdette, the 2016 Field Conductor, joins her band on the field for a brief dance during their show. She invited the dance herself, and loved performing with the band on the field.

- Colerain Band Invitational: 2nd place
- Mid States Marching Band Championship: 4th place,
13th place overall

GIRLS GOLF

A YEAR OF SUCCESS

SHAWE MEMORIAL

What an exciting year for the girls golf team. Finally after several years the girls had a complete team of five members. **Danni Penninton** and **Katie Hertz** stepped up to the plate and helped form the team which previously consisted of three juniors: **Carson Hambrick**, **Megg Henslar** and **Gabby Pawlak**.

The girls made history this year, bringing home many victories. A major win for the team was the Conference Championship. They also placed second in the Sectionals and advanced to the Regional Tournament.

Gabby Pawlak a junior says, "Hanging out with my bestfriends was definitely a bonus with playing golf."

Megg Henslar also a junior stated, "Making history for our school was a great feeling. I'm proud of all of us for our accomplishments." Big things to come for our Lady Hilltoppers next season.

-Carson Hambrick

The junior girls, Gabby Pawlak, Megg Henslar and Carson Hambrick stand by their signs to snap a quick pic before departing for Indianapolis to compete in the IHSAA Girls Golf Regionals.

Danni Pennington swings through in celebration of a good shot. She was one of the freshmen who stepped up to the plate to help the girls form a team.

HIGH SCHOOL SOCCER

SECTIONAL WIN!

SHAWE MEMORIAL

Photo by Savannah Apel

The 2015-2016 Shawe High School soccer season was filled with many great memories, from cold early morning summer practices, to crazy bus conversations, or to many exciting wins. If asking one of the seniors, **Sarelia Rios-Garcia**, what her favorite part of the season was she answered, "Winning sectionals and going absolutely crazy with my team was the best part. It hit me that my last soccer season was coming to an end." After the sectional win against Southwestern, both the Shawe fans and players stormed the home field in celebration, making the soccer season an unforgettable one.

JR. HIGH SOCCER

KICKIN' IT! SHAWE MEMORIAL

Right in the goal!!!!
photo by: Sami Legezo

A new year can bring new challenges for any team. This year, the junior high soccer team found that working as a team, and having a lot of dedication could help them through even the hardest challenges.

"We all put in a lot of hard work during practices," said **Will Heitz**. Every player had the chance to put in hard work and improve their skills.

Although the practices were tough, the coaches pushed them to do their best. During games their hardwork paid off. "We tied Madison!" said **Austin Kramer**. As the year came to an end, the whole junior high soccer team had obvious growth and improvement.

CROSS COUNTRY

RUNNERS AT THE READY SHAWE MEMORIAL

Megan Hill and Mackenzie Ott enjoy some time together while supporting their teammates at regionals.
Photo by Sophie Edens

There is so much more to cross country than running; this year's team members could attest to that. Cross country was about hard work, attending practices, and the share love-hate relationship with running.

The runners built an unbreakable bond as they endured rigorous practices, jittery nerves before a meet, the quiet "Good job" as you pass, and sharing animal crackers on the bus. Friendships were built during cross country. They supported each other, congratulating the swift and urging the struggling. But through it all, the cross country team stuck together.

For the first time, Shawe sent their entire boys' team to the IHSAA Sectionals, and three even went on to be Regional Qualifiers! Ethan Goebel said, "Hands down the best part of this season was beating Madison for the 5th spot in sectionals and making history by being the first team in school history to do so. The people at the IHSAA confirmed we had been a part of history." Christopher Grote and Sarelia Garcia were the other two runners to go on to regionals. - Sophie Edens

Christopher Grote has his eyes on the finish line as he sprints down the final stretch of the course. Photo by Sophie Edens

"Running in regional is always a great experience. This year I happened to be the only girl on the team to advance which was a little scary, but I'm glad that I got to end my senior year cross country season with regionals," said Sarelia Rios-Garcia. Photo by Sophie Edens

JUNIOR HIGH CROSS COUNTRY

WORK HARD, RUN EAST! SHAWE MEMORIAL

The Junior High Cross Country team all smiling after their meet.
Photo by Cindy Love

Last year there were very few Junior High students on the team. The team mainly consisted of students from Pope John but the Junior High students did very well. Everyone on the team put forth lots of effort and gave it their all. The team got along even though there were age gaps.

The team was very supportive of each other. Everyone cheered each other on no matter if the person was winning or losing. Cross Country takes lots of work and support from team mates. "My favorite part from Cross Country was getting to improve my time. When I beat my best time that is all that mattered." -Zane Love

Everytime the team goes to their next meet, they all wanted to improve each of their times. When the students beat their best times that is one of the best parts of Cross Country.

SHAW MEMORIAL

A new year brought new challenges for our Lady Toppers. Both JV and Varsity teams reached new heights throughout the season. Getting along and communicating was a key factor in this year's team's success.

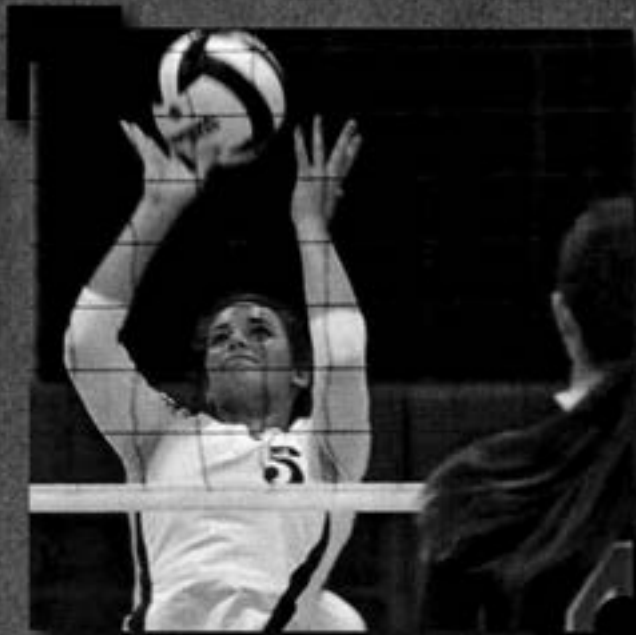

"Coming together as a team and becoming close with everyone was my highlight of the season," **Sam Shaw** a sophomore stated.

Senior **Jenna Armstrong** says, "My senior year playing on this team was special because I got to spend time with my dad, who happened to also be the head coach."

The year was full of triumphs and well deserved wins. The girls all made us proud and had a wonderful season. - **Carson Hambrick**

JUNIOR HIGH VOLLEYBALL

TEAMWORK LEADS TO GREATNESS

SHAWE MEMORIAL

The team gathers around for a quick talk before returning to the game. Photo by Carson Hambrick

Learning to work together is a huge part about being on a team. The junior high volleyball team put lots of hard work and effort into each practice so that they could develop good teamwork. "I loved getting to learn to work together as a team!" said **Destiny Stivers**.

Being on a team can also create new friendships between teammates. Spending time with teammates at practice, and getting to work together brings you a lot closer. "I loved getting to bond with my team!" said **Olivia Kelley**.

Help and support was another important part about being on a team. Whenever the team was down, each player helped to encourage one another. Encouragement often paid off. "Winning was a great feeling!" said **Alexis Skojac**. - **Cayden Hambrick**

GOING SOUTH FOR THE WINTER

SHAWE MEMORIAL

It was a very interesting winter season for teachers and students at Shawe. Many fun and exciting events took place, including Pro-Life March, Homecoming, and of course, basketball games.

Girls Varsity Basketball practiced hard and put a lot of effort into their work. They played as a team and ended the season with a record of 11-14. Boys Varsity Basketball did the same. They started their home season with a special gym dedication ceremony to **Jack Dwyer**. They found that when they are determined to win, and put their mind to it, they can pull it off. They welcomed a new coach, **Phil Kahn**, along with all of his techniques and coaching styles. They ended their season with a 4-20 record. It was a new and exciting season for the 2015-16 cheerleaders as well. They learned new dances and worked hard to be able to pull off difficult stunts.

This year the Shawe homecoming royalty were Princess, **Ellen Frede**; Prince, **Joseph Lee**; Queen, **Sarelia Rios**; and King, **Brad Koehler**. It was a very eventful and memorable winter.

CHRISTMAS DANCE

The 2015 Christmas Dance, arranged by the Fench Club, was a marvelous success to say the least. It was filled with an abundance of dancing, food, fun times, and lots of memories. Songs such as: *The Wobble*, *Cha Cha Slide*, and *The Cupid Shuffle* were played, accompanied with other current popular hits. The dance floor was never empty, and many enjoyed the music. During the slow songs many couples and best friends occupied the floor.

One of the most exciting and intriguing moments during the dance was the crowning of Snow Prince and Princess. The Princess candidates were: **Summer Martin**, **Emma Belt**, and **Leigh Ann Gaminde**. The Prince candidates were: **Logan Lainhart**, **Bryan Avalos**, and **Joseph Lee**. The royalty ended up being **Emma Belt** and **Logan Lainhart**. It was extremely vivid on their faces that they were thrilled, especially upon being crowned with the Santa hats that stated their titles.

Overall, the dance was the perfect way to start everyone's Christmas break and get into the spirit after the stressful week of exams. The dancing and memories will last a lifetime. - **Bailee Brandon**

DREAMING OF A WHITE CHRISTMAS

SHAWE MEMORIAL

"My favorite part of the Christmas dance was getting together with all my friends and having a grand ol' time. My favorite memory was getting Hong Kong before, and having my makeup be fire thanks to **Emma Belt**."

-Katie Hertz

"My favorite part of the Christmas dance was getting to have fun with all my friends, but I took NyQuil before so I was super tired. But, my favorite memory was going out to eat to Harry's before, with **Cameron Rampy**, **Mo Muhammed**, **Sami Legeza**, **Bailee Brandon**, and **Devin Russell**."

HOMECOMING

The homecoming royalty above smiles with great excitement after getting crowned. (above from left to right, Brayden Sedam, Ellen Frede, Sarelia Garcia and Brad Koehler)
Photo by Carson Hambrick

This year's royalty poses for some quick pictures before the homecoming game. What an exciting year for homecoming. Our seniors **Sarelia Garcia** and **Brad Koehler** were crowned king and queen and were well deserved of that title.

Prince and princess was our lovely **Ellen Frede** and our foreign exchange student **Yung-Suk-Lee** or better known as Jo. All went smoothly this year and everyone looked glamorous for the big night.

Jo had a smile from ear to ear once he heard his name being called. "I was so excited my friends voted for me and I will never forget getting crowned prince while in America!"

Homecoming 2016 was one to remember. Everyone had a blast and made many memories. - **Carson Hambrick**

A NIGHT TO REMEMBER

SHAWNEE MEMORIAL

Every year students look forward to the day where they get to see some of their fellow classmates walk out onto the gym floor all dolled up and ready to receive a crown. Homecoming is one of the highlights of the winter season for many. Votes are placed prior to this event and nominees are named over the intercom. Being nominated can be both exciting and nerve wracking. **Ellen Frede** says, "I was both shocked and scared to hear my name being announced!"

Ellen is a sophomore and actually was awarded with princess this year. The look on her face was priceless when she was being crowned.

Two worthy seniors were also crowned for king and queen, **Sarelia Garcia** and **Brad Koehler**. Both looked great and were overjoyed to be named homecoming royalty. Whether you win or lose, being on homecoming court is a great honor and a memory no one will ever forget. - **Carson Hambrick**

GIRLS BASKETBALL

LADY TOPPERS SOAR SHAWNEE MEMORIAL

What a great year for our Lady Toppers. Together they accomplished many great things and bonded together as a team. The ladies brought home many victories and broke a few records along the way.

Claire Higgins, a junior at shawnee broke the schools record for points scored in a game. She blew not only the girls record out of the water but also the boys.

The team was lead by three powerful seniors this year who acted together to make the season great. Fans loved coming to see our girls fight for a victory and hold their heads high when it was achieved. No matter the outcome the ladies remained optimistic.

-Carson Hambrick

Junior **Megg Henslar** aggressively reaches for the ball during a home game. She brings an energetic presence to the floor.

Claire Higgins stands on the line ready to drain a free throw. She broke the school record this year with a 46 point game. She now holds the title for both girls and guys with the most points scored in a single game.

BOYS HIGH SCHOOL BASKETBALL

BALL IS LIFE

SHAW MEMORIAL

While playing New Washington, during the Homecoming game, Patric Bear was set and ready to shoot for a free throw. Photo by Carson Hambrick

As the cold weather begins, so does the basketball season. Here at Shawe Memorial, basketball brings something for everyone. For some, that means early morning practices, sweat drenched workouts, and late night bus rides. For others it means popcorn, and new fan section memories. Either way, everyone is excited as the basketball season arrives, for some reason or another.

The boys highschool basketball 2015-16 season consists of 24 games, and for some, it would be their last few games on the Shawe floor. When asked about his senior year playing basketball, Brad Koehler said, "It seemed surreal. I've been playing basketball my whole high school career, and it was strange seeing it come to end." For some, it was just the beginning of their basketball career in high school, but no matter the case, the 2015-16 boys high-school basketball season was one to remember.

JUNIOR HIGH BOYS BASKETBALL

SHOOT AND SCORE!

SHAW MEMORIAL

Ethan Stewart making a free throw in and gaining his team another point. Photo by Katrena Gobert

The Junior High boys basketball team had a pretty good year. The team didn't win every game but they won many games. All the members of the team worked hard at practice and tried to improve their skills on the court. Everyone on the team gave it their all and that resulted in an overall good season.

Hard work and teamwork can get you far in basketball. The members of the Junior High team all work very hard to help themselves improve and do well in the future. The 8th graders will be playing in High School basketball next year and all the work they put into Junior High will pay off when they play in High School. **Parker Wilson** said "I am excited to play basketball in High School and I hope that I improve and do well in High School." Dedication can get you far in a sport you love. - **Katrena Gobert**

CHEERLEADING

TRAVELING TO NEW HEIGHTS

SHAW MEMORIAL

Devin Russell reaches high as she practices her stunt before the game begins.

This year's cheerleading squad was full of fun, enthusiastic and hardworking students that loved to help pump up the crowd. Being a part of the cheer squad often created new and close friendships. Teamwork and trust are huge parts about cheer. "Teamwork makes the dream work!" said **Izzy Lewis**.

The cheerleaders had practice throughout the week and even on some weekends to ensure that their stunts and cheers were perfect so that they could keep the student section excited and involved. Led by coaches Beacca Sims and Cassandra Bear the cheerleaders had the opportunity to learn many new and exciting stunts. "Practice was most enjoyable when we were practicing our stunting," said **Kaelyn Willis**.

Overall the cheerleaders had a great season filled with both hardwork and fun. "The spirit our squad had was incredible! Everyone worked so hard," said **Leigh Anne Gaminde**.

Izzy Lewis and Cayden Hambrick stop for a quick picture before the game begins.

PRO LIFE MARCH

Freezin for a reason. This years Pro Life March was one for the books. History and memories were made. Rumors of a huge blizzard threatened this years trip but that didn't stop our pro lifers from braving the journey to Washington DC.

Those rumors become abundantly true when the blizzard Jonas hit. Our marchers were stuck in the nations capital for two extra days due to the numerous feet of snow. Students had a lot of free time on there hands and actually got to roam the deserted snow covered streets in search of some pass time fun. The hotel became home and every night brought new fun and adventures for the marchers.

The march went right as planned, with or without the snow. Front row seats to the rally was also a first for the group. Hot Hands and layers upon layers kept them warm in the frigid cold. That did not put a damper on anyones spirit though.

No one will ever forget the 2016 Pro life March. It will be the march that generations talk about forever and we were all blessed to be apart of it. - **Carson Hambrick**

Sebastian Livornio has a fantastic time playing in the snow piles along the streets of Washington, D.C. Photo by Sophie Edens

MARCHER QUOTES

SHAWE MEMORIAL

"It was amazing to see how many people who were all passionate about life come to the March, even in the midst of a monster blizzard. I loved every second of it, and I plan on returning next year."

- **Mackenzie Lewis**

"I love knowing that I attended an event that changed many hearts. It definitely made a huge impact on my life. My favorite memory from the whole trip was experiencing the two feet of

snow and walking around Washing DC, seeing the roads completely covered with snow and ice. I've never seen so much snow in my life!"

- **Audrey Kinne**

"The Pro-Life March was an eye opening experience and it really made me even stronger in my belief that all life has meaning."

- **Patrick Bear**

RETREATS

Mackenzie Ott, Claire Higgins, and Lauren Cielinski all try to "hang around" while on their retreat.

Photo by: Chemago Dramer

The 2016 freshmen, sophomore, junior, and senior retreats were a wonderful success this year. It was the beginning of the beautiful journey the freshmen will embark on to become closer to their classmates over the next three years and the end of a remarkable one for the seniors.

The memories, amazing food, and everlasting friendships made at Agape are unforgettable. The seniors, however, experienced their last retreat at the Indiana University campus, where their memories will forever be untimely as well. The opportunity to be able to spend the night with all your classmates and become more rich mentally and spiritually is an one in a life time chance. Here at Shawe Memorial Junior Senior Highschool we are blessed to be given this opportunity.

-Bailee Brandon

TIME WITH FRIENDS!!

SHAWE MEMORIAL

Sami Legeza stated "It was the freshmen retreat, so it was new and exciting for all of us. I'm just glad that I got to experience the feeling with my freshmen friends."

Katrena Gobert says "On sophomore retreat, my class got closer and it was great!"

Savannah Apel exclaimed "Junior

retreat was by far my favorite retreat so far, and I think my class grew closer in just the short two nights that we spent together."

Sophie Edens says "Senior retreat was fabulous. There were so many funny moments in between the hardcore crying and emotional times. I wouldn't change a thing"

CATHOLIC SCHOOLS WEEK

Catholic Schools Week is celebrated by Catholic Schools all over the United States by faculty, staff, and students. Everyone in the school looks forward to this week during the school year.

There are many themed days during the week. One of the themed days was green and gold day. Every student looked forward to this because they got to show off their school spirit. This was a day where it didn't matter how you looked as long as you wear lots of green and gold. Another day that students looked forward to was bingo day. Students get really excited for this day because they can't wait to win a prize.

One of the most memorable parts of the week was getting to spend time with Pope John's. Every student at Shawe got paired up with a student at Pope John. They did an activity and eat lunch together.

This year students decorated teachers' doors with shamrocks. Each student wrote a shamrock to the teachers that they had for every class period throughout the day. This showed appreciation to teachers and thanked them for all that they do. - **Kristen Snodgrass and Kaelyn Willis**

All the faith families participated in the prayer walk, including the St. Joseph family. Mrs. Shafer-Cambren read a prayer aloud to her family, as they listened. Photo by Kaelyn Willis

CELEBRATING OUR FAITH

SHAWE MEMORIAL

"I'm so glad that I had the opportunity to write a note to each of my teachers and tell them how thankful I am for all of their hard work."

-Katie Hertz

"I loved the prayer walk. It was a great way for us to get to spend time with our faith families."

-Ryan Storm

"I loved playing bingo especially when I won a sparkly hat."

-Emma Belt

"Catholic Schools week was very fun and taught me how a lot about my relationship with Christ."

-Bryan Avalos

"I really enjoyed getting to spend time with my Pope John buddy. We really had a great time with each other and I can't wait till next year."

-Joseph Lisle

NATIONAL HONOR SOCIETY

National Honor Society has been around for years. A student-based and student-run group, the Shawe students put on numerous events throughout the year. From the epic Lip Sync Battle at the end of the year, or the Mugs of Love fundraiser before Christmas, the students loved helping the community and creating fun opportunities for their classmates.

The Polar Pop fundraiser seemed to be an exceptionally prominent fundraiser this year. For a few dollars, students could order and drink their soda of choice leisurely throughout the day in class. Polar Express Night was another event procured by the National Honor society, catering cups of hot chocolate and buttery popcorn while parents and children alike enjoyed the popular movie, *The Polar Express*.

However, being part of National Honor society doesn't mean it's all fun and games. Serious hard work must go into maintaining membership. Keeping up your grades and being active in meetings as well as events means that members are constantly busy. But as many say, it is completely worth it.

- Sophie Edens

Ms. Jennifer Nigg pauses for a moment in her car to take a selfie with the polar pops for a National Honor Society fundraiser.

WELCOME ABOARD THE NHS!

SHAWE MEMORIAL

"I'm excited to have the opportunity to organize fun events for my school and help my community. I look forward to my time in NHS in future years!"

- Megan Hesse

"My favorite event was the Polar Pop fundraiser. I got to have my polar pop with me during the day for a few bucks. That's pretty sweet if you ask me."

- Sebastian Livorno

"My favorite National Honor Society event was the Lip Sync Battles. I loved being a host with Claire and telling knock-kock jokes throughout the performance. It was fun organizing the event and then watching how it turned out."

- Shannon Fry

SPRING DIVISION

SHAW MEMORIAL

The spring season here at Shawe is filled with lots of fun, excitement, and stress. As the school year is coming close to an end and everyone starts counting down the days, we all become more and more prepared for summer.

Maria Rios says "I am going to miss being a freshman, but not as much as I am going to like being another year closer to becoming a senior."

Lily Boone stated "As the weather gets nicer, I can start getting more excited for summer!"

Almost all of the students here at Shawe are ready to be done for the school year, but once we are, we start to miss it.

"Thank goodness the school year is almost over." Stated **Sami Igeza**.

"IT'S BASEBALL SEASON!" exclaimed **Bailee Brandon**.

STUDENT COUNCIL

The Student Council comes together for a picture before ending a very successful school year.
Photo by Zack Shepard

Student Council schedules many fun activities for the school to do. Student Council is in charge of Red Ribbon Week, the blood drives, Shawe Games, homecoming, diversity week, and much more. They are always willing to step up and do whatever is needed for the school.

There are two representatives from each class that join the student council. Each representative gets to express their opinion of what goes on and all the fun activities. It is a privilege to get nominated to be on the student council.

The student council has meetings every week during lunch in Mrs. Hookey's room. They come together to discuss ideas and to plan fun activities. **Skip Maas** was the president this year and did a lot for the school. He was always willing to do anything.

Mrs. Hookey was in charge of the student council. She was always willing to help us and give us suggestions. She let the student council use her room every week to have the meeting.

-Kristen Snodgrass

RULING WITH AN IRON FIST.

SHAWE MEMORIAL

"I loved being president this year. It was so fun and I'm going to miss being on the student council next year." -**Skip Maas**

"It was so fun being on student council. It was so exciting to be nominated by my classmates." -**Erin Cooper**

"It was fun to be a part of student council and get to discuss ideas of what to do." -**Bryan Avalos**

"Student Council is a great way to express you feeling about what goes on at Shawe. I loved being a part of it." -**Chandler Cole**

"Student Council was very fun even though I got yelled at by Skip a lot for not remembering to do things." -**Shannon Fry**

SPRING FLING

Seniors Michael Abbott, Ava Lohrig, Skip Maas, and McKay Burdette pose for the camera in the midst of hardcore dancing fun.
Photo by Sophie Edens

Sometimes, students get a little fed up with all the homework and tests they take in class. So, to relieve some of the energy and give them an opportunity of fun and to raise money for the French trip, the French students put on their annual spring fling dance.

The Beachin' It theme was a great hit this year with the student body! Some came in flowy dresses, while others like **Brittany Durham** and **Skip Maas** came in their homemade versions of an octopus and a jellyfish. Even the teachers dressed up and joined in the fun this year.

Being only a month before prom, sometimes students forgo attending the spring fling. However, the students had a fun time eating dinner and dancing with friends. Some kept the party going, sleeping over at houses for movies and snacks.

- Sophie Edens

FLING INTO SPRING

SHAWE MEMORIAL

"Spring fling was fun! I enjoyed dancing like a maniac. But I did not enjoy taking an awful photo of me."

- **Katrena Gobert**

"I found spring fling to be a rather fun evening, aside from the blistering heat, it was a good night."

- **Keefer Hagan**

"Despite the heat, spring fling was pretty cool."

- **Cameron Rampy**

The group that went on the 2016 Shawe Spain Trip sit down to enjoy a nice meal together.

Megam Hill stands in front of the tiles on the wall at the Alhambra Palace in Granada, Spain.

Jesse Fitton, McKay Burdette, and Megan Hill pose for a picture.

SPAIN TRIP

This spring break, a small group of spanish students took a whirlwind tour around Spain. We started in Madrid, the Capitol of Spain, and explored some of the small southern towns with thier Mourish remains, finally ending in the big city of Barcelona. They got a taste of everyday Spanish life and got to see basically all of its sights.

Personally my favoite part was the Alhambra. This was an old palace and fortress just outside Granada. It was huge, and the decorations were amazing, it was definitely something you dont see in America. I think as a whole the favorite part of the group may have been seeing the sights and testing the food. We all enjoyed taking a break from our everyday American lives to get a taste of Spain and all that it has to offer. - **McKay Burdette**

Jesse Fitton, Mckay Burdette, and Megan Hill sit for a picture with the wonderful city behind them.

MEMORIAS!

SHAWE MEMORIAL

Shawe students spend many years studying spanish and working hard to be able to go on this trip. It is a life changing opportunity to be able to go to another country and experience what it is like to not only speak the language but to live the culture as well. Students are very thankful for the opportunity to be able to do this because its not a chance you get all the time.

There are many things to be thankful for at Shawe, and this is one of them. A lot of schools take trips to other countries but not many schools go with such a small group. This makes for a hands on learning experience with a small group. The Shawe Spanish trip from this year had a wonderful trip and thankfully everything went okay. Thank you to everyone who make these trips possible! - **Sami Legeza**

DC TRIP

The 8th grade class takes a moment to get together and take a group photo. Photo by Shelby Gray

Each year, the 8th grade has the opportunity to travel as a class to Washington D.C. This year, the 8th grade even had the chance to fly on an airplane to D.C. Travelling to D.C. is always a highly anticipated trip, and when it was finally time to depart from Shawe, The 8th grade class was more than excited!

When they arrived in D.C. it was soon clear that there was so much to see and do. Thanks to the help of Patty Grote and Miss Gray, the 8th grade had a schedule packed full of fun activities and sights to see. There was never a dull moment!

As their time in D.C. came to an end, none of the 8th grade class wanted to leave. They all had so much fun and were super thankful that they had the opportunity to take such an awesome trip.

EXPLORING THE CAPITOL

SHAWE MEMORIAL

"Even though there was a ton of walking, my favorite part was all the sight seeing we did. D.C. was so beautiful" -**Olivia Kelley**

"Getting to play kickball in front of the Washington monument was so cool!" -**Ethan Stewart**

"My favorite part about going to D.C. was seeing the tomb of the unknown soldier. It was so interesting!" -**Nate Pawlack**

"I loved getting to go to D.C. with all my friends. We had such a great time!" -**Alexis Scojac**

"Getting to fly on an airplane was both super scary and super exciting. I'm super glad we got the chance to fly there instead of riding a bus." -**Destiny Stivers**

"Going to D.C. was just an overall great experience! I'm so glad I got to go!" -**Carson Denton**

PROM

The Prom court of 2016 included, **Gabby Pawlak** as princess, **Aaron Peterson**, as prince, **Jesse Fitton**, as king, and **Yesenia Rabanales**, as queen.

One of the many excitements about spring, is knowing that Prom is right around the corner. Every year, girls spend hours of time picking out dresses, and planning their hairstyles. The anticipation of how to properly ask your date, and to look just how you want is the conversation of the lunch tables a few months before the event even happens.

Much like high schools all across the nation, Shawe's prom is one of the biggest events to plan and look forward to each year. The 2016 prom committee, which was made up of much of the junior class, was sponsored by Mrs. Bonnie Wentworth. After a long time of coming up with different themes for the event, the committee decided on a Beauty and the Beast theme. The event was held at the Livery Stables, downtown Madison. The tables were decorated with enchanting old books and roses. The venue had a photo booth, where many students took silly pictures with their friends, to remember the memorable night, and all that came with it. *-Savannah Apel*

TALE AS OLD AS TIME

SHAWE MEMORIAL

Whenever you ask a Shawe graduate what were some of their most memorable experiences during their time in high school, they would most likely mention prom. Although the themes, dresses, and guests change every year there is always something to be said about that special night. However, the 2016 Shawe Memorial Prom was truly an enchanting one.

As the night progressed, the prom court was announced. **Gabby Pawlak**, who was crowned princess said, "It was a really cool experience being crowned, and one I'll always remember. I was extremely surprised that I was a nominee, and especially on the final court. It was an honor from my Shawe family." *-Savannah Apel*

ACADEMIC SUPER BOWL/SPELL BOWL

Academic studies are a guaranteed part of school - students attend school to receive their education. However, academic super bowl provides the Shawe student body with an opportunity to further their knowledge.

This year's theme was "Indiana." While some students were not enthused about the choice of topic, they were still determined to learn all they could. The science team got the chance to talk to Larry Williams about airplanes and drag. The math team excelled in their rounds. The English team worked hard to learn their literary terms while the fine arts team studied their artists.

However, there are other opportunities. This was Mrs. Christine Stormer's second year as the Spell Bowl coach, and her team brought home the wins left and right. Learning over 3,000 words was no easy feat, but the team studied hard and work hard to achieve their goal of winning the regionals and going to state.

- Sophie Edens

INDIANA, OH INDIANA!

SHAWE MEMORIAL

"Learning new things is always fun, but I really liked the snacks."

- Yongseok Lee

"I'm extremely proud of my fine arts team this year. We won one invitational! Even if we came up short in regionals, I was pleased with our win at Jac-Cen-Del."

- Mr. William Gordon

"I'm very, very proud that in the two years I've done Spell Bowl, we've been able to win our last two regional competitions and to qualify for state competition. It's incredible what we've been able to accomplish, and I couldn't be prouder of the amazing accomplishments of my team. I'm really hoping for our third victory in a row, and I'm even more hopeful to fill the hole in our team left by the graduating seniors."

- Mrs. Christine Stormer

BASEBALL

BATTER UP! SHAWE MEMORIAL

The Koehler family on senior night.

photo by Sami Legeza

This years JV and Varsity Baseball teams have been faced with many tough obstacles. Whether it be injuries or field conditions it seems like the team could never catch a break. The weather this spring was very sporadic and you never knew what you were going to get when you go out to a game, which made thier schedules very hectic.

The team learned that working together makes pulling out a win much easier. Coming together as a whole and acting as a team really makes a big difference.

The teams had their ups and downs but at the end of the day the players all learned what they needed to. They all worked hard and never gave up and in the end that was one of the most important accomplishments that they had.

VARSITY GIRLS SOFTBALL

HOMEGIRLS & HOMERUNS

SHAWNEE MEMORIAL

EmaLee Copeland waits on a pitch to swing at during one of the softball games. She was the first softball player in at least five years to hit a homerun. Photo by Britney Snodgrass

The softball team did a really good job this year. They tried their hardest even if they didn't always come out on top. Tim Torrence was their coach and worked very hard to make sure that the team was always improving and trying their hardest.

Even though they did not win sectionals, there were still many good things that happened to the team this year. EmaLee Copeland hit the first home run of the season, and later on Maddie Waller hit one as well. The team was also the champion of the Danville Tournament. The team did a very good job this year and should be very proud.

The five captains, EmaLee Copeland, Maddie Waller, Shannon Fry, Katelyn Moore, and Allison Payton, all lead the team this year. They were very good leaders and everyone on the team looked up to them. They will be missed next year.

Brooklyn Koehler tries to tag a player out at home, and waits to see if she is out or not.

VARSITY TRACK AND FIELD MEMORIAL

BE FAST, OR BE LAST
SHAWEE MEMORIAL

Senior Sarelia Rios and Lily Boone throw up a peace sign while trying their best to keep warm. Runners had to endure rain, sleet and freezing weather this season but they all hung in there together through it all. photo by Lily Boone

It takes a lot of heart and strength to be apart of this sport. All of the members of this years season had what it takes to make a great team. The year was full of numerous memories, to many to fit on just one page. Although the athletes would come to school sore and tired, they knew they had accomplished something great. "Our limits were always being pushed because coach knew we could do better." **Izzy Lewis**

"Everyday coach Datillo would say its a great day to run, no matter if it was 30 degrees or pouring outside" senior **Sarelia Rios** stated. Sarelia plans to further her talent by running at Indiana Tech University.

Track was no joke to the coaches. They pushed their athletes extremely hard. Work outs were strict and long. But through all of the hard work their was time for play. Team memebers would always tease and joke around to ease nerves or keep things fun. It was a great year for Shawee's Varsity track team.

-Carson Hambrick

Junior Christopher Grote and sophomore Ethan Gobel, push it hard during their event. The relay team broke many records in Shawe history and even advanced to Regionals. Hard work payed off. photo by David Campbell

Freshmen Izzy Lewis and Leon Kinne snap a quick picture before competing. Nerves would tend to rise before a meet so the athletes would rely on eachother to keep everyone calm. photo by Izzy Lewis

QUICK QUOTES

"It feels good to know we all had eachother's backs and we all encouraged eachother, the reward was advancing to regionals."

Christopher Grote

"My favorite part of the year was jumping into Johnson Lake when we were supposed to be practicing, but my least favorite was running in water and mud everyday. We were practically a swim team."

Leon Kinne

"Our entire team was like its own little family. That's what separates us from other teams. We have eachothers back no matter what. It makes my heart happy. I am so blessed to have gotten to be apart of this team for my last and final season here at Shawe."

Sareliá Rios

BOYS GOLF

MAY THE COURSE BE WITH YOU

SHAW MEMORIAL

Joel Estes is seen, as he says, "putting through life... and on the course." -Photo by Savannah Apel

Golf is a sport unlike any other. Even though, it's not a physical sport, it is definitely one that tests you mentally. Knowing where to perfectly drive the ball to, takes great concentration, and perception of the course. Knowing how your body moves, is also another large factor of a great golfer. Form, also plays a huge part in how you perform as an individual. Altogether, these factors test the limits of a person, and their love for the sport.

The 2016 boys golf season, introduced a new player into their team. **Yongseok Lee**, who was timid to play stated that his experience and season "Was challenging, but it gave me many great memories with my friends."

TENNIS

SECTIONAL CAMPS!

SHAWE MEMORIAL

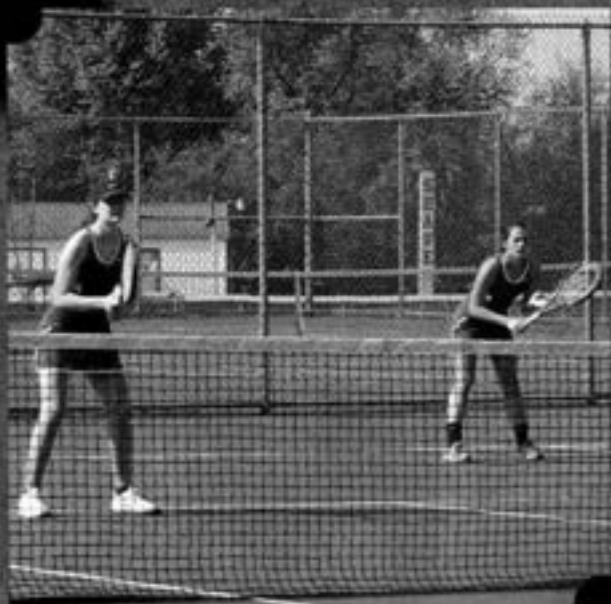

The High School girls tennis team posing for a picture after winning sectionals.
photo by Rena Caldwell

The girls tennis team had an amazing season last year. The season included many wins and only two losses. The season even included a sectional win which was the highlight of the season. Every single person on the team work hard to improve their personal tennis skills. Winning sectionals was a big acheivement for the tennis team and for Shawe history.

The players on the team were always ready to play at each match. Even though many matches and practices were rained out, the team had a great season. Shawe had lots of talented girls on the tennis team last year which helped with a winning season.

SHAWE GAMES

Kelly Hesse poses for a picture after a long day of shawe games.
Photo by: Kariyn Willis

Shawe games is an annual event here at Shawe Memorial. For all the students here, it is an enjoyable, fun end to the school year.

For seniors, it is nothing new to be competitive towards the other grades and teachers, but for seventh graders, it is a new thing, but everyone caught on fairly quickly.

Everyone wanted to at least beat the grades below them and the teachers. Sometimes we manage to beat who we want to, but other times not so much.

Page by: Kaelyn Willis

MAY THE ODDS BE EVER IN YOUR FAVOR

SHAWE MEMORIAL

Katie Hertz stated " I don't really care who we beat, as long as we beat the eighth and seventh graders."

Nick Center exclaimed " The seventh graders will dominate!"

Makayla Christian said "This is our first shawe games as a high school class, so we better step up our game."

Izzy Lewis said " Wait, what are we even doing for our walk out? We need to plan this stuff better."

Dr. Hamilton said to the freshman class " I like your guys' shirts, they're really neat."

Class president, **Bailey Wolf**, and **Kylee Ashbury**, look at one another with relief when graduation speaker **Chris Hill** states that "you don't have to have your future planned out now."

CLASS OF 2016

Samie Tilley, Michael Abbott, and Allison Payton, laugh at a memory shared by Bailey Wolf, in her final speech, to her graduating classmates. Photo by Savannah Apel

With each passing year, another class graduates from their high school careers. All over the world, young adults complete a chapter of their lives, and begin a new one. When the year wraps up, each individual must leave their well known environments, friends, family, and faculty members, and be introduced to new ones. However, the memories and bonds made here at Shawe Memorial, will never be forgotten.

Among the graduation ceremony, there are speakers, who send the class off with words of wisdom, and musicians who bring excitement with *Pomp and Circumstance*, and emotions with farewell performances. Along with the playing of Shawe's Band of Gold, Ms. Gray, sang a farewell song to the graduating class. She stated, "It is really amazing to see how close this class is- some of them have been together since pre-school. Shawe really is a special place that fosters a family-like atmosphere that those who are graduating will carry with them always." -Savannah Apel

FRIENDS FOREVER

SHAWE MEMORIAL

Class of 2016's senior theme was based off the well known series *Friends*. Throughout the year, the class designed their senior shirts, class picture, and even final prom song all from this sitcom. During the graduation ceremony, class president, Bailey Wolf, spoke of how each part of their lives together were much like season's of a show, and how with every season they spent together, they grew as individuals, and within their relationships as friends.

Much like characters of a show, all twenty-seven students graduating, brought something unique and

memorable to their time here at Shawe. Even though each individual joked about a certain characteristic or habit another had, not just one thing described that individual, or even the class of 2016. Together this class would always leave their mark here at Shawe, and on each other, not just as fellow graduates, but as friends. -Savannah Apel

ADVERTISING DIVISION
SHAWE MEMORIAL

Since 1952, the Shawe Memorial Junior Senior High School Yearbook, *Connoisseur* has captured an abundance of memories and events throughout the years. With advancements to technology many schools have lost their yearbook, however here at Shawe Memorial we are blessed to be able to produce one each year, all thanks to advertising. Advertising makes up a great amount of money that is utilized in purchasing and printing the yearbook. Without advertisements the cost of the yearbook would be too costly to afford, and therefore memories would be lost.

All of the ads within the yearbook were purchased by local stores and businesses. Their support means a great deal to the yearbook staff and students, as it is what's keeping memories alive in the Prince of Peace Community.

Maddie Waller,

In all of your 18 years we have loved you more than words will ever express. We are proud to be your parents. We wish you a joyous and happy life filled with love, friendships, and adventures. There is a huge amazing world out there - enjoy it!

Love,

Mom & Dad

Grayson~

A few words to take with you as you enter the next chapter of your life....

"Have the courage to follow your heart and intuition. They somehow know what you truly want to become." Steve Jobs

"The greatest danger for most of us is not that our aim is too high and we miss it, but that it is too low and we reach it." Michelangelo

Congratulations Grayson! We are so very proud of your accomplishments and look forward to more. You have a great future ahead and we will always be there to support you. "In the end, it's not the years in your life that count, it's the life in your years." Abraham Lincoln

We love you-Dad, Mom and Taylor

Brad, you have always been such a fun, energetic and adventurous kid and somehow always managed to end up with bumps, bruises and lots of ER visits! We were truly blessed to have you as our son! We are so proud of you and the young man you have become! You are so sweet and kind to all those around you and we pray you are blessed with that same kindness given back to you! May God continue to bless and may you always lean on Him for guidance and wisdom! We know you will have many adventures ahead and we pray you live out God's will and plan He has for your life! We love you very much! Light up your World, Go Conquer and leave your Mark!

Love,

Dad, Mom and Bailee

It seems like yesterday that we were dropping you off at preschool. We can't believe how the years have flown by. You have worked hard in school and have had much success. You set a goal for yourself and have achieved it. We are so proud of you! Wishing you much happiness in the next stage of your life.

Love,
Mom, Dad, Andrew, Cassandra, Jordan and Ruby

'All our dreams can come true if we have the courage to pursue them.' - Walt Disney

McKay,
We can't wait to see all you will accomplish!
We are so very proud of you!"

Love,
Mom and Dad

COLOPHON

Ten dedicated students comprised the 2015 Connoisseur staff: senior editor, **Sophie Edens**, juniors **Savannah Apel** and **Carson Hambrick**, sophomore **Katrena Gobert**, freshmen, **Bailee Brandon**, **Cayden Hambrick**, **Samantha Legeza**, **Kristen Snodgrass**, and **Kaelyn Willis**, and junior high students **Walker Kennet** and **Zack Shepherd**. QuarkXpress and Adobe Photoshop were the programs used on four Apple Macintosh computers. Interstate studios took student photos. Digital Printing, Inc. printed the book for the seventeenth year, with **George Jackson**, **Katie Adams**, and **Janet Degler** coming to the aid of the advisor, **Shelby Gray**.
